Modern North:

Modern North Julie Decker, 2010-03-31 The Geographic Region Around the North Pole is a Raw and Exotic Area of Untouched Nature and Inescapable Beauty Building in this extremely cold climate requires an advanced degree of ingenuity and resolve Ecological conditions including high winds snowdrifts and permafrost combined with periods of little sunlight present seemingly impossible logistical hurdles for architects Vernacular buildings have emerged but like most indigenous structures they do little more than simply enclose and protect Recent years have witnessed an explosion of exceptional new architecture and a new definition of a Northern building one that is both extraordinarily responsive to place and aesthetically provocative In *Modern North Architecture on the Frozen Edge* author Julie Decker presents thirty four of the most compelling and far ranging possibilities of contemporary architecture in the North These buildings located in northern Canada Scandinavia and Alaska are united in the way they embrace extreme conditions and provide visual stimulation in places that sometimes offer little more than a whitescape The book contains innovative structures by both established and up and coming architects including David Chipperfield Architects Studio Granda and Shim Sutcliffe Architects as well as essays by Brian Carter Juhani Pallasmaa Edwin Crittenden and Lisa Rochon that place the projects in the context of a new architectural response to the North

Hawley, 2018-01-03 Early modern India a period extending from the fifteenth to the late eighteenth century saw dramatic cultural religious and political changes as it went from Sultanate to Mughal to early colonial rule Witness to the rise of multiple literary and devotional traditions this period was characterized by immense political energy and cultural vibrancy Text and Tradition in Early Modern North India brings together recent scholarship on the languages literatures and religious traditions of northern India It focuses on the rise of vernacular languages as vehicles for literary expression and historical and religious self assertion and particularly attends to ways in which these regional spoken languages connect with each other and their cosmopolitan counterparts Hindu Muslim and Jain idioms emerge in new ways and the effect of the volume as a whole is to show that they belong to a single complex cultural conversation Re-forming Texts, Music, and Church Art in the Early Modern North Tuomas Lehtonen, Linda Kaljundi, 2025-10-01 Our historical understanding of the Reformation in northern Europe has tended to privilege the idea of disruption and innovation over continuity yet even the most powerful reformation movements drew on and exchanged ideas with earlier cultural and religious practices This volume attempts to right the balance bringing together a roster of experts to trace the continuities between the medieval and early modern period in the Nordic realm while enabling us to see the Reformation and its changes in a new light **Performing Magic in the Pre-Modern North** Jennifer Hemphill, Ségdæ Richardson-Read, Solveig Marie Wang, 2024-11-30 This book addresses the varied performances of magic in medieval and early modern Scandinavia It provides a comprehensive review of the rapidly expanding field of European magic and specifically discusses performances of magic in the pre modern north By employing innovating methodologies and covering a wide temporal range the book offers a uniquely interdisciplinary approach to the study of magic in the pre modern North In addition the minority driven contributions written by an international group of dynamic and diverse scholars complement one another to highlight the many multicultural realities of the pre modern North **Modern Scottish Diaspora** Murray Stewart Leith, 2014-07-21 Explores the connectedness of the diaspora to the homeland from a variety of different perspectives This book explores a range of different perspectives on the Scottish diaspora reflecting a growing interest in the subject from academics politicians and policy makers and coinciding with Scotland's second year of homecoming in 2014 The Scottish Government has actively developed a diaspora strategy not least in order to encourage roots tourism as those individuals of Scots descent come back to visit their homeland diaspora Key Features Examines the importance of links within the Scottish diaspora for Scots both at home and abroad Multi disciplinary perspectives from literature to sport Of interest to policy makers genealogists tourism bodies politicians and general public The Scots form one of the world's largest diasporas with around 30 million people worldwide claiming a
