Reiner**

## **Managing Behavioural Treatment Policy And Practice With Delinquent Adolescents:**

*Managing Behavioural Treatment* Clive R. Hollin, Kevin J. Epps, David J. Kendrick, 1995 Focuses on the issues of organizing and managing the delivery of the behavioural programme to maximum effect Organizational structure policy making clarity in identifying institutional and professional needs staff training and evaluative research are all covered

Adolescent Forensic Psychiatry Susan Bailey, Mairead Dolan, 2004-06-25 Adolescent Forensic Psychiatry discusses a broad range of issues based around the psychiatric needs of adolescents and how these relate to offending behaviour Its well structured approach looks at assessment treatment and outcomes for different disorders and highlights the importance of effective interaction between specialist agencies Services Community-based Psychotherapy with Young People Geoff Baruch, 2001 The book describes approaches and techniques for working with young people with mental health problems

The Essential Handbook of Offender Assessment and Treatment Clive R. Hollin, 2005-01-21 This Essential Handbook provides the critical elements from its companion volume the successful Handbook of Offender Assessment and Treatment A comprehensive review of assessment and treatment it covers the major offender groups sex offenders violent offenders offenders with mental and personality disorders and property offenders A range of treatment approaches are also included incorporating behavioural cognitive skills based anger management school programs and family based approaches Whilst retaining its international high quality appeal The Essential Handbook of Offender Assessment and Treatment is a concise portable edition for all clinicians academics and researchers working with offenders across a range of settings

Assessments in Forensic Practice Kevin D. Browne, Anthony R. Beech, Leam A. Craig, Shihning Chou, 2017-05-08 Assessments in Forensic Practice A Handbook provides practical guidance in the assessment of the most frequently encountered offender subgroups found within the criminal justice system Topics include criminal justice assessments offenders with mental disorders family violence policy and practice *Offender Rehabilitation and Treatment* James McGuire, 2003-04-11 Criminal behaviour continues to be a matter of major public concern How society should respond to it and what should be done with those who repeatedly offend remain hotly disputed topics of conversation Offender Rehabilitation and Treatment draws together internationally renowned experts from the United Kingdom Europe North America and Australia Chapters summarise some of the most recent and exciting developments in this field and offer a systematic knowledge based approach to the effective reduction of criminal behaviour Offers coverage of a wide range of key topics in this area Links theory research and practice in a coherent and accessible style International focus with examples and authors from a number of countries **Advances in Psychology and Law** Santiago Redondo, Vicente Garrido, Jorge Pérez, Rosemary Barberet, 2011-06-03 No detailed description available for Advances in Psychology and Law *New Perspectives on Aggression Replacement Training* Arnold P. Goldstein, Rune Nensén, Bengt Daleflod, Mikael Kalt, 2005-01-28 Aggression Replacement Training ART is a cognitive behavioural intervention targeted to aggressive adolescents and

children which is being increasingly adopted worldwide The outcome of the first major conference on the growing status of ART and its future directions this book s coverage includes the cognitive behavioural context of ART the component procedures various training approaches and program applications research evaluations and extensions and elaborations

**Cognitive-behavioural Social Work in Practice** Katy Cigno,Diana Bourn,2017-07-05 Cognitive Behavioural Social Work in Practice appears at an interesting time for social work and social services More than ever practitioners are required to provide evidence for the effectiveness of what they do while the rights of service users to ethically competent practice in which they are partners is high on the agenda Drawing on a wide area of research as well as the practice experience of its 18 contributors it covers a broad range of cognitive behavioural intervention with different client groups in a variety of settings including child care family work probation and offending behaviour mental health disability and issues concerning older people The first chapter sets out lucidly the theoretical and research basis for cognitive behavioural practice and is rich in case examples Each subsequent chapter adopts a case study approach to its subject either by providing a single case study or by the detailed exploration of an area of practice combined with case examples The volume is unique in not only bringing together practitioners and academics but in presenting the work of the academic reflective practitioner It is thus an accessible informative guide for professionals students and educators who with all their working pressures and constraints strive to provide help based on best evidence

**The Oxford Handbook of Criminology** Rod Morgan,Mike Maguire,Robert Reiner,2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os

**Nurturing Hidden Resilience in Troubled Youth** Michael Ungar,2004-01-01 Timely in subject and original in perspective Nurturing Hidden Resilience in Troubled Youth challenges what popular media refer to as a youth problem

**Offender Rehabilitation in Practice** Gary A. Bernfeld,David P. Farrington,Alan W. Leschied,2003-01-10 Documented evidence suggests that community safety is best achieved through policies promoting human services rather than relying totally on prisons and that promoting intervention in an individual s own environment known as ecological integrity is closely associated with effective intervention This is the first book to focus on the transfer of knowledge of worldwide effective offender rehabilitation programs Prominent researchers and practitioners in the criminal justice field have contributed their extensive knowledge of what it takes to implement effective correctional practices with ecological integrity Reviews real world challenges of program effectiveness and survival Offers effective evidence based innovative alternatives to imprisonment of offenders Offers a common multi level systems perspective as a framework for the international case studies featured The first book to focus on the transfer of knowledge and best practice through the concept of technology transfer

**Offending Behaviour Programmes** Emma J. Palmer,2006-10-02 Part of the Wiley Series in Forensic Clinical Psychology Offending Behaviour Programmes Development Application and Controversies explores the subject at two levels

the technical issues associated with designing and implementing programs and the broader issues surrounding programs such as the impact on practitioners Each chapter covers theory research practice and evaluation

**Working with Young People in Secure Accommodation** Jim Rose, 2002 Locking up young people in secure units is a contentious issue which attracts a great deal of public attention and interest and a broad range of views Working with Young People in Secure Accommodation From Chaos to Culture examines the function of these units and offers a balanced insight into the challenges presented to society by young offenders Working with Young People in Secure Accommodation explores the work of staff in all types of secure unit with young people The relationships formed in this setting are key for determining to what extent staff achieve their objective of reducing offending by young people Using extensive case studies this book covers identifying the underlying problems of each offender how staff can identify and deal with potential problems as early as possible professional issues for management and staff practical suggestions for simple reforms which could dramatically reduce the rate of re offending Working with Young People in Secure Accommodation will be invaluable for managers of secure units and practitioners as it is written from a background of understanding about the real pressure they face day to day It will also be of interest to other professionals working with young people in the field of youth justice

*The Juvenile Offender* Robert D. Hoge, 2012-12-06 This book provides a discussion of advances in our understanding of the juvenile offender These derive from psychological and criminological theory and research on the phenomenon of youth crime and from efforts on the part of social science researchers and practitioners to develop and evaluate new approaches to prevention and treatment The theoretical and empirical advances relate first to analyses of the nature and extent of youth crime This is reflected for example in various descriptive and classification systems developed for characterizing juvenile offenders Significant advances are also being made in understanding the risk factors associated with youthful criminal activity as well as the processes linking the risk factors with antisocial behaviors This understanding is based on theory and research relating to the correlates and causes of delinquency The advances in our understanding of the nature correlates and causes of juvenile crime are accompanied by progress in analyzing the treatment of youth in juvenile justice systems and in developing and evaluating alternative approaches to treatment These efforts include research on decision making within juvenile justice systems and the development of screening and assessment tools This also includes efforts to develop and evaluate effective prevention and treatment programs for use with youths involved in criminal activity and those at risk for this activity

**Secure Treatment Outcomes** Roger Bullock, Michael Little, Spencer Millham, 2022-03-23 First published in 1998 this volume recognises that despite the plethora of benign welfare approaches to troubled and troublesome adolescents a small proportion find themselves locked up Who are they why is it thought necessary to contain them and what effect does it have This Dartington study tries to answer these questions by scrutinising the lives of 204 young people admitted to long stay secure treatment units It charts their experiences from their point of entry until two years after they leave It also looks at equally difficult

youngsters whose behaviour is dealt with in other ways With such a varied group it is difficult to be categorical about the value of security but by employing a career perspective that takes account of the interaction between life routes and process the relationship between young people s background characteristics treatment and subsequent experience becomes clear In fact the research found considerable predictability amid the apparent chaos a feature that should help practitioners and managers to fashion more effective approaches

*Psychology in Prisons* Graham J. Towl, 2008-04-15 Edited by the Head of Psychology for Her Majesty s Prison Service and the National Probation Service this book gives an account of the work of psychologists in Her Majesty s prisons Edited by the Head of Psychology for Her Majesty s Prison and Probation Services Looks at the work of psychologists in prisons Contributors look at the background current practice and likely future directions for each topic

*Routledge Handbook of Evidence-Based Criminal Justice Practices* Edelyn Verona, Bryanna Fox, 2023-10-31 Now more than ever the criminal justice system and the programs policies and practices within it are subject to increased public scrutiny due to well founded concerns over effectiveness fairness and potential unintended consequences One of the best means to address these concerns is to draw upon evidence based approaches demonstrated to be effective through empirical research rather than through anecdote standard practice or professional experience alone National Institute of Justice 2011 The goal of this book is to describe the most useful actionable and evidence based solutions to many of the most pressing questions in the criminal justice system today Specifically this edited volume contains brief and accessible summaries of the best available research alongside detailed descriptions of evidence based practices across different areas of the criminal justice system It is written so that practitioners and researchers alike can use the text as reference tool in their work and in training the new generation of individuals working to improve the system Researchers and practitioners in many areas of criminal justice crime prevention policing courts prosecution defendants judges corrections sanctions and sentencing can reference specific chapters in this book to guide their policy and practice decisions Although theory is a guide for the practices described the chapters will address practical issues in implementation and action This book overcomes the limitations of previous criminal justice practice books in that it is written as a practice resource and reference guide and spans practices and policies across different sectors of the criminal justice system from prevention to policing to sanctions and corrections Each chapter contains a list of action items based upon the best available scientific research that can be implemented in practice to address key issues and long standing challenges in the criminal justice system

Physiotherapy in Mental Health Tina Everett, Maureen Dennis, Eirian Ricketts, 2013-10-22 Physiotherapy in Mental Health A Practical Approach provides a concise discussion of the concept of abnormal behavior The title also covers the role of physiotherapy in dealing with mental problems The first part of the text covers the basic aspects of physiotherapy in mental health setting this part covers psychiatric illness communication in the clinical mental health setting and the evaluation of physiotherapy services in the mental health field Next the book covers the concerns of the practice of physiotherapy in mental health such

as challenging behaviors stress management and relaxation training The last part covers the various aspects of psychiatric treatment including child psychiatry eating disorders and substance abuse The text will be of great use to physiotherapists in the mental health care setting The book will also be interesting to readers who want to know how physiotherapy can be applied to improve the mental and social health of individuals      **Whitaker's Books in Print** ,1998
