Judge, 1999-03-06 The Leader s Shadow is the first book to fully examine the inner dynamics of executives in top leadership positions Based on systematically collected descriptions from a wide variety of executive leaders and a comprehensive review of the literature on leadership character this book provides a framework for thinking about the character development of those in leadership positions Judge describes and analyzes the context within which leaders operate the theory and research behind the personalities of leaders and the values held by leaders The Leader s Shadow is an important resource for executive coaches management trainers and consultants as well as students in leadership organizational change and organizational development Activist Business Ethics Jacques Cory, 2012-10-05 Jacques Cory s second book Activist Business Ethics expands upon the theoretical concepts developed in his first book Business Ethics The Ethical Revolution of Minority Shareholders published by Kluwer Academic Publishers in March 2001 Activist business ethics is needed in order to remedy the wrongdoing committed to stakeholders and minority shareholders This will be achieved by cooperation between ethical businessmen activist academics stakeholders and minority shareholders We should treat others as we would want others to treat us not through interest but by conviction Yet this principle is not the guideline of many companies in the modern business world despite the fact that most religions and philosophers have advocated it in the last 3 000 years How can we convince or compel modern business to apply this principle And is it essential to the success of economy In order to answer these questions this book examines the evolution of activist business ethics in business in democracies in Christianity Judaism Islam Buddhism in philosophy and psychology The book examines international aspects the personification of stakeholders the predominance of values and ethics for CEOs and the inefficient safeguards of the stakeholders interests The book presents new vehicles for the safeguard of those interests such as the Internet Transparency Ethical Funds and Activist Associations and future activist vehicles such as the Supervision Board and the Institute of Ethics Today everybody is a stakeholder and a minority shareholder of a company directly or through our

pension funds or as a client a supplier a member of a community and a citizen The principal premise of the book is therefore that ultimately the wrongdoers act against themselves The book is woven with many references on ethics and business ethics from the professional and classic world literature the Bible and other religious texts poetry maxims and folk tales showing that ethical problems are similar throughout the ages and cultures but some of the solutions given in this book are new and original Activist Business Ethics is primarily intended for the academic market and is particularly appropriate for academics in business administration ethics and finance It should also appeal strongly to the professional business finance market and to stakeholders and minority shareholders as well who are aware of the wrongdoing committed to them and who want to remedy the situation by activist conduct

Business Ethics Jacques Cory, 2012-12-06 Morten And what are we going to do when you have made liberal minded and high minded men of us Dr Stockman Then you shall drive all the wolves out of the country my boys Ibsen An Enemy of the People Act V The theoretical and empirical research of this book

describes how the traditional safeguards of the rights of minority shareholders have failed in their duty and how those shareholders have remained practically without any protection against the arbitrariness of the companies and majority shareholders. The law, the SEC, society, boards of directors, independent directors, auditors, analysts, underwriters, and the press have remained in many cases worthless panaceas. Nevertheless, in the Ethics of 2000, new vehicles have been developed for the protection of minority shareholders: mainly the Internet, transparency, activist associations, and ethical funds. Those vehicles give the shareholders at least the chance to understand the pattern and methods that are utilized to wrong them and give them a viable alternative for investment in ethical funds. The new vehicles will prevent minority shareholders from using the Armageddon weapon by ceasing to invest in the stock exchange and causing the collapse of the system that discriminates against them.

Making of an African Giant Dan Mou, 2015-10-16 The performance of Nigeria has recently been vehemently criticized as not commensurate with her human and material potentialities. The hope that Nigeria is by destiny the African Giant appears to be fading. Some analysts seeing this have blamed it on the character defects of the leadership in Nigeria. They argue that because the leaders are predatory and corrupt, they have preoccupied themselves with their interests which are primitive accumulation and luxurious lifestyles. Meanwhile, the rest of the citizens are suffering. This book argues that such character defects may indeed exist in some of Nigerian leaders. However, these are not the main reasons for their dismal performance regarding the welfare of the citizens. The main problem is that Nigerian leaders seem to have largely lost control over the state and its policies, which appear to have been captured by the dominant classes and groups. Local and international Nigeria's main problem is therefore a structural one. Nonetheless, the book concludes that as the security, economic, political, and social crises intensify, Nigerian leaders, even if it is simply for self-preservation, will be forced by the objective conditions to move against the interests of these dominant classes and groups. It is only then that Nigeria can realistically be restored to the possibility of becoming an African Giant.

A Noble Calling David W. Whitlock, Gordon Dutilleul, 2008-01-01 Too often individuals who have been called to practice their gifts and talents in the field of business and professional life sense that to serve God they ought to be doing something more directly involved with the church. Many successful business leaders, upon coming to faith in Christ or upon renewing their interest in God's Word, struggle with whether or not they should enter vocational ministry. Certainly, God calls some from among the professions into such vocations, but many simply haven't realized the full potential of where God has placed them. God's people who are assigned to duties in corporate boardrooms or offices, on sales forces in entrepreneurial ventures, and as members of research and development teams are among his most effective servants. Believers who are active in the marketplace are surely among God's most treasured ministers and have the potential to have a wider impact and larger influence than most who serve in full-time vocational ministries. Likewise, these professionals have a capacity for great harm to the church and the cause of Christ if, while they make claims of Christian belief, their actions prove inconsistent with what God's Word teaches if their walk

doesn't match their talk. Be encouraged! God wants to use you where you are. He wants to sanctify all of what you have learned and experienced. You have great potential in the kingdom. Revelations in Business Dr. K. Shelette Stewart, 2017-04-20. Business people don't plan to fail; they simply fail to follow God's plan. There are many books that teach us how to succeed in business. And there are many books that teach us how to apply the Word of God to our lives. What if there was a book that combined the two? Revelations in Business is that book. In Revelations in Business, Dr. Stewart combines her core Christian beliefs with her extensive academic and professional experience with Fortune 500 companies, including the Coca-Cola Company and BellSouth Corporation, AT&T, to guide readers through an innovative eight-step divine business planning approach that will position you to maximize your personal fulfillment and professional success in any industry. Revelations in Business is without question The Purpose-Driven Life for business leaders. Regardless of whether you are a seasoned leader or just beginning your career, this book is for anyone who desires to achieve success and significance. Arranged in order of a conventional business plan, Revelations in Business offers real-life examples from business leaders, spiritual principles, practical tools, and pragmatic recommendations that you can begin applying immediately. Revelations in Business is a powerful tool for progressive leaders who desire to bring insightful, empowering content to their teams to increase employee engagement, productivity, and overall profitability. Dan Cathy, president and chief operating officer, Chick-fil-A Inc. Advancing a Successful Business Rich Brott, 2009. Business focus is an integral part of your ability to advance and build your business into something beyond mediocrity. Staying focused on your vision and purpose is very key. Nothing significant is ever achieved without focus. If it's worth getting, it must be the focus of your attention at all times. Focus begins with a sense of purpose, mission, and vision. This is your sense of direction, your road map, your life track for the business. It's where you are headed. A growing company does not continue without great business productivity, timely follow-through, and effective leadership. Advancing a Successful Business is not automatic and will not happen without a steady hand at the helm, backed by a great team who stays alert and motivated. Psalms 15 David W. Whitlock, Gordon Dutilleul, 2008-04-01. Psalms 15 begins with two related questions: LORD, who may dwell in your sanctuary? Who may live on your holy hill? v. 1. These are questions worthy of our consideration as Christian business professionals seeking to integrate our faith and our work. The psalmist answers the questions with the following description: He whose walk is blameless and who does what is righteous; who speaks the truth from his heart and has no slander on his tongue; who does his neighbor no wrong and casts no slur on his fellowman; who despises a vile man but honors those who fear the LORD; who keeps his oath even when it hurts; who lends his money without usury and does not accept a bribe against the innocent. He who does these things will never be shaken. vv. 2-5. NIV. Using this psalm as a basis, Southwest Baptist University's College of Business and Computer Science is devoted to educating Psalms 15 professionals who exemplify traits including integrity, service, respect, charity, faithfulness, truthfulness, humility, and perseverance. The devotions in this small volume draw readers' attention to the need for believers to exemplify

such character traits Contributions from the SBU faculty and administration remind us of the necessity to approach life and work with a biblical worldview This volume is an abbreviated version of another Resource Publications book A Noble Calling Devotions and Essays for Business Professionals also available from Wipf and Stock Publishers www.wipfandstock.com

National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two Dr. Dan Mou, 2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerias population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use There is this perception that Nigerians dont write and read This perception is deep seated even among intellectuals who see our authors as shallow researchers But Dr Dan Mou has debunked that myth and shown that Nigerians can write well researched and detailed books It is quite prophetic in its assessment of the Nigerian State Agbo Agbo deputy

editor The Nation Dr Dan Mou has proven himself a world class scholar and an intellectual colossus His reputation as an internationally renowned public policy expert has continued to soar I congratulate him for these remarkable achievements Professor Justice Abdul Fatai Kuti first justice of Abuja High Court and former dean faculty of law University of Ado Ekiti Ekiti State of Nigeria Dr Mou is certainly one of the best scholars we have on the African continent As an educationist myself before I became a traditional ruler I agree totally with his analysis and conclusions I share the optimism Dr Mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes Nigeria and indeed Africa would be able to solve most of these challenges HRH Alh Dr Sheban Audu Nizazo III Etsu Kwali Etsu Kwalis Palace Abuja Nigeria
