Various Authors

Looking It Up Learning Library Skills:

Library Skills (ENHANCED eBook) Sylvia J. Duncan, 1989-09-01 This book demonstrates the usefulness of libraries and books by presenting a basic overview of how to find and use library materials Many of the exercises require visits to a school or public library Most of the worksheets can be completed with minimal assistance from the teacher The work study pages reflect the changing world of libraries and information centers New technology affecting present libraries and libraries of the future is introduced and explained on these pages

Systematic Instruction of Functional Skills for Students and Adults with Disabilities Keith Storey, 2022-03-01 This book provides an overview of systematic instructional strategies and is written in a format so that teachers and other service providers can immediately put the information to use It specifically focuses upon systematic instruction for individuals with disabilities school age and adults and is generic across age groups as well as disability labels The book focuses on improving instructional practices for students and adults with disabilities Practitioners may understand the importance of placing individuals in different settings e g inclusive classrooms supported employment sites but not understand how to improve their skills once they are in that setting This book is intended to give teachers and other service providers the instructional skills for improving the skills of the individuals that they are serving The most unique feature of the text is that it is written specifically for practitioners in the field teachers and adult service providers as well as those in training rather than being written for other academics An advantage of this book is that those preparing teachers and others can easily use it in methods courses as it covers instructional methodology that is seldom covered in detail in most texts College instructors will find the book a good choice for their classes based upon the consistent format throughout the book the readability of the book for students the comprehensive coverage of systematic instruction and the direct applicability to applied settings Others providing instruction supervision and training to direct service providers will find this book useful such as those working in schools as well as those in transition and adult service settings

Resources in Education, 1993

library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field **Routledge Library Editions: Adult Education** Various Authors,2021-07-14

Against a background of profound worldwide social and economic change the concept of lifelong learning has come increasingly into the public eye As educators and policy makers rethink the meaning of education the purpose of schooling and the place of learning in our everyday lives educational institutions are opening up to those traditionally deprived of the opportunity The books in this set originally published between 1979 and 1992 including global case studies reflect upon major issues confronting adult educators worldwide and discuss the role of adult education in social and community action examine the relationship between class and adult education look at the concept of culture and the transmission of cultural values in relations to adult education evaluate the role of adult education in reducing unemployment *The Intersection of Library Learning and Second-Language Learning* Karen Bordonaro,2013-12-01 Language learning and library learning in a university setting are closely related endeavors that intersect at various times and locations and with various teachers and learners This book is an examination of how these intersections are experienced by language learners Its aim is to explore the two types of learning to help sustain and develop the learning in both areas The Intersection of Library Learning and Second Language Learning Theory and Practice is aimed at practitioners both librarians and language instructors and describes everyday scenarios which will resonate with academic librarians and language instructors It presents practical experiences and accompanies them with a consideration of the literature of both librarianship and language education It reviews and evaluates professional practices employed by working librarians and language instructors in their dealings with international students Considerations of the intersections between language learning and library learning are placed within a theoretical framework of learner autonomy This framework offers librarians and language instructors methods and practices that enable students to take control of their learning in the areas of both language learning and library learning A concluding chapter offers ways to connect the framework of learner autonomy to settings outside that of a university context **Mobile Technologies for Every Library** Ann Whitney Gleason,2015-03-19 If you are wondering what mobile technology adoption means for your library or how to get started Mobile Technologies for Every Library will answer your questions Wondering what the opportunities and pitfalls are of mobile technology use in libraries This book will answer these questions Thinking of starting a mobile program in your library Want to improve on existing services or add new ones This book will answer your questions about platforms options security best practices and more The book will preview many useful apps for libraries Web links and resources are also included Chapter coverage includes history and existing types of mobile technologies mobile devices and supporting technology ways to provide mobile technology for your users a survey of currently available apps ways to use mobile technology for library work best practices and future directions Each chapter is organized by subtopics

with tips and examples from real library programs to help you get started *Widening Horizons for Educating the Gifted and General Education* Sujatha A. Krishna Rao, 2010-04-04 When schools neglect gifted children or inadequately nurture them due to lacunae in gifted and or general education precious talents are lost both to the gifted and to society What is the remedy **Librarians and Educators Collaborating for Success** Marcia A. Mardis, 2016-12-05 The first in the IASL Libraries Unlimited partnership series this book features contributions written by authors from around the world about their effective collaboration experiences Collaboration between teachers and school librarians is a topic that is often discussed in the quest for educational excellence but the international perspective is something that is rarely explored This text documents the collaboration endeavors in international school libraries and drawing upon research and direct experience demonstrates effective collaboration experiences in a range of countries It also features selected brief case studies as well as several original essays on the topic of collaboration between teachers and teacher librarians in curriculum planning The result of a joint effort between Libraries Unlimited and the International Association of School Librarianship IASL this book shows how collaboration with teachers looks in the international arena It addresses topics such as collaborating for success with student searching the roles of librarians and teachers in the research process principal involvement information literacy inquiry based learning use of digital resources models of collaboration for diversity and evaluation of collaboration Additionally the current research findings presented will offer readers new insights into their profession Library Services for Open and Distance Learning Marie Kascus, ALEXANDE L. SLADE, 2000-06-15 As the electronic era blurs the boundaries between conventional and distance education and between remote and in person library users the literature on library issues and distance learning has proliferated immensely This work helps you keep abreast of the phenomenal changes taking place in the field of education and the issues they raise for libraries Identifying and describing more than 750 works published since its precursor was completed in 1995 the book provides a comprehensive record of the current literature about distance and open learning in post secondary education programs The authors cover all types of materials from around the world ranging from brief news items to major research reports and dissertations In this edition special emphasis is given to web based distance education Access is provided through four indexes author geographical institution and subject and indexes are cumulative from the previous two bibliographies **Library Research Assignments** Evelin Sanders, 1995-01-01 Provides research assignments in eight subjects to teach students library use and writing skills **A Complete Guide to Training Library Staff** Emily Leachman, A. Garrison Libby, 2024-11-14 This practical guidebook presents an infrastructure for training library staff starting with a robust onboarding process and continuing through a staff member's entire duration at an institution Because library services and resources can change rapidly ongoing training is an important aspect of library operations Training can be a particular challenge at large multi branch library systems because it can be difficult to ensure all staff are able to receive the relevant information Written for library managers and training leaders A Complete Guide to

Training Library Staff presents a comprehensive lifecycle for staff development with a focus on tools and techniques to build a sustainable training program set staff up for success in their positions and develop a positive and supportive community across the library Authors Emily Leachman and A Garrison Libby spearheaded their library's movement to largely online trainings which are inclusive of staff at all branch locations This practical guidebook helps managers and trainers develop a comprehensive plan that allows new staff to quickly become acquainted with the operations of the library provides ongoing training to make staff aware of new procedures and services and creates a collaborative and supportive training environment to empower staff to learn and lead

Theological Foundations John J. Mueller, 2007 Here a team of award winning teaching scholars has come together to create an introductory text that offers a truly unique and innovative contribution to the discipline of theological studies This first book provides students of any religious tradition with the foundational skills vocabulary conceptual understanding and research abilities that they need to succeed in theology and religious studies Theological Foundations provides the following Ten chapters that introduce the major sub disciplines of theology creating a well rounded source for understanding the discipline as a whole Contributions that are clear accessible and steeped in content A strong basis for vigorous intellectual and personal exploration of life and our relation to God Flexibility that allows the instructor to assign readings in any order that fits his or her syllabus A one of a kind integrated library research component From the Reference Librarian which teaches students the foundational skills needed for successful study in theology and in any academic discipline

The Concept of Education (International Library of the Philosophy of Education Volume 17) R.S. Peters, 2010-02-25 A collection that provides comprehensive coverage of a complex theme which is of interest to those involved in the fields of philosophy and education alike

Practical Pedagogy for Library Instructors Douglas Cook, Ryan L. Sittler, 2008 Presents case studies that cover the broad spectrum of education from behavioral to cognitive to constructivist This casebook is suitable for librarians who have had little formal training in education

Routledge Library Editions: Education Management Various, 2021-07-29 Reissuing works originally published between 1975 and 1997 this collection includes books covering all aspect of managing schools from primary to further education With an international selection of authors some volumes present case studies while others address wider areas of concern in the management of educational institutions Individual volumes concern special schools and specific types such as the grant maintained system in the UK Topics cross over from finance to staff development to politics and governance to innovation This is an excellent varied set for any education management bookshelf

Instructor, 1967

School Library Makerspaces in Action Heather Moorefield-Lang, 2018-03-05 Maker learning spaces in schools and public libraries are made real through the narratives of professional librarians around the world comprising the collaborative activities experiences and perspectives of librarians as they have implemented makerspaces for students of all ages School Library Makerspaces in Action is for any librarian looking for inspiration for their own makerspaces hackerspaces fablabs or DIY

locations and how to use these spaces in libraries and educational settings Contributions from authors around the world address the needs of most all readers including how to provide the staff training necessary for a successful makerspace Each chapter is written from an author s personal experience and with only a little fine tuning and imagination many of these ideas can be used throughout all levels disciplines and subjects in K 12 education and carry over into higher education The successes and optimism shared in this collection will inspire librarians and educators to think positively about how to implement maker learning locations train staff and use makerspaces in their libraries and classrooms to promote and share new ideas
