Model Selected Writings Of Kenneth Seaforth Mckenzie:

The Model Kenneth Mackenzie, Robert Finlay-Jones, 2000 This collection brings together for the first time selections from all Mackenzie's published works as well as previously unpublished manuscripts and includes a biographical essay from p 4 of cover

Bauhaus on the Swan Sally Quin, 2015 German artist Elise Blumann arrived in Western Australia in 1938 having fled Nazi Germany in 1934 With her husband and two sons she set up home on the banks of the Swan River and began to paint Over the next ten years she produced a series of portraits set against the river and the Indian Ocean and pursued an analysis of plant forms to brilliant effect In this study Sally Quin traces Blumann's formative student years in Berlin and her first decade in Australia where the artist reinvented her working method in response to the intense light and colour of the local landscape Blumann was a conservative modernist but the Perth art scene was not prepared for her expressive style and when she exhibited for the first time in 1944 her art was met with bewilderment The book considers attitudes to modernism in Perth and the influence on local culture of European refugees and emigrants newly arrived in the city Quin establishes Blumann as a significant figure in the story of Australian modernism Publisher's description

Mick Suzanne Falkiner, 2016 Randolph Stow was one of the great Australian writers of his generation His novel *To the Islands* written in his early twenties after living on a remote Aboriginal mission won the Miles Franklin Award for 1958 In later life after publishing seven remarkable novels and several collections of poetry Stow's literary output slowed This biography examines the productive period as well as his long periods of publishing silence In *Mick A Life of Randolph Stow* Suzanne Falkiner unravels the reasons behind Randolph Stow's quiet retreat from Australia and the wider literary world Meticulously researched insightful and at times deeply moving Falkiner's biography pieces together an intriguing story from Stow's personal letters diaries and interviews with the people who knew him best And many of her tales from Stow's beginnings in idyllic rural Australia to his critical turning point in Papua New Guinea and his final years in Essex England provide us with keys to unlock the meaning of Stow's rich and introspective works The overriding virtue of this book is Falkiner's steady trust in the intelligence of her readers She spells very little out presenting us instead with this carefully curated wealth of textual evidence

Kerry Goldsworthy Australian Book Review Finally we have some sense of the wounds that shaped and animated Stow's poetry and fiction

Geordie Williamson The Australian Suzanne Falkiner's prodigious biography of Randolph Stow is a book long awaited by many not just the literati of his native Australia but those countless readers who feasted on his novels and wondered what kind of person could write with such imaginative power Not only do we come to appreciate what led this renowned Australian writer to create his celebrated fictional works but we are also given rare glimpses into the inner world of this most private individual whose personal demons included a dependence on alcohol two suicide attempts and struggles with homosexuality Falkiner cut her teeth on six previous biographies which stood her in good stead to tackle this challenge Against significant odds she has done a masterful job in painting a portrait of one of Australia's most revered writers somewhat akin to what

compatriot David Marr did for Nobel Prize winning author Patrick White It will no doubt send readers scurrying back to Stow's novels which as Marr once said is the best news a biographer can hear World Literature Today January February 2017 Subject Biography Literary Criticism **Australian Writers, 1915-1950** Selina Samuels, 2002 The starting date for this volume is central to Australia's self definition it is the year of the most famous battle in Australian military history Gallipoli during World War I It marked the first time that Australians fought as a nation rather than part of the British military and the Gallipoli campaign has come to signify a legendary image of the Australian character one who is brave in the face of danger stoic in adversity and loyal to one's comrades **Westerly**, 2000 **Australian Book Review**, 2001 *Current contents Arts and Humanities*, 2002 *Australian Literary Studies*, 2003 **Overland**, 2002 Censorship and the Limits of the Literary Nicole Moore, 2015-08-27 Though literature and censorship have been conceived as long time adversaries this collection seeks to understand the degree to which they have been dialectical terms each producing the other coeval and mutually constitutive On the one hand literary censorship has been posited as not only inescapable but definitive even foundational to speech itself On the other especially after the opening of the USSR's *spekstrahn* those enormous collections of literature forbidden under the Soviets the push to redefine censorship expansively has encountered cogent criticism Scholars describing the centralised control of East German print publication for example have wanted to insist on the difference of pre publication state censorship from more mundane forms of speech regulation in democracies Work on South African apartheid censorship and book banning in colonial countries also demonstrates censorship's formative role in the institutional structures of literature beyond the metropole Censorship and the Limits of the Literary examines these and other developments across twelve countries from the Enlightenment to the present day offering case studies from the French revolution to Internet China Is literature ever without censorship Does censorship need the literary In a globalizing era for culture does censorship represent the final failed version of national control
