Bitter,2023-03-21 In the mid to late 1660s and early 1670s the Haudenosaunee established a series of settlements at strategic locations along the trade routes inland at short distances from the north shore of Lake Ontario From east to west these communities consisted of Ganneious on Napanee or Hay Bay on the Bay of Quinte Kent near the isthmus of the Quinte Peninsula Ganarask at the mouth of the Ganaraska River Quintio on Rice Lake Ganatsekwyagon near the mouth of the Rouge River Teiaiagon near the mouth of the Humber River and Qutinaouatoua inland from the western end of Lake Ontario All of these settlements likely contained people from several Haudenosaunee nations as well as former Ontario Iroquoians who had been adopted by the Haudenosaunee These self sufficient places acted as bases for their own inhabitants but also served as stopovers for south shore Haudenosaunee on their way to and from the beaver hunt beyond the lower Great Lakes The Cayuga village of Kent was where in 1668 the Sulpicians established a mission by the same name which became the basis for the region s later name of Quinte In 1676 a short lived subsidiary mission was established at Teiaiagon It appears that most of the north shore villages were abandoned by 1688 This volume brings together traditional Indigenous knowledge as well as documentary and recent archaeological evidence of this period and focuses on describing the historical context and efforts to find the settlements and presents examinations of the unique material culture found at them and at similar communities in the Haudenosaunee homeland Available formats trade paperback and accessible PDF *William Wye Smith* Scott A.

McLean, Michael E. Vance, 2008-11-10 Many writers of the late nineteenth and early twentieth centuries emphasized the virtues of early rural pioneers and life on the land as a general criticism of what they perceived to be the negative alienating influence of Ontario's rapid urban and industrial expansion. Such work often highlighted the difficulties the recent emigrant faced: the clearing of forest and the breaking of new ground, the isolation and long Canadian winters; however, they in turn celebrated the progress demonstrated in the pioneer's domination over nature, the establishment of thriving communities and the extension of transportation networks. William Wye Smith, a popular nineteenth-century Upper Canadian poet, was no exception. Smith prepared his *Canadian Reminiscences*, a hand-written compilation of anecdotes collected during his lifetime that relate to his experience as journalist, clergyman, and son of Scottish settlers, to provide his own unique perspective of pioneer life. This fully annotated version of Smith's unpublished manuscript highlights Smith's unwitting testimony to the social life of the province, his relationship to the construction and maintenance of Scottish and Canadian identity, as well as his position in literary history.

Care Home Stories Sally Chivers, Ulla Kriebner, 2018-03-15 Institutional care for seniors offers a cultural repository for fears and hopes about an aging population. Although enormous changes have occurred in how institutional care is structured, the legacies of the poorhouse still persist, creating panicked views of the nursing home as a dreaded fate. The paradoxical nature

of a space meant to be both hospital and home offers up critical tensions for examination by age studies scholars The essays in this book challenge stereotypes of institutional care for older adults illustrate the changes that have occurred over time and illuminate the continuities in the stories we tell about nursing homes **Look Ma, No Hands** Gabrielle

Drolet, 2025-05-20 A humorous profound debut memoir about chronic pain accessibility and young adulthood by an acclaimed essayist and cartoonist In 2021 Gabrielle Drolet developed a condition that made her unable to use her hands It only worsened over time and as a writer and artist she had to learn new ways of creating and expressing herself The experience completely changed her life and her outlook Look Ma No Hands explores both the difficulty and the humour of developing chronic and life altering pain in her twenties Each chapter looks at a different aspect of her life touched by her disability how she learned to write when she couldn't type how she learned to manage the most mundane daily tasks She moves cities and as her work as a writer and cartoonist builds has to navigate different byzantine health systems without the privilege or security of having a family doctor even as she moves into her new apartment and embarks on first dates And she does all of this with the most wonderful sense of the absurd Look Ma No Hands is utterly charming and shares profound reflections on life's curveballs and explores how in Drolet's words you can live a full even funny life in a disabled body
