Elfers, 2003-01-01 During the winter of 1913 and the spring of 1914 the New York Giants and the Chicago White Sox took a trip around the world Organized by crusty John McGraw of the Giants and the White Sox's Charles Comiskey it was a trip of epic proportions a tour to end all tours recreated here in all its monumental sweep and comical detail This book follows the two teams whose members include Christy Mathewson Jim Thorpe and half a dozen other future Hall of Famers as they barnstorm across the United States and sail the seas to Asia the Middle East and Europe finishing with a game before twenty thousand fans and King George V Along the way baseball's envoys meet such dignitaries as Pope Pius X tea magnate Thomas Lipton and the last khedive of Egypt They play the tables of Monaco survive a near shipwreck and cram a lifetime's worth of adventures into six months Their story told here for the first time gives readers a glimpse into baseball history and the innocence and spirit of a long gone era James E Elfers is a library analyst at the University of Delaware The Politics of Egypt Ninette S. Fahmy, 2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case

represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres
