Six brothers started this mess, and now there's only one man left standing. Kiergan Oliphant considers himself the only sane one in his family, how else to explain why all five of his brothers have fallen in love and gotten married just because their father made a stupid ultimatum. Sure, the laird declared whichever son married and produced a son first would become his heir, but is that really any reason for a man to give up his freedom? Because if there's one thing Kiergan likes, it's freedom. And women. And those little berry tart things the cook makes. And the freedom to do things to and with women. So four Aye, four things he likes. Which is good because there's not much else he's good at. His brothers all have their talents and responsibilities, while Kiergan has been content to be relegated to the role of rake. He has no desire to be the next laird, which would not only mean less time for pleasure but being saddled with a wife. Ugh. No thank you. Of course, his father has other plans. Enter the MacKinnon sisters. Davina is beautiful, desirable, and would make a brilliant alliance for the Oliphant clan, while Katlyn is not.

So of course tis Katlyn who intrigues Kiergan with her strange eyes and even stranger ideas Katlyn MacKinnon knows exactly who she is and her worth as well Upon her birth the Devil himself marked her giving her eyes of two different colors Her curse means she ll never marry or secure alliances but that doesn t mean she can t have a little fun So what happens when these two independent hearts get caught in bed together Hilarious shenanigans of course Warning This book contains crude jokes lewd puns and more than a little slapstick Get ready to laugh out loud in this side splitting adventure full of secret passages revolving bookshelves a damned annoying ghost and one stubborn rake

Beginning to Look a Lot Like Christmas: A Novella Julianna Keyes, 2023-12-01 Hallmark with Snark Two rival travel writers are sent on a once-in-a-lifetime holiday to learn the true meaning of Christmas without killing each other. Eve Sherwood has never been a fan of Christmas. Too commercial, too busy. But when her editor assigns her to write a piece on Noelville, a special one-week Christmas experience she has to go. She knows her job is to write a predictable holiday story, but how much gingerbread can one girl eat? Will Fowler doesn't believe in magic or Christmas, and certainly not the magic of Christmas. And he's none too happy when he boards the train to Noelville and finds his nemesis, Eve Sherwood, already seated. Now he's supposed to tolerate the faux cheer and the snow and the non-stop jingle-belling with her sleeping in the quaint cabin next door. Eve and Will know this trip is a test to see who can set aside their disdain and write the most absurdly sappy story in order to win an upcoming promotion. They know how the standard holiday script goes: Cynical city person travels to a small town, helps save Christmas, and falls in love with the attractive local. But what happens when two cynical city people travel to Noelville, help save Christmas, and accidentally fall for each other? **Santa's Library: 400+ Christmas Novels,**
