Body and Gender Roberta Sassatelli, Rossella Ghigi, 2023-12-11 Even though we often think of bodies as natural and given or else as freely plastic objects bodies are both constructed and fundamental to our sense of self This book investigates the body as an essential vector of inequality shaped by institutions interaction and culture and how in turn it contributes to partly modify them Sassatelli and Ghigi show how the process of embodiment is at the same time naturalized and contested particularly evident in the case of gender Drawing on classical sociological research about modernity and contemporary studies that emphasize intersectionality the book looks at how the gendered body has been conceptualized with special attention to body politics the power of appearance and the representation of embodied identity It also considers the interplay between body sex and sexuality and the way gendered bodies intersect with other dimensions of social inequality such as race age class and disability This exploration of the rich field of sociological inquiry into the gendered body will be an invaluable read for all seeking to understand gender sexuality and embodiment in contemporary society *Good Company (Issue 2)* Grace Bonney, 2018-10-23 Inspired by her New York Times bestseller *In the Company of Women* Grace Bonney's *Good Company* is the innovative and supportive journal for women and nonbinary creatives at every stage of life founded on the power of inclusivity diversity and celebrating the differences that unite Its mission is to provide motivation inspiration advice and a vital sense of connection and community The Fearless Issue tackles the subject at the heart of any kind of ambition failure with articles from Luvvie Ajayi Jenna Wortham Rhea Butcher and others on how to turn fear into creative fuel facing the dreaded sophomore slump the power of co working spaces to help create a fearless sense of community and so much more The Fearless Issue continues *Good Company*'s mission to provide an energetic and highly stimulating place to connect learn grow and work through the challenges that women across the spectrum experience in pursuing their passions and dreams We all fail but it's how we fail and how we recover that separates a positive experience from a negative one This issue shares words stories life lessons and more as it explores something we all shun yet which has a power unlike any other to help us succeed **Insiders' Guide® to Washington, D.C.** Jason Rich, 2010-01-26 Majestic monuments and memorials Renowned museums Top notch restaurants and hotels A truly world class town A personal practical perspective for travelers and residents alike Comprehensive listings of attractions restaurants and accommodations How to live thrive in the area from recreation to relocation Countless details on shopping arts entertainment and children's activities Misogyny in American Culture Letizia Guglielmo Ph.D., 2018-10-01 This set surveys American misogyny in all its cultural forms from popular music film and education to healthcare politics and business The work also assesses proposals to confront and reduce such expressions of hatred The essays contained in this two volume set explore misogyny within various areas of American culture

to demonstrate its pervasiveness and identify common foundations of its many presentations Beyond a basic definition of misogyny which includes hatred of women and girls and the ways in which this hatred and distrust influences action speech discrimination policy and culture in the United States this project also aims to expand and complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic Given the current political and cultural climate and the more frequent and widespread use of the term misogyny by various media outlets and voters during the 2016 presidential election this book has the potential both to contribute to ongoing conversations on misogyny and among its intended audience of advanced high school beginning college students and the general public to inform a shift currently unfolding in public conversation on the topic
