Cowboy Politics John S. Nelson, 2017-11-01 The politics of popular westerns are surprising in substance and significance especially of late *Cowboy Politics* shows how westerns in literature cinema and television face the challenges of Western Civilization even more than the perils of American frontiers Its strategy is to compare key westerns with major theories of modern and postmodern politics So it analyzes novels from Owen Wister to Zane Grey and Larry McMurtry It focuses on films from the western revival beginning in the 1990s and featuring Clint Eastwood's *Unforgiven* while its interest in TV stretches from singing cowboys and *Gunsmoke* to David Milch's *Deadwood* Critics are apt to find in westerns the modern politics of Thomas Hobbes and John Locke They tap devices of individuality rationality contract sovereign enforcement and representation to overcome the chaotic violence of a wild zone *Cowboy Politics* examines how westerns often find such measures insufficient to tame the West as a culture of honor and anger that deteriorates into feudal vengeance Instead westerns see the West as the sunset land that is already growing old and moving on So westerns seek fresh starts informed by comparing civilizations more than demonizing savages Westerns worry that modern politics devolve into exploitation oppression spectacle and terror So they pursue supplements in such postmodern politics as republicanism perfectionism populism feminism and environmentalism Especially westerns explore politics of persuasive speech in action in public doing beauty and self reliance in the modes of Hannah Arendt and Ralph Waldo

Emerson The first two chapters of Cowboy Politics explain how westerns do political theory for popular audiences by making many of our myths the symbolic stories of individuals and communities which we live daily The next three chapters trace the initially modern theories of government in many westerns Then western turns to republican honor rhetoric response ability and character tracking occupy the following four chapters And these set the stage for another four chapters on western attention to postmodern terror mythmaking celebrity spectacle and forgiveness The final two chapters analyze how late satirical and transformative westerns develop realist defenses for their surprisingly postmodern politics The Skyscraper that Flew and Other Stories Jesús Salvador Treviño, 2005-09-30 Arroyo Grande is an ordinary town where unusual things sometimes happen Choo Choo Torres tells his friends Indeed this little West Texas town proves to be a place where unusual things often happen From an enormous crystal skyscraper that mysteriously appears in the middle of the Arroyo Grande Sluggers baseball field a midnight media shower that inspires a pachanga complete with music and concessions in an abandoned parking lot a sudden shift in the whole town's circadian rhythms keeping everyone up at night and asleep during the day a repair shop in town that boasts We Fix Anything in the window and even extends the offer to broken hearts this collection of short stories brims with offbeat events In this the sequel to The Fabulous Sinkhole and Other Stories Jesús Salvador Treviño once again populates his hamlet with a lively community There's Chicas Patas a zoot suited newcomer who speaks a 1940s era slang Yoli Mendez a spunky teen who steals the show by performing quadratic equations in her head Ed Carillo and Mayor Al Snyder local politicians who seize every opportunity to campaign and a bevy of other interesting and unique citizens of Arroyo Grande **Who is My Neighbour?** Edited by Richard Carter, 2018-02-15 Following Britain's decision to leave the European Union and with increasing division xenophobia and confusion over future national and international relationships this thought and action provoking book considers the crucial question Who is my Neighbour What does the Christian injunction to love your neighbour as yourself actually mean in practice today Contributions by renowned theologians and practitioners reflect on this subject in relation to issues of poverty ecology immigration fear and discrimination and the recent political upheavals both in Europe and the USA **The Cowboy Way** Robert J. Higgs, Ralph L. Turner, 1999-10-30 Analyzing a sample of 25 films including such notables as Red River Shane Unforgiven The Wild Bunch Wyatt Earp and Dances with Wolves this work examines traditional leadership theories as reflected in the western film genre The western vividly portrays a variety of leadership styles motifs and characteristics giving perspective on several traditional leadership theories The different leadership styles the films exhibit are categorized and described through content analysis Some of the concepts and underlying theories and styles reveal a universal quality about leadership that transcends theoretical research As a cultural study that traces the relative popularity of leadership styles this work provides new insight toward studying leadership effectiveness Through the lens of leadership theory this unique look at the western films from 1945 to 1995 and the American culture they depict will appeal not only to leadership film and popular culture scholars but to

leaders in business government and the military Chapters group films by their similar depiction of leadership styles Within each chapter the films are separately described then each is explored within the context of leadership theory Films prior to 1980 are included on the basis of their critical or commercial success while films after 1980 are included on the basis of their box office success or their individual portrayals of gender or cultural leadership **A Fistful of Icons** Sue
