Management of marketing activities of agricultural formations in the conditions of European integration Lohosha R., Mazur K., Hontaruk Y., Babyna O., Babyn I., Belkin I., Bereziuk S., Harbar Z., Germanyuk N., Kolesnik T., Kubai O., Prylutskyi A., Furman I., Yaremchuk N., Pidlubnyi V., Koval O., Revkova A.,2022-11-18 In modern conditions of global and transformational changes the role of management of marketing activities of agrarian enterprises is growing Understanding and using the concept of marketing in the management of agro industrial enterprises in the conditions of European integration is a mandatory element of effective entrepreneurial activity The quality of marketing activity in management is decisive as it determines the highly profitable rhythmic activity of the enterprise Studies of agricultural enterprises of Ukraine confirm that although the implementation of marketing is becoming more and more widespread all existing forms of management of marketing activities are not yet fully used What would ensure the competitiveness of agricultural enterprises adaptation to constant changes in the external environment and market

conditions stability of economic conditions Management of marketing activities plays a significant role in the development and effective operation of an agricultural enterprise It is effective work in the field of marketing activity management that will increase the competitiveness of an agricultural enterprise expand its opportunities to enter new markets and lead to an increase in product sales and profit growth Due to inertia many enterprises do not pay attention to the importance of such a component as marketing management which in the future negatively affects their economic indicators The article examines the main features of marketing management of agricultural enterprises of the Vinnytsia region and Ukraine as a whole in the conditions of European integration The significance of the research on the management of marketing activities which is necessary not only for profit but also for being competitive in the market is determined The necessity of using an integrated marketing approach is substantiated The expediency of using modern methods of product promotion has been determined The scientific basis of managing the economic development of agribusiness entities is revealed in the works of Ukrainian economists V Andriychuk I Balaniuk I Gryshova G Kaletnik M Malik P Sabluk A Tretyak O Shpykulyak and other scientists Theoretical issues of strategic management are highlighted in the scientific works of M Albert O Amosov I Ansoff Y Zavadskyi M Meskon G Mintzberg H Mostovoi G Odintsova M Porter A Thompson A Fayol and other domestic and foreign authors The theoretical principles of marketing activity management became the object of research by H Armstrong L Balabanova O Varchenko A Voychak O Gudzynskiy P Doyle H Kaletnik S Kamilova F Kotler Zh Zh Lamben I Lytovchenko L Naumova M Oklander O Osnach P Ostrovsky A Pavlenko I Reshetnikov M Sakhatsky I Solovyov O Chirva O Shpychak many other domestic and foreign scientists Theoretical studies and practical recommendations of the mentioned scientists formed the general methodical basis of marketing management of agricultural enterprises However research on the management of marketing activities of agribusiness subjects is not sufficiently systematic and complete In the practice of domestic agricultural enterprises there are a number of shortcomings that reduce the effectiveness of marketing activities in the conditions of European integration These include chaotic use of individual elements of marketing reduction of marketing functions only to stimulating the sale of goods food orientation to the short term perspective lack of flexibility and ignorance of consumer requests To solve these tasks it is necessary to develop measures to promote the sale of products through the formation of a sales support system and the development of cooperation with the EU In these conditions the role of marketing activity of agricultural enterprises increases and the need to develop recommendations for the organization and development of marketing tools in agro industrial production at the level of enterprises and the region which determines the relevance of this scientific research The results of the research presented in the monograph were carried out as part of the initiative theme of the Department of Agrarian Management and Marketing of Vinnytsia National Agrarian University Development of the concept of management of marketing activity of agricultural enterprises state registration number 0122U002111 for 2022 2024 *Institutions and the Evolution of Modern Business* Mark Casson, Mary B. Rose, 2014-01-14 The papers in this volume

demonstrate that it can be fruitful to apply institutional theory to business history In addition the volume shows that the wider study of the institutional environment is inseparable from the study of business It is clear however that although institutionalism in business history has a long pedigree many areas of research and potential interaction with theory remain to be explored The extent to which this will occur inevitably depends upon the degree to which the interests of theoreticians serve the needs of historians and vice versa **Competition, Diversity and Economic Performance** C. A.

Tisdell,2013-02-01 Ecological and economic systems share some fundamental characteristics that Clem Tisdell has beautifully illuminated He has given us a much better handle on the roles of competition diversity evolution and sustainability in complex interdependent ecological and economic systems Our ability to build a sustainable and desirable future fundamentally depends on this integrated understanding Robert Costanza Portland State University US This thought provoking book explores the influences of market competition and diverse behaviours of economic agents on economic performance particularly dynamic economic performance Clem Tisdell illustrates within evolutionary dynamic and static contexts how diversity can improve or impede economic performance He addresses the fact the role of diversity in improving economic performance has been neglected by economic theorists by making economic diversity a focal point of economic analysis In particular special attention is given to the value of economic diversity and economic imperfections in improving the performance of economic processes in particular identified situations Limitations of using market like mechanisms for managing public bodies and business firms are discussed and the value of business cooperation economic mutualism as a means for improving economic performance is examined It is also observed that as economies develop different forms of economic competition and business cooperation evolve Challenging yet accessible this book will prove a stimulating read for academics and students in the fields of economics industrial organization and business and management **10th**
