Public Service Performance George A. Boyne, Kenneth J.

Meier, Laurence J. O'Toole, Jr., Richard M. Walker, 2006-11-23 The performance of governments around the globe is constantly in the spotlight whether as a celebration or indictment of their activities Providing evidence on strategies to improve the performance of public agencies is therefore essential to the practice of public management Originally published in 2006 this important contribution to the debate explores issues of measurement research methodology and management influences on performance It focuses on three key questions what approaches should be adopted to measure the performance of public agencies What aspects of management influence the performance of public agencies As the world globalizes what are the key international issues in performance measurement and management In examining these questions the contributors debate both methodological and technical issues regarding the measurement of performance in public organizations and provide empirical analyses of the determinants of performance The book concludes with groundbreaking work on the international dimensions of these issues

Pursuing Horizontal Management B. Guy Peters, 2015-03-13 From the first specialization and coordination have presented governments with a conundrum specialized program might be best for delivering one service to the public but combining such programs for all public services inevitably produces costly redundancies and inefficiencies In this long awaited book Guy Peters brings his expertise and extensive experience to bear on the problem of administrative and policy coordination Through theory and four real world case studies he explores how and whether coordination can transform ordinary flawed patterns of governing into more effective and efficient performance by the public sector This timely work arrives at a moment when coordination is proving especially challenging as popular approaches to public administration emphasize breaking larger public organizations into smaller single purpose programs and as a push to involve the private sector in policy development and implementation has increased government segmentation For insights into the workings and limitations of coordination or horizontal management Peters draws on extensive scholarship as well as his own consulting work with governments including Finland Serbia Bosnia and Herzegovina Canada and Mexico He highlights practical successes and failures of horizontal management in case studies of Homeland Security in the US child protection in the UK policymaking in Finland and the operations of the European Union In the process Peters evaluates a full tool chest of instruments that might be used to enhance coordination Combining theory and practice and considering a wide range of public policy challenges this book clearly and cogently presents the most comprehensive in depth and detailed discussion available of policy coordination in the public sector at a time when its insights are most urgently needed
