D.**

Kaneff, 2001-12-03 During the past decade life in post socialist states has been fraught with instability and conflict This book focuses on changing rural urban relations and growing divisions between them in the context of the reforms Contributions to this volume explore responses to capitalist oriented policies and reasons for rural disenfranchisement The work takes an ethnographic approach to exploring how global processes engage with local rural concerns in the post socialist world

**The Hungarian Agricultural Miracle?** Zsuzsanna Varga, 2020-11-09 This book examines Soviet agriculture in post 1945 Hungary It demonstrates how the agrarian lobby a development following the 1956 revolution led to contact with the West which allowed for the creation of an effective agricultural system The author argues that this Hungarian agricultural miracle a hybrid of American technology and Soviet structures was fundamental to the success of Hungarian collectivization

**Hungary since 1945** Árpád von Klimó, 2017-12-14 Lying on the political fault line between East and West for the past seventy five years the significance of Hungary in geopolitical terms has far outweighed the modest size of its population This book charts the main events of these tumultuous decades including the 1956 Uprising the end of Hungarian communism entry into the European Union and the rise to power of Viktor Orbán and the national conservative ruling party Fidesz

Communism Unwrapped Paulina Bren, Mary Neuburger, 2012-08-08 Communism Unwrapped reveals the complex world of consumption in Cold War Eastern Europe exploring the ways people shopped ate drank smoked cooked acquired assessed and exchanged goods These everyday experiences the editors and contributors argue were central to the way that communism was lived in its widely varied contexts in the region From design to production to retail sales and black market exchange Communism Unwrapped follows communist goods from producer to consumer tracing their circuitous routes In the communist world this journey was rife with its own meanings shaped by the special political and social circumstances of these societies In examining consumption behind the Iron Curtain this volume brings dimension and nuance to understandings of the communist period and the history of consumerism **East Central Europe** Lawrence D. Orton, 1989

**Peasants And Power** Joan Sokolovsky,2019-05-28 Focusing on events in Hungary and Poland from 1948 to 1962 Dr Sokolovsky shows why collectivization can best be understood as an element in state building for the new regimes of Eastern Europe For these countries policy options were constrained by dependence upon the Soviet Union and the economic demands of a newly industrializing society Econom *The Remote Borderland* Laszlo Kurti,2001-07-19 Explores how Transylvania figures in the Hungarian imagination and how this border region functions in the creation of national identity

Domesticating Revolution Gerald W. Creed,2010-11-01 The collapse of state socialism in 1989 focused attention on the transition to democracy and capitalism in Eastern Europe But for many people who actually lived through the transition the changes were often disappointing In *Domesticating Revolution* Gerald Creed explains this unexpected outcome through a detailed study of economic reforms in one Bulgarian village *Nature, Metaphor, Culture* Judit Baranyiné Kóczy,2017-11-03 This book analyses the emotional message of Hungarian folksongs from a Cultural Linguistic perspective employing a wide range of empirical devices It combines theoretical notions with analytical devices and has a multidisciplinary essence it relies on the latest Cultural Linguistic findings employing spatial semantics cognitive linguistics cognitive psychology and ethnography The book addresses key questions including How is nature conceptualized by a folk cultural group How are emotions and other mental states expressed via nature imagery with respect to metaphors and construal schemas The author argues that folksongs reflect the Hungarian peasant communities specific treatment of emotions captured in an underlying cultural schema reservedness This schema is grounded in principals of morality and tradition and governs the various levels of representation The main topics discussed are related to two core issues cultural metaphors and cultural schemas of construal in folksongs It provides a detailed example based on over 1000 folksongs of how a cultural group s cognition can be analyzed and better understood through a representative corpus based linguistic approach The research is also pioneering in constructing a comprehensive analysis framework adapted to folk poetry and offers an example of how cultural conceptualizations can be investigated in various discourse types Last but not least the book offers insights into the work of Hungarian linguists and folklorists concerning cultural conceptualizations which have largely been unavailable in English

*The Routledge History of East Central Europe Since 1700* Irina Livezeanu,Arpad von Klimó,2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher *Advances in Cultural Linguistics* Farzad Sharifian,2017-05-02 This groundbreaking collection represents the broad scope of cutting edge research in Cultural Linguistics a burgeoning field of interdisciplinary inquiry into the relationships between language and cultural cognition The materials surveyed in its chapters demonstrate how cultural conceptualisations encoded in language relate to all aspects of human life from emotion and embodiment to kinship religion marriage and politics even the understanding of life and death Cultural Linguistics draws on cognitive science complexity science and distributed cognition among other disciplines to strengthen its theoretical and analytical base The tools it has

developed have worked toward insightful investigations into the cultural grounding of language in numerous applied domains including World Englishes cross cultural intercultural pragmatics intercultural communication Teaching English as an International Language TEIL and political discourse analysis

**Women and Citizenship in Central and Eastern Europe** Joanna Regulska, 2017-03-02 The transformations seen in women's active citizenship in Central and Eastern Europe mirror the social political and economic transformations in the region since the fall of communism at the end of the 1980s This book challenges the universal notion of citizenship by focusing on the diversity of situations women in this region have found themselves in since the end of the 1980s looking at the challenges and struggles they have faced to assert themselves as citizens and their citizenship rights Featuring detailed case studies which demonstrate the social and political discrimination between women that still exists the book will be of interest to academics and post graduate students in women's gender studies political sociology and European studies

**Cadres and Corruption** Xiaobo Lü, 2000 The most up to date and comprehensive analysis of corruption and change in the Chinese Communist Party *Cadres and Corruption* reveals the long history of the party's inability to maintain a corps of committed and disciplined cadres Contrary to popular understanding of China's pervasive corruption as an administrative or ethical problem the author argues that corruption is a reflection of political developments and the manner in which the regime has evolved Based on a wide range of previously unpublished documentary material and extensive interviews conducted by the author the book adopts a new approach to studying political corruption by focusing on organizational change within the ruling party In so doing it offers a fresh perspective on the causes and changing patterns of official corruption in China and on the nature of the Chinese Communist regime By inquiring into the developmental trajectory of the party's organization and its cadres since it came to power in 1949 the author argues that corruption among Communist cadres is not a phenomenon of the post Mao reform period nor is it caused by purely economic incentives in the emerging marketplace Rather it is the result of a long process of what he calls organizational involution that began as the Communist party state embarked on the path of Maoist continuous revolution In this process the Chinese Communist Party gradually lost its ability to sustain officialdom with either the Leninist cadre or the Weberian bureaucratic mode of integration Instead the party unintentionally created a neotraditional ethos mode of operation and set of authority relations among its cadres that have fostered official corruption

*Democracy and Civil Society in Eastern Europe* Paul G. Lewis, 2016-07-27 The book presents an informed and wide ranging examination of issues surrounding the development and future prospects of civil society in Eastern Europe The contributions mostly by leading East European scholars relate the key concept of civil society to the processes that led to the collapse of communism and which bear on prospects for the establishment of a democratic order throughout the region The development of the concept is related to questions like those surrounding economic policy and reform and the women's movement

**Eastern Europe in the Twentieth Century - And After** R. J. Crampton, 2002-04-12 Covering all key Eastern European states and their history right up to the collapse of

communism this second edition of Eastern Europe in the Twentieth Century And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area Focusing on the attempt to create and maintain a functioning democracy this new edition now examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989 91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up to date bibliography Eastern Europe in the Twentieth Century And After provides an accessible introduction to this key area which is invaluable to students of modern and political history

**The Time Of The Gypsies** Michael Stewart, 2019-09-25 HIS IS A STUDY OF HOW some of the most marginal and exploited people that exist can imagine themselves to be princes of the world During the past two hundred years the Gypsies of Eastern Europe have faced near enslavement by land owners the physical and moral onslaught of the Nazi holocaust the fundamental challenge to their central values from the Communist state and the violent discrimination and dislocation caused by the return to capitalism One would have thought that the challenge would be too great that they would have suffered cultural

**East European Communities** David A. Kideckel, 2019-03-07 This book focuses on communities in the east European transition and the diverse issues which people face in them on a daily basis It is organized around three themes economic change and privatization the transformation of social and political organization and changing community belief system

**Equality by Design** Szonja Szelényi, 1999-01-01 Social mobility is a classic topic in sociology and Hungary presents an interesting case study for a number of reasons The communist regime that took power after World War II had the proclaimed goal of eliminating the abusive inequalities of the old regime and creating an egalitarian society it accordingly introduced numerous measures intended to favor the advancement of people with working class backgrounds That to some extent these policies worked cannot be disputed but over time did they simply replace one privileged class with another What happened during the communist reform era of the late 1970 s and 1980 s when Hungary went much further along the path of decentralizing the economy than any other Eastern bloc country What happened in the postcommunist era And what difference did such age old liabilities as being Jewish or female make There is as much scholarly debate over how to address these questions in an intellectually rigorous way as there is over the answers to them This study aims to contribute to the debate by analyzing random samples of both elites and the general population and by carrying out comparisons across presocialist socialist and postsocialist society Its main methodological goal is to explore the implications of carefully distinguishing between the effects of socialist reform on the distribution of inequality from its effects on the underlying rules by which inequality is allocated
