Modern China's Search For A Political For:

Law and Politics in Modern China Sharron Gu, 2009 This is an original interdisciplinary study of Chinese law its language and political institution Evolving within a complex literary framework over thousands of years Chinese language has lost its conceptual distinctiveness to its multilevel and overlapping meanings and connotations Chinese law has become inflated with contrary rulings and exceptions This mass of rules requires an extra lingual legal authority to redefine boundaries and specify applications This book follows and continues the author's *The Boundaries of Meaning and the Formation of Law* McGill University Press by illustrating how language shapes the formation application and administration of law in various cultural environments *Law and Politics in Modern China* is an important book for those interested in Chinese history culture law and politics It also provides refreshing insights about the way that law continues to function after its language matures and creates contradictions and loopholes within its system of rules one of the most important issues facing Western legal administration in the immediate future

Lin Yutang and China's Search for Modern Rebirth Suoqiao Qian, 2017-10-20 This book provides a comprehensive examination of the socio cultural and political context of modern China in terms of its interaction with America and the West focusing on the influence of the well known Chinese writer and intellectual Lin Yutang 1895-1976 Offering a unique study of the life and works of Lin Yutang it highlights his intellectual legacy in modern China and considers how his cross cultural life and ideas embodied the modern Chinese cultural experience It notably focuses on Lin's reputation as an outspoken critic of the infringement of human rights during the rise of the Communist regime in China but also on his rediscovery of Chinese cultural resources At a time when China's cultural contributions are increasingly relevant worldwide this book contributes to ongoing critical reflections of Chinese modernity particularly in terms of its intellectual legacies but also to a renewed understanding of the cross cultural interactions between China and America and a re opening the dialogue and search for a new cultural understanding

Popular Protest And Political Culture In Modern China Jeffrey N Wasserstrom, 2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsing yuan's eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo one of China's most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras

China Contested Matthew J. Flynn, 2009 Examines the history of China from ancient times to the present **A Modern Chinese Journey to the West** Ulrich Killion, 2006 This book begins and perhaps should end with an excerpt from the writings of the late eminent Chinese scholar Fung Yu lan or Feng Youlan 1895-1990 who wrote The ancient Chinese culture is an inherent factor determining the Chinese style If the latter enunciation of Fung Yu lan stirs one's interest in Chinese culture for the typical reasons such as an interest in ancient periods of China romanticism which focuses on the exotic and mysterious for example Zen Buddhism and Taoism or simply as the source of exotic objects d'art then all the better Because for a typical Westerner bound in Western conventionalism and parochialism engendering an understanding of the policies and practices of the People's Republic of China China necessitates understanding a modern China in light of Chinese traditional culture or philosophy or a China in antiquity The consequence of Chinese traditional culture affects many political economy concerns of modern China ranging from socio economic political to international trade and other concerns Indeed philosophical antecedents influence modern Chinese policies and practices **The Search for Modern China** Jonathan D. Gender Politics in Modern China Tani E. Barlow, 1993 Through the lens of modern Chinese literature Gender Politics in Modern China explores the relationship between gender and modernity notions of the feminine and masculine and shifting arguments for gender equality in China Ranging from interviews with contemporary writers to historical accounts of gendered writing in Taiwan and semi colonial China to close feminist readings of individual authors these essays confront the degree to which textual strategies construct notions of gender Among the specific themes discussed are how femininity is produced in texts by allocating women to domestic space the extent to which textual production lies at the base of a changing historically specific code of the feminine the extent to which women in modern Chinese societies are products of literary canons the ways in which the historical processes of gendering have operated in Chinese modernity vis vis modernity in the West the representation of feminists as avengers and as westernized women and the meager recognition of feminism as a serious intellectual current and a large body of theory Originally published as a special issue of Modern Chinese Literature Spring Fall 1988 this expanded book represents some of the most compelling new work in post Mao feminist scholarship and will appeal to all those concerned with understanding a revitalized feminism in the Chinese context Contributors Carolyn Brown Ching kiu Stephen Chan Sung sheng Yvonne Chang Yu shih Chen Rey Chow Randy Kaplan Richard King Wolfgang Kubin Wendy Larson Lydia Liu Seung Yeun Daisy Ng Jon Solomon Meng Yue Wang Zheng
