Fredriksen,2001-12-05 This work chronicles the lives and accomplishments of over 200 enemies who have fought plotted spied on and in some instances defeated U S forces over the past three centuries Books on American military heroes abound But this book is the first to focus on America s talented enemies the generals admirals Indian chiefs and warriors submarine captains fighter pilots and spies who opposed the United States with military force or other means Often these military leaders were among the best minds of their times For more than two centuries the new nation s most constant military opponents were the Native Americans led by such capable chiefs as American Horse and Little Wolf Under D Iberville Canada s French colonialists became formidable foes but they were soon surpassed by the rigorously disciplined redcoats of Great Britain under Howe and Cornwallis Ironically the most effective enemies in the history of the United States were not the leaders of foreign military forces like Mexico s Santa Anna Japan s Yamamoto or Vietnam s Vo Nguyen Giap They arose from among its own citizens during the Civil War the bloodiest conflict in American history Native American Sovereignty

Molded in the Image of Changing Woman Maureen Trudelle Schwarz,2022-03-29 What might result from hearing a particular song wearing used clothing or witnessing an accident Ethnographic accounts of the Navajo refer repeatedly to the influences of events on health and well being yet until now no attempt has been made to clarify the Navajo system of rules governing association and effect This book focuses on the complex interweaving of the cosmological social and bodily realms that Navajo people navigate in an effort alternately to control contain or harness the power manifested in various effects Following the Navajo life course from conception to puberty Maureen Trudelle Schwarz explores the complex rules defining who or what can affect what or whom in specific circumstances as a means of determining what these effects tell us about the cultural construction of the human body and personhood for the Navajo Schwarz shows how oral history informs Navajo conceptions of the body and personhood showing how these conceptions are central to an ongoing Navajo identity She treats the vivid narratives of emergence life origins as compressed metaphorical accounts rather than as myth and is thus able to derive from what individual Navajos say about the past their understandings of personhood in a worldview that is actually a viable philosophical system Working with Navajo religious practitioners elders and professional scholars Schwarz has gained from her informants an unusually firm grasp of the Navajo highlighted by the foregrounding of Navajo voices through excerpts of interviews These passages enliven the book and present Schwarz and her Navajo consultants as real multifaceted human beings within the ethnographic context

"I Choose Life" Maureen Trudelle Schwarz,2014-10-20 How Navajos navigate the complex world of medicine Surgery

blood transfusions CPR and organ transplantation are common biomedical procedures for treating trauma and disease But for Navajo Indians these treatments can conflict with their traditional understanding of health and well being This book investigates how Navajos navigate their medically and religiously pluralistic world while coping with illness Focusing on Navajo attitudes toward invasive procedures Maureen Trudelle Schwarz reveals the ideological conflicts experienced by Navajo patients and the reasons behind the choices they make to promote their own health and healing Schwarz has conducted extensive interviews with patients traditional herbalists and ceremonial practitioners and members of Native American Church and Christian denominations to reveal the variety of perspectives toward biomedicine that prevail on the reservation and to show how each group within the tribe copes with health related issues She describes how Navajos interpret numerous health issues in terms of local understanding drawing on both their own and biomedical or Christian traditions She also provides insight into how Navajos use ceremonial practice and prayer to deal with the consequences of amputation or transplantation

The Earth Memory Compass Farina King, 2018-10-01 The Din or Navajo have their own ways of knowing and being in the world a cultural identity linked to their homelands through ancestral memory The Earth Memory Compass traces this tradition as it is imparted from generation to generation and as it has been transformed and often obscured by modern modes of education An autoethnography of sorts the book follows Farina King s search for her own Din identity as she investigates the interconnections among Navajo students their people and Din Bik yah or Navajo lands across the twentieth century In her exploration of how historical changes in education have reshaped Din identity and community King draws on the insights of ethnohistory cultural history and Navajo language At the center of her study is the Din idea of the Four Directions in which each of the cardinal directions takes its meaning from a sacred mountain and its accompanying element East for instance is Sis Naajin Blanca Peak and white shell West Dook o oos d San Francisco Peaks and abalone North Dib Nitsaa Hesperus Peak and black jet South Tsoodzi Mount Taylor and turquoise King elaborates on the meanings and teachings of the mountains and directions throughout her book to illuminate how Navajos have embedded memories in landmarks to serve as a compass for their people a compass threatened by the dislocation and disconnection of Din students from their land communities and Navajo ways of learning Critical to this story is how inextricably Indigenous education and experience is intertwined with American dynamics of power and history As environmental catastrophes and struggles over resources sever the connections among peoplehood land and water King s book holds out hope that the teachings guidance and knowledge of an earth memory compass still have the power to bring the people and the earth together
