THE MAN WITH THE MIRACULOUS HANDS

*The Fantastic Story of
Felix Kersten, Himmler's
Private Doctor*

JOSEPH KESSEL

Man With The Miraculous Hands Kersten

Roger Manvell, Heinrich Fraenkel

Man With The Miraculous Hands Kersten:

The Man With The Miraculous Hands Joseph Kessel, 2015-11-06 Felix Kersten physician to the high demon of the Third Reich Heinrich Himmler could alleviate Himmler's severe stomach pains with his hands using massage and manipulation. In return Kersten bargained with Himmler to order the release of innocent prisoners condemned to die. It is an amazing story of the good natured little fat man who looked like a cross between a Flemish burgomaster and a Buddha of the West studied the higher curative powers of massage under a lama doctor Ko and applied them to Himmler whose excruciating stomach aches were only relieved by Kersten's therapy. During the five years to come Kersten attended Himmler but was an alien by birth and sympathies among his entourage with the one exception of Himmler's private secretary who collaborated with him in drawing up the lists of doomed men. Jehovah's Witnesses, Jews, concentration camp victims of all nationalities. At the close Kersten was jockeying with Himmler and when persuasion failed withholding treatment to try and secure mass scale liberation of victims first through Sweden then Switzerland. Kersten is fascinating to follow through his circumspect ambivalent career even though there may be points in question at its close. **KIRKUS Review** **Pain's Healing Secret** Michael Turk, 2001 If the ancient Chinese are correct and pain is injured Qi that changes everything including the way Westerners evaluate and treat pain. If pain is our life force working to heal injuries and infections then suppressing pain will have tragic consequences such as chronic debilitating pain and disease. Now is the time for a reevaluation of how we treat pain by learning more about energy. *The Collaborators* Ian Buruma, 2023-03-07 Ian Buruma's spellbinding account of three near mythic figures a Dutch fixer a Manchu princess and Himmler's masseur who may have been con artists and collaborators under Japanese and German rule or true heroes or something in between. On the face of it the three characters in this book seem to have little in common aside from the fact that each committed wartime acts that led some to see them as national heroes and others as villains. All three were mythmakers larger than life storytellers for whom the truth was beside the point. Felix Kersten was a plump Finnish pleasure seeker who became Heinrich Himmler's indispensable personal masseur. Himmler calling him his magic Buddha. Kersten presented himself after the war as a resistance hero who convinced Himmler to save countless people from mass murder. Kawashima Yoshiko a gender fluid Manchu princess spied for the Japanese secret police in China and was mythologized by the Japanese as a heroic combination of Mata Hari and Joan of Arc. Friedrich Weinreb was a Hasidic Jew in Holland who took large amounts of money from fellow Jews in an imaginary scheme to save them from deportation while in fact betraying some of them to the German secret police. Sentenced after the war as a con artist he was regarded by supporters as the Dutch Dreyfus. All three figures have been vilified and mythologized out of a never ending need. Ian Buruma argues to see history and particularly war and above all World War II as a neat story of angels and devils. *The Collaborators* is a fascinating reconstruction of what in fact we can know about these incredible figures and what will always remain out of reach. What emerges is all the more mesmerizing for being painted in chiaroscuro.

In times of life and death stakes the truth quickly gets buried under lies and self deception Now when demagogues abroad and at home are assaulting the truth once more the stories of the collaborators and their lessons are indispensable A Death in Jerusalem Kati Marton,2011-11-23 On the evening of September 17 1948 a car carrying Count Folke Bernadotte the first United Nations appointed mediator in the Middle East traveled up a narrow Jerusalem street As the car shifted gears for the climb toward the New City an Israeli Army jeep nosed into the road forcing Bernadotte s car and the two following him to come to a full stop From the jeep sprang three uniformed men clutching automatic weapons In a moment that set the stage for a legacy of violence that has since characterized Arab Israeli negotiations Count Bernadotte was shot six times and killed The assassins were never brought to justice A Death in Jerusalem reveals the forces behind this assassination the passion that first dictated the tactics of terrorism in Israel and that continue to shape the thinking and actions of those even now determined to block accommodation with the Palestinians At its birth in 1948 the State of Israel was endangered as much by a fratricidal war between Jewish moderates and extremists as it was by the invading armies of its Arab neighbors In the first test of its authority the fledgling United Nations forged a temporary truce between Arabs and Jews and dispatched Count Bernadotte to negotiate a permanent peace A Swede with a reputation for skillful negotiations with the Nazis for the release of prisoners including Jewish concentration camp victims Bernadotte had seemed the ideal choice for mediator But he was dangerously unversed in the Israeli underground s passionate visions of a homeland restored to its biblical geographical proportions To the Stern Gang led by future Israeli Prime Minister Yitzhak Shamir any concession of land was as threatening to Israel s integrity as the Arabs invading armies And the Sternists did not trust Count Bernadotte whom they saw as threatening Israel s claim to the holy city of Jerusalem As Bernadotte prepared his plan for the allocation of disputed territory the Stern Gang plotted his murder Drawing on previously untapped sources including Bernadotte s family and former Stern Gang members Kati Marton tells the vivid and haunting story of what propelled the Sternists how they achieved their goal and how and why the assassins were shielded from prosecution **Jehovah's Witnesses in Europe** Gerhard

Besier,2019-02-01 The religious association of Jehovah s Witnesses has existed for about 150 years in Europe How Jehovah s Witnesses found their way in these countries has depended upon the way this missionary association was treated by the majority of the non Witness population the government and established churches In this respect the history of Jehovah s Witnesses in Europe is also a history of the social constitution of these countries and their willingness to accept and integrate religious minorities Jehovah s Witnesses faced suppression and persecution not only in dictatorships but also in some democratic states In other countries however they developed in relative freedom How the different situations in the various national societies affected the religious association and what challenges Jehovah s Witnesses had to overcome and still do in part even until our day is the theme of this history volume **The Devil's Doctor** John H. Waller,2002-02-12 Tells the story of Felix Kersten a physical therapist who became Heinrich Himmler s personal physician and his influence over Himmler to

join a plot to overthrow Adolf Hitler **Left to the Mercy of a Rude Stream** Stanley A. Goldman (Lawyer),2018-01-01
Seven years after the death of his mother Malka Stanley A Goldman traveled to Israel to visit her best friend during the Holocaust The best friend s daughter showed Goldman a pamphlet she had acquired from the Israeli Holocaust Museum that documented activities of one man s negotiations with the Nazi s interior minister and SS head Heinrich Himmler for the release of the Jewish women from the concentration camp at Ravensbr ck While looking through the pamphlet the two discovered a picture that could have been their mothers being released from the camp Wanting to know the details of how they were saved Goldman set out on a long and difficult path to unravel the mystery After years of researching the pamphlet Goldman learned that a German Jew named Norbert Masur made a treacherous journey from the safety of Sweden back into the war zone in order to secure the release of the Jewish women imprisoned at the Ravensbr ck concentration camp Masur not only succeeded in his mission against all odds but he contributed to the downfall of the Nazi hierarchy itself This amazing little known story uncovers a piece of history about the undermining of the Nazi regime the women of the Holocaust and the strained but loving relationship between a survivor and her son Holocaust Denial as an International Movement Stephen E. Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissention that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler s intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler s anti Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects New York Times Saturday Book Review Supplement ,1961 ,

Heinrich Himmler Roger Manvell,Heinrich Fraenkel,2007-09-17 Authors Roger Manvell and Heinrich Fraenkel notable biographers of the World War II German leaders Joseph Goebbels and Herman Goring delve into the life of one of the most sinister clever and successful of all the Nazi leaders Heinrich Himmler As the head of the feared SS Himler supervised the

extermination of millions Here is the story of how a seemingly ordinary boy grew into an obsessive and superstitious man who ventured into herbalism astrology and homeopathic medicine before finally turning to the science of racial purity and the belief in the superiority of the Aryan people *National Library of Medicine Catalog* National Library of Medicine (U.S.),1960 *The New York Times Book Review* ,1970 **Mrs Adolf Hitler** Blaine Taylor,2013-06-19 The year 2012 marks the centenary of Eva Braun s birth This is the strange but true saga of her life richly illustrated from her own personal photograph albums as well as from other captured German archives She married German dictator Adolf Hitler but 36 hours before their joint suicides in Berlin on April 30 1945 in the last week of the Second World War in Europe This exciting pictorial biography tells the full story of a Catholic convent bred young woman not only as the secret mistress as many historians have painted her since her voluntary death at age 33 but also as Hitler s lawfully wedded wife even though she is still largely referred to today by her maiden name They met at a Munich photography shop in 1929 when she was but 17 and he was already 40 The true nature of their long relationship is fully explained in detail for the very first time she was heterosexual and he bisexual but the author concludes Eva most likely remained a virgin until the day she died Although many reports after the war claimed that he shot himself and that she took poison the official Russian autopsy of their partially burnt bodies asserted that both died by cyanide capsules despite the postwar testimony of all Hitler s closest aides lending even their deaths an air of mystery Who was she really The answers are here This fascinating gripping and tragic story of a pretty well liked middle class shop girl is of a life mainly lived in the iron shadow of history In death Eva Braun Hitler became and remains today a hundred years after her birth one of the most famous women in all of world history alongside such female luminaries as Joan of Arc Jacqueline Kennedy Onassis and Princess Diana Eva has been a figure shrouded in controversy misinformation myth and legend until now At long last the veil is lifted with over 300 photographs providing an extensive collection of imagery including a number of contemporary color shots Eva Braun had a lifelong passion for photography her close friends nicknamed her the Rolleiflex girl after a camera model and this is reflected in the array of imagery featured in this groundbreaking book **Hitler's Master of the Dark Arts** Bill Yenne,2010-10-14 A history of Nazi Germany s SS and its leader examining the groups mystical cult aspects and Himmler s rise through the ranks of power Hitler s Nazi Party at its evil roots embraced a bizarre interpretation of ancient European paganism blending it with fragments of other traditions from sources as diverse as tenth century Saxon warlords nineteenth century spiritualism and early twentieth century fringe archeology Even the swastika the hated symbol of Nazism had its roots in ancient symbolism its first recorded appearance carved into a mammoth tusk twelve thousand years before Hitler came to power At the heart of the evil was Hitler s witch doctor Heinrich Himmler and his stranger than fiction cult the deadly SS The mundanely named Schutzstaffel literally protective squadron was the very essence of Nazism and their threatening double lightning bolt was one of the most dreaded symbols of the Third Reich With good reason what the SS was truly protecting was the ideology of

Aryan superiority Hitler's Master of the Dark Arts is the first history of the SS and its leader to focus on the mystical cult aspects of the organization It follows Himmler's transformation of the SS from a few hundred members in 1929 to over fifty thousand black uniformed Aryans by the mid 1930s Concurrent with its expansion and its eventual independence from the brown shirts of the SA Himmler infused the Black Knights with a mishmash of occult beliefs and lunatic fringe theories that would have been completely laughable except that they were also used to justify the Final Solution The State of Health Geoffrey Campbell Cocks,2012-01-12 The State of Health Illness in Nazi Germany explores and analyses the experience of illness in German society under National Socialism As is well known the Nazis mobilised medicine for purposes of racial cultivation and extermination What has been much less understood is that the experience of health and illness in the Third Reich also marked a crucial juncture in the history of the modern self and body in Germany and the West The secular and material bourgeois self was a product of the industrial and commercial society Germany had become before Hitler The peculiarly rapid pace of social change in Germany combined with a series of military political and economic disasters after 1914 created an environment of heightened sensitivity and anxiety concerning the relationship between individual and community This historical environment also aggravated concerns about health and illness of the morbid mortal and sexual body and mind in which the modern self was lodged The racist policies of the Third Reich worsened popular anxiety over illness and health And while Nazism exploited popular longings for national community the modern self of material pleasure appetite and desire too would be prop as well as problem for the Hitler regime Drawing from the rich historical literature on modern Germany and the Third Reich as well as on previously unexamined primary sources from over forty archives The State of Health documents vital continuities and discontinuities in the history of modern Germany and the West up to and beyond the Nazi years In exploring the social medical and discursive spaces of health and illness in the Third Reich Geoffrey Cocks illuminates significant and fateful experiences in peace and war with medicine doctors and drugs work collaboration constraint and agency self and other persecution enslavement and extermination gender and sexuality pain injury madness and death and historical memory and amnesia *Good Morning, Lord* Ron Hembree,Charles R. Man With The Miraculous Hands Kersten: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. Man With The Miraculous Hands Kersten : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Man With The Miraculous Hands Kersten : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
