Modern Canoeing:

Modern Canoeing. [With Illustrations.] C. S. ARTHUR (Writer on Canoeing.),1963 **Rushton and His Times in American Canoeing** Atwood Manley,1977-08-01 This is the story of J Henry Rushton a native of northern New York State who became world famous as a builder of canoes He and his craft were at the center of notable events in canoeing history in the nineteenth and early twentieth centuries Rushton was born in 1843 in a small settlement on the edge of the Adirondack wilderness In his thirties seeking to cure himself of consumption in the mountain air he built a boat for a trip into the woods Tradition has it friends asked Rushton to build boats for them too and his career was started Rushton was fortunate in his patrons In 1880 he was approached by the outdoor writer George Washington Sears better known by his pen name 11Nessmuk A frail man Nessmuk asked Rushton to build him an exceptionally lightweight canoe Nessmuk s solitary tours of Adirondack waterways in the 10 3 4 pound Sairy Gamp set a new trend in sports life His letters in the journal Forest and Stream did much to popularize unguided travel through the wilderness and to spread Rushton s fame Many illustrations including two previously unpublished sketches by Frederic Remington help tell the story here Five appendixes include Rushton s catalog descriptions of his construction methods a reprint of an article by Nessmuk an account of the Rushton canoes extant today drawings and specifications of seven of these extant canoes and a lengthy discussion by Harry Rushton of his father s methods of craftsmanship **Canoe and Kayak Handbook** British Canoe Union,2002 This handbook is an invaluable source of information for both novice and expert For the beginner it provides an overview of all aspects of the different paddle sports whilst the expert can use it as an update to the current theory and practice Canoe and Canvas Jessica Dunkin,2019-08-22 Canoe and Canvas offers a detailed portrait of the summer encampments of the American Canoe Association between 1880 and 1910 The encampments were annual events that attracted canoeing enthusiasts from both sides of the Canada US border to socialize race canoes and sleep under canvas While the encampments were located away from cities they were still subjected to urban logic and ways of living The encampments thus offer a unique site for exploring cultures of sport and leisure in late Victorian society but also for considering the intersections between recreation and the politics of everyday life A social history of sport Canoe and Canvas is particularly concerned with how gender class and race shaped the social cultural and physical landscapes of the ACA encampments Although there was an ever expanding arena of opportunity for leisure and sport in the late nineteenth century as the example of the ACA makes clear not all were granted equal access Most of the members of the American Canoe Association and the majority of the campers at the annual encampments were white middle class men though white women were extended partial membership in 1882 and in 1883 they were permitted to camp on site Canoe and Canvas also reveals how Black Indigenous and working class people while obscured in the historical record were indispensable to the smooth functioning of these events through their labour

Canoeing in Kanuckia Charles Ledyard Habberton, John Norton, 2018-09-21 Reproduction of the original *Canoeing in Kanuckia* by Charles Ledyard Norton John Habberton

Canoe Nation Bruce Erickson, 2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In *Canoe Nation* Bruce Erickson argues that the canoe s sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada that overvalues the nation s connection to nature From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe authenticates Canada s reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics

The Canoe and White Water C.E.S. Franks, 1977-12-15 The exhilaration of challenging and surviving rapids in a fragile canoe has made white water canoeing one of the fastest growing sports in Canada Much of

this book is concerned with analyzing white water with the techniques for handling it rather than trying to conquer it by brute force with canoeing safety and with the planning and organizing of safe but adventurous trips But The Canoe and White Water goes far beyond primers in canoeing skills It sets the sport in the contexts of history technology geology and physics The author describes how canoes have been made over the centuries the factors governing their design and the features to look for in choosing one today In tracing the history of the canoe he rediscovers part of the Canadian heritage His own experience has led him to pursue the sciences which help the canoeist understand the sport he discusses the physics of river turbulence the geological formation of rivers and environmental questions His interests range from the personal rights of modern canoeists to the eating habits of the voyageurs of old The book reflects his enthusiasm and his research The text is illustrated with modern photographs instructive drawings of paddle strokes and river situations It is a clear concise and interesting account which will delight the enthusiast and intrigue the curious **Canoeing and Kayaking** Lois

Rock,2009-08-15 Presents an introduction to the outdoor sports of canoeing and kayaking with information on the equipment used skills and techniques and different types of canoeing and kayaking **Canoeing** Laurie Gullion,1994 Includes instruction in basic skills choosing the right equipment safety guidelines and conditioning exercises
