Managers Tale:

The Manager's Tale Patrick Reedy, 2016-03-03 What does being a manager mean to those who do managerial work and why has becoming a manager become so attractive for so many people How does pursuing a managerial career fit with the wider project of constructing a life and a sense of self This illuminating and thoughtful book answers these questions by considering the extended life histories of ten managers allowing their own voices to be heard The Manager's Tale uses the ideas of Heidegger Sartre and Ricoeur to show that who a person is can be seen as a narrative accomplishment a result of the stories we tell ourselves and others Within this framework the manager's stories are revealed highlighting the complex ways in which dominant expectations of what it means to be a successful individual in the modern world influences what sort of person we strive to be

Tales of Hope, Tastes of Bitterness Miriam Driessen, 2019-06-28 WINNER 2020 SEAA s Francis L Hsu Book Prize Honorable Mention China s new globalism plays out as much in the lives of ordinary workers who shoulder the task of implementing infrastructure projects in the world as in the upper echelons of power Through unprecedented ethnographic research among Chinese road builders in Ethiopia Miriam Driessen finds that the hope of sharing China s success with developing countries soon turns into bitterness as Chinese workers perceive a lack of support and appreciation from Ethiopian laborers and state entities The bitterness is compounded by their position at the margins of Chinese society suspended as they are between China and Africa and between a poor rural background and a precarious urban future Workers aspirations and predicaments reflect back on a Chinese society in flux as well as China s shifting place in the world Tales of Hope Tastes of Bitterness Chinese Road Builders in Ethiopia sheds light on situations of contact in which disparate cultures meet and wrestle with each other in highly asymmetric relations of power Revealing the intricate and intimate dimensions of these encounters Driessen conceptualizes how structures of domination and subordination are reshaped on the ground The book skillfully interrogates micro level experiences and teases out how China s involvement in Africa is both similar to and different from historical forms of imperialism A trailblazing ethnography that at once humanizes and complicates our understanding of the China Africa encounter Taking us deep into the personal social and working life worlds of Chinese and Ethiopian construction staff and laborers Driessen mounts a powerful challenge against the clich d narrative of China in Africa as a case of neocolonialism masterminded by Beijing Ching Kwan Lee UCLA author of The Specter of Global China Politics Labor and Foreign Investment in Africa China rapidly transformed itself from an international aid recipient into a world leading aid provider This seemingly epochal shift as this book powerfully demonstrates is much more complex and less predictable than it appears to be Driessen s wonderfully perceptive ethnography and insightful analyses pave a new path in understanding ongoing global changes Biao Xiang University of Oxford author of Global Body Shopping An Indian Labor System in the Information Technology Industry

former pastor Father Jim Hawker says this about the book I just couldn't put it down John Doyle shares a memorable story replete with fascinating experiences and personal insights His humor and pathos are truly infectious The message of Tales from the Tail End is both intriguing and inspiring as the author invites the reader to come along and catch the spirit of the ups and downs of the aging process
