and public perception of his disability to become president of the United States of America FDR used that same will to guide his country through a crippling depression and a horrendous world war He understood Adolf Hitler and what it would take to stop him before almost any other world leader did But to accomplish his greater goals he made difficult choices that sometimes compromised the ideals of fairness and justice FDR is one of America s most intriguing presidents lionized by some and villainized by others National Book Award finalist Albert Marrin explores the life of a fascinating complex man who was ultimately one of the greatest leaders our country has known American Crisis: The Collapse of Christian Culture William D. Howard,2024-02-19 All Americans know we are in a state of cultural crisis but how did we get to this point It has been said if we seek an actual legal date for the fall of Judeo Christian culture in America it would be June 26 2015 the day the Supreme Court ruled that homosexual marriage was a constitutionally protected right But according to William D Howard the destruction of our country started well before that when states began changing laws and incorporating changes that had lasting repercussions on the culture as a whole In *American Crisis The Collapse of Christian Culture* Howard takes an in depth look at civilizations in the past provides insights on our current culture and warns of a future that can mean only the destruction of everything we hold dear But this book is not without hope Howard uses God s Word to show Christians how we can counter the social and political norms and fight for our country s moral political and social outlook As our moral high ground is being chipped away one corner at a time we need to take up the call to action and fight against the powers that seek our demise **Into the Minds of Madmen** Don Denevi,John H. Campbell,2011-04-26 In a fascinating account full of quiet heroics and grisly criminal details the authors describe the difficult work of the tireless professionals who have devoted their careers to investigating and analyzing the deeds and personalities of the macabre psychopaths who haunt the nation s streets *Black Terror White Soldiers* David Livingstone,2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world

were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

Gauthier, 2022-04-26 Should we humanize the world's most inhumane leaders Adolf Hitler Joseph Stalin Benito Mussolini Mao Zedong Kim Il Sung Vladimir Lenin These cruel dictators wrote their names on the pages of history in the blood of countless innocent victims Yet they themselves were once young people searching for their place in the world dealing with challenges many of us face parental authority education romance loss and doing so in ways that might be uncomfortably familiar Historian Brandon K. Gauthier has created a fascinating work epic yet intimate well researched but immensely

readable clear eyed and empathetic looking at the lives of these six dictators with a focus on their youths We watch Lenin s older brother executed at the hands of the Tsar s police an event that helped radicalize this overachieving high schooler We observe Stalin grappling with the death of his young beautiful wife We see Hitler s mother mourning the loss of three young children and determined that her first son to survive infancy would find his place in the world The purpose isn t to excuse or simply explain these horrible men but rather to treat them with the empathy they themselves too often lacked We may prefer to hold such lives at arm s length so as to demonize them at will but this book reminds us that these monstrous rulers were also human beings and perhaps more relatable than we d like *Understanding Lone Actor Terrorism* Michael
