## **Mogadishu Heroism And Tragedy:**

**Mogadishu!** Kent DeLong, Steven Tuckey, 1994-11-22 Every American should read this book in order to gain a clear insight about military combat and war From the foreword by Ross Perot Recommended for readers who enjoy suspenseful accounts of close combat Publishers Weekly Most Americans remember the two troubling televised images that followed the operation But there is more about that day that is told in this book and that should be known by Americans The Wall Street Journal Among America's clearest memories of ongoing conflict in Somalia will certainly be the swollen bloodied face of helicopter pilot Michael Durant displayed on the international television news reports after his capture in Mogadishu on October 3 1993 While the failed mission leading to Durant's imprisonment captured the rage and anguish of the world few Americans truly understood how many U S Army Ranger compatriots shared Durant's fortitude and courage there Indeed Durant was only one member of the elite Task Force Ranger Regiment deployed to apprehend Mohammed Farrah Aidid Somalia's most powerful warlord on the fateful October day Here is the little known story of the 15 fierce deadly hours of fighting that followed the Americans' tightly calibrated attempt to target Aidid Moment by moment Mogadishu recounts how this mission intended to deflate the heart of Somali resistance became instead a tragic showcase for the heroism and breathtaking self sacrifice of the American servicemen and the catalyst of U S withdrawal of peacekeeping troops Mogadishu reveals while the operation produced on the most decorated military units in American history it cost 18 of America's best trained servicemen their lives Using rare testimony from other military personnel Kent DeLong offers the first complete account of how these Americans died not for glory but for each other far from their loved ones in a God forsaken place called Mogadishu Battle Of Mogadishu: Anatomy Of A Failure Major Roger N. Sangvik, 2015-11-06 By applying Cohen and Gooch's model to the Battle of Mogadishu this paper shows that the failure of the TFR mission on 3-4 October 1993 was the result of a system failure Secretary Aspin received far more blame than he deserved for making the decision Misperception of the real impact tanks and APCs could have had on the overall mission is the real cause of this disproportionate blame GEN Hoar and GEN Powell in addition bear as much responsibility as Secretary Aspin for the decision Neither of these generals strongly advocated the deployment to Aspin even though the worsening situation on the ground merited their strong support Both Hoar and Powell's approval recommendations can be characterized as lukewarm Aspin's real failure was of not being more critical of the conduct of the TFR operations In light of Secretary Aspin's acknowledged concern over the number of similar operations conducted by TFR and his knowledge that the Administration was seeking a political solution he should have notified MG Garrison of the policy shift though the JCS and CINCCENT and provided additional guidance on risk Had Aspin either reassessed the risk of each TFR operation more thoroughly or done a better job coordinating the policy shift in light of the increased risks it is likely that the three October raid would not have occurred **Understanding the "Victory Disease," From the Little Bighorn to Mogadishu and Beyond** ,
