Amundsen-Scott South Pole Station, Proposal to Modernize Through Reconstruction and Replacement of Key Facilities, 1998      Modernization and the Structure of Societies Marion J. Levy Jr., 2020-03-09 In *Modernization and the Structure of Societies* Marion Levy shows the interdependencies of societies as a systematic whole in matters that are relevant for international affairs He distinguishes different types of societies while simultaneously showing elements common to all societies In a new epilogue being added to this edition titled *Modernization Exhumed* the author alleges that criticism of modernization theory has generally been ideological or otherwise nonscientific He provides a strong defense of his hypothesis In his new introduction he concentrates on the concept of interdependency *Modernization and the Structure of Societies* is crucial to the understanding of contemporary international problems It is a necessary addition to the personal libraries of sociologists political scientists and scholars of international affairs Levy writes so as to produce strong reactions but this does not obscure his real contribution Because of his ambitious effort to synthesize a tremendous amount of available scholarship the study is certain to last for a long time as a standard reference in the field of comparative sociology Morris Janowitz *American Journal of Sociology* A giant book raising innumerable problems often an exasperating book yet important and likely to be much referred to by writers on comparative politics and administration Fred W Riggs *American Political Science Review*      **The Cambridge History of Science: Volume 7, The Modern Social Sciences** David C. Lindberg, Theodore M. Porter, Roy Porter, Ronald L. Numbers, 2003-08-04 This volume provides a history of the concepts practices institutions and ideologies of social sciences including behavioural and economic sciences since the eighteenth century It offers original synthetic accounts of the historical development of social knowledge including its philosophical assumptions its social and intellectual organization and its relations to science medicine politics bureaucracy philosophy religion and the professions Its forty two chapters include inquiries into the genres and traditions that formed social science the careers of the main social disciplines psychology economics sociology anthropology political science geography history and statistics and international essays on social science in Eastern Europe Asia Africa and Latin America It also includes essays that examine the involvement of the social sciences in government business education culture and social policy This is a broad cultural history of social science which analyzes from a variety of perspectives its participation in the making of the modern world      The Modern Anthropology of South-East Asia Victor King, William D. Wilder, 2020-09-10 This is a comprehensive introduction to the social and cultural anthropology of South East Asia It provides an overview of the major theoretical issues and themes which have emerged from the engagement of anthropologists with South East Asian communities a succinct historical survey and analysis of the peoples and cultures of the region Most importantly the volume reveals the vitally important role which the study of the area has occupied in the development of the concepts and methods of anthropology from the perspectives of Edmund Leach to Clifford Geertz Maurice Freedman to Claude Levi Strauss Lauriston

*Decolonizing Science and Modernity in South Asia* Sahara Ahmed, Suvabrata Sarkar, 2024-09-19 This book offers a unique perspective on the colonial roots of modern science technology and medicine STM in South Asia The book questions the deconstruction of imperial visions and definitions of science and modernity in South Asia It presents an in depth analysis of the contested relationship between science modernity and colonialism It explores how new research can contribute to the diversification of perspectives in the history and sociology of modern South Asian studies The chapters in the book delve into various aspects of STM in South Asia It covers diverse topics including the social cultural and pedagogic context of early modern Bengal the popularization of science in colonial Punjab the Hindi science periodical Vigyan and the emergence of the Indian science community The book also examines the intersection of indigenous medical practices ayurveda Unani and medical revivalism and highlights peripheral creativity in science The contributors engage with the existing historiography to raise new questions concerning the global circulations of scientific knowledge from the perspective of South Asia and the regional appropriation of the same It connects the history of science and modernity with South Asia s socio economic and cultural background It offers valuable insights into the decolonization of STM It greatly interests scholars and students of modern South Asian history sociology social anthropology and Science Technology and Society Studies STS      **Practices of Diplomacy in the Early Modern World c.1410-1800** Tracey A. Sowerby, Jan Hennings, 2017-05-12 Practices of Diplomacy in the Early Modern World offers a new contribution to the ongoing reassessment of early modern international relations and diplomatic history Divided into three parts it provides an examination of diplomatic culture from the Renaissance into the eighteenth century and presents the development of diplomatic practices as more complex multifarious and globally interconnected than the traditional state focussed national paradigm allows The volume addresses three central and

intertwined themes within early modern diplomacy who and what could claim diplomatic agency and in what circumstances the social and cultural contexts in which diplomacy was practised and the role of material culture in diplomatic exchange Together the chapters provide a broad geographical and chronological presentation of the development of diplomatic practices and through a strong focus on the processes and significance of cultural exchanges between polities demonstrate how it was possible for diplomats to negotiate the cultural codes of the courts to which they were sent This exciting collection brings together new and established scholars of diplomacy from different academic traditions It will be essential reading for all students of diplomatic history
