A Gentleman of France

Stanley Weyman, 2018-01-19 The death of the Prince of Conde which occurred in the spring of 1588 by depriving me of my only patron reduced me to such straits that the winter of that year which saw the King of Navarre come to spend his Christmas at St Jean d Angely saw also the nadir of my fortunes I did not know at this time I may confess it to day without shame wither to turn for a gold crown or a new scabbard and neither had nor discerned any hope of employment The peace lately patched up at Blois between the King of France and the League persuaded many of the Huguenots that their final ruin was at hand but it could not fill their exhausted treasury or enable them to put fresh troops into the field

Transnational France Tyler Stovall, 2018-04-20 In this compelling volume Tyler Stovall takes a transnational approach to the history of modern France and by doing so draws the reader into a key aspect of France s political culture universalism Beginning with the French Revolution and its aftermath Stovall traces the definitive establishment of universal manhood suffrage and the abolition of slavery in 1848 Following this critical time in France s history Stovall then explores the growth of urban and

Medieval Architecture

Nicola Coldstream, 2002. Medieval architecture comprises much more than the traditional image of Gothic cathedrals and the castles of chivalry. A great variety of buildings, synagogues, halls, and barns testify to the diverse communities and interests in western Europe in the centuries between 1150 and 1550. This book looks at their architecture from an entirely fresh perspective, shifting the emphasis away from such areas as France towards the creativity of other regions, including central Europe and Spain. Treating the subject thematically, Coldstream seeks out what all buildings, both religious and secular, have in common and how they reflect the material and spiritual concerns of the people who built and used them. Furthermore, the author considers how and why, after four centuries of shaping the landscapes and urban patterns of Europe, medieval styles were superseded by classicism.
