**Law and Ethics for the Eye Care Professional E-Book** Barbara K. Pierscionek, 2008-05-15 This title is directed primarily towards health care professionals outside of the United States. The author, a Professor of Optometry with qualifications in law and experience in ethics, has written a unique book that gives the practitioner and student a solid foundation in the ethics of eye care practice. All optometrists need to be able to show an appropriate professional attitude to patients and colleagues and to display an awareness of the legal, ethical, and commercial constraints within which optometry operates, including legislation relating to the use and supply of ophthalmic drugs. This book will help you achieve those objectives. Each chapter contains many examples, both real and hypothetical cases, and exercises based on situations in which optometrists and eye care practitioners may find themselves during routine practice. A key focus is on developing both the knowledge and the skills of the student and practitioner to deal with these situations. Comprehensive, practical, and illustrated with lively cartoons, *Ethics for the Eye Care Professional* will be the first port of call for both students and practitioners looking for a grounding in the ethical issues applying to practice. Provides a strong, relevant, and up-to-date grounding in ethics as it applies to eye care practice. Helps give students the skills they need to tackle the ethical issues they will encounter within their professional life. Focussed on practical problem-solving with many case studies to help understanding. References recent events and real-life histories and experiences. Designed to encourage the development of critical thinking and ethical skills. Authoritative text by a Professor of Optometry with qualifications in and knowledge of law and ethics. Lively and accessibly written with cartoon illustrations throughout.
