The Political Philosophy of Pierre Manent Joseph R. Wood, 2024-08-30 This book presents and evaluates the understanding of political form in the work of Pierre Manent The study of political form is Manent's central philosophical task He is interested in the nature of man in the action that makes us human and thus in politics and political action as privileged windows into human nature and what it is to be human Manent places himself in the classical political tradition with its foundations in human nature and in a politics that accords with nature He also situates himself within a triangle of faith philosophy and politics all of which interest him as part of the reality of things even as he avoids an exclusive commitment to any one vertex in his investigation The book first examines the major influences on Manent the overarching questions that guide his work on political form the theologico political question and the question of the modern difference with the ancient view of man and politics and his two intertwined paths of inquiry into political events and political thought Manent describes political forms as the modes of human association that no science has taken as its specific object City empire Church national monarchy or nation state and modern state are the principal forms that he examines The book discusses Manent's thinking on each form in turn together with the tensions that propel the changes or motion in political form that Manent sees as driving and revealing the course of European political development Using the work of Alasdair MacIntyre Russell Hittinger Étienne Gilson Robert Sokolowski and Francis Slade the book evaluates Manent's insights into the modern state and political condition which he judges to be exhausted as well as his call for the preservation of the form of the nation marked by Christianity

The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century Peter E. Gordon, Warren

Breckman,2019-08-29 The Cambridge History of Modern European Thought is an authoritative and comprehensive exploration of the themes thinkers and movements that shaped our intellectual world in the late eighteenth and nineteenth century Representing both individual figures and the contexts within which they developed their ideas each essay is written in a clear accessible style by leading scholars in the field and offers both originality and interpretive insight This second volume surveys twentieth century European intellectual history conceived as a crisis in modernity Comprised of twenty one chapters it focuses on figures such as Freud Heidegger Adorno and Arendt surveys major schools of thought including Phenomenology Existentialism and Conservatism and discusses critical movements such as Postcolonialism Structuralism and Post structuralism Renouncing a single master narrative of European thought across the period Peter E Gordon and Warren Breckman establish a formidable new multi faceted vision of European intellectual history for the global modern age

Privilege and Liberty and Other Essays in Political Philosophy Aurel Kolnai,1999-01-01 We are currently witnessing an increasingly influential counterrevolution in political theory evident in the dialectical return to classical political science pioneered most prominently by Leo Strauss and Eric Voegelin In this context the work of the relatively unknown Aurel Kolnai is of great importance Kolnai was one of the greatest thinkers of the twentieth century to place the restoration of common sense evaluation and philosophical realism at the center of his philosophical and political itinerary In this volume Daniel J Mahoney presents Kolnai s major writings in political philosophy writings that explore in ways that are diverse but complementary Kolnai s critique of progressive or egalitarian democracy The title essay contains Kolnai s fullest account of the limits of liberty understood as emancipation from traditional natural or divine restraints The Utopian Mind a pr cis of Kolnai s critique of utopianism in a posthumous book of the same title appears here for the first time Conservative and Revolutionary Ethos Kolnai s remarkable 1972 essay comparing conservative and revolutionary approaches to political life appears for the first time in English translation The volume also includes a critically sympathetic evaluation of Michael Oakeshott s Rationalism in Politics and an incisive criticism of Jacques Maritain s efforts to synthesize Christian orthodoxy and progressive politics Privilege and Liberty and Other Essays in Political Philosophy is a searching critique of political utopianism as well as a pathbreaking articulation of conservative constitutionalism as the true support for human liberty properly understood It is a major contribution to Christian and conservative political reflection in our time *The Fragility of Consciousness* Frederick G. Lawrence,2017-01-23 Frederick G Lawrence is the authoritative interpreter of the work of Bernard Lonergan and an incisive reader of twentieth century continental philosophy and hermeneutics The Fragility of Consciousness is the first published collection of his essays and contains several of his best known writings as well as unpublished work The essays in this volume exhibit a long interdisciplinary engagement with the relationship between faith and reason in the context of the crisis of culture that has marked twentieth and twenty first century thought and practice Frederick G Lawrence with his profound and generous commitment to the intellectual life of the church has produced a body

of work that engages with Heidegger Gadamer Habermas Ricoeur Strauss Voegelin and Benedict XVI among others These essays also explore various themes such as the role of religion in a secular age political theology economics neo Thomism Christology and much more In an age marked by social cultural political and ecclesial fragmentation Lawrence models a more generous way one that prioritizes friendship conversation and understanding above all else

Leo Strauss and His Legacy John Albert Murley, 2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss's students and their students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss's own complete bibliography and that of one of his most revered students George Anastaplo

The Modern Turn Michael Rohlf, 2017-12 What is the modern turn in philosophy In other words what are the features that make modern philosophy distinctively modern in contrast with the pre modern philosophy from which it emerged for example medieval scholasticism Renaissance philosophy and ancient Greek and Roman thought How did the modern turn in philosophy transpire That is what did specific philosophers contribute that shaped the distinctive character of modern philosophy The twelve essays in this volume seek to address these questions and in doing so they exemplify and contribute to a rich debate about the nature and value of modern philosophy This volume approaches the modern turn not as an event that occurred all at once but rather as a series of shifts in different areas of philosophy at different times The essays are arranged broadly in chronological order of the topics they treat Among the themes that recur most often in these essays are first that modern philosophy is characteristically preoccupied with questions about foundations and second that it ultimately prioritizes practice over theory But the virtues of this text is in presenting a wide range of perspectives on modern philosophy what constitutes it as modern when it arose and what its shortcomings may be

Political Philosophy and Revelation James V. Schall, 2013 A collection of Fr James Schall's recent essays Political Philosophy and Revelation offers a learned erudite and coherent statement on the relationship between reason and revelation in the modern world It addresses political philosophy in the context of an awareness of other humane and practical sciences including history literature economics theology ethics and metaphysics

Ecclesiology Guy Mansini, OSB, 2021-01-08 The first part of the book explains the antecedent probability both of revelation and of God's institution of a church It is ecclesiology in the mode of fundamental theology The second part rounds up what Scripture and Tradition teach about the Church under the heads of the People of God the Temple of the Holy Spirit the Bride of Christ and the Body of Christ The chapters present this thematic material under each head as a unified whole across the Testaments with each chapter keyed to one of the marks of the Church the catholicity of the people of God the apostolicity of the ministers of the messianic temple the holiness of the Bride of Christ and the unity of the Body of Christ This already organizes things in a proto systematic frame The third part of the book gives systematic exploration in reverse order to the unity of the Church with attention to non Catholic ecclesial communities and churches to the holiness of the Church objective and subjective to the apostolicity of the Church and her

mediation of revealed truth and grace and to the catholicity of the Church with attention to non Christian religions The center of the book on the definition of the Church as the sacrament of communion renders recent French Dominican ecclesiology in a form more accessible to undergraduates and seminarians rooting it in the New Testament teachings on communion and mysterion The book concludes with a strenuous argument for the necessity of the Church and her mission of evangelization Thus the trajectory of the book is from the naturally knowable antecedent probability of the Church to its revealed necessity
