Mom And Dad Please Come To The Principals Office:

Mom and Dad, Please Come to the Principal's Office Miriam M. Teaff, 1995-03-01 Choke Chain Jason Donald, 2009-02-19 An exceptional debut Independent Alex is twelve and he lives with his younger brother and his parents in a dirt poor white neighbourhood in 1980s South Africa He and Kevin are trying to grow up while their mother Grace is simply trying to keep them safe Apart from the usual lessons of childhood the boys are finding out about deceit petty crime and casual violence and the person that s teaching them is their father A devious self centred volatile man Bruce Thorne sees the world as a battleground where the winner is the one who throws the first punch Ruling the family through fear it is only when he abandons them for a teenage lover that their problems really begin Exposing the rotten insidious patterns of fathering that most societies still ignore Choke Chain shows two boys struggling to find steady ground in a disintegrating household Watching quietly as their mother diminishes in the black light of her husband they learn that not all adults are right and true that some have evil bred or beaten into them Opening with a thunderstorm and hail the size of apricots this extraordinary first novel is a series of emotional storms and aftershocks with any brightness on the horizon shadowed by gathering dark Beautifully written and intensely moving the novel builds to the drama of its conclusion the turbulence turning to frenzy and clearing finally to some redemptive light

narratives from people around the world and from all walks of life includes lessons that illuminate the power of character integrity curiosity creativity grit kindness patience gratitude and other essential characteristics every parent should be trying to instill in their children Sometimes heart wrenching sometimes funny always compelling these stories impart wisdom and help steer choices about Resisting peer pressure Remaining open minded Being humble Making courageous decisions Standing by their word Bouncing back from failure Showing compassion Picking friends wisely And more Throughout all of history stories have been used to help shape who we are and who we aspire to come But effective storytelling doesn't have to be reserved for teachers writers and preachers As a parent learn how to share stories discuss them with your child and watch your child grow into the adult every parent would be proud of

HOPE STRIDERS Ellyssa Muniz, 2014-08-20 My name's Ryan he said clearly How in the world did you get in my room You know Kay leaving doors open the way you do this window is just an invitation for someone to come in He smiled at the thought Like me Unfortunately you wouldn't want people like me coming through your window And why's that You're going to hurt me You're going to steal from my house Dude you have no idea who you're messing with That's where you're wrong I know exactly who I'm dealing with and in turn that's where you fall short because you have no idea who you're dealing with If you did you'd be begging for me not to kill you I swallowed hard knowing that he wasn't a normal burglar He's someone that knows me but just like he said I didn't know him Did he know I have powers I quickly thought of pain but all he did was smile Did he know what I was doing He stepped forward as he tapped the side of his temple Don't try to get in here little girl because you're nowhere near my strength In fact you're the complete opposite of what people described you as My eyes widened in shock He knew who I was and what I could do But how How I know you Simple you learn about that person That's what you do when you go after someone before you kill them
