**Mom, You Don't Understand** Carol Koffinke, Julie Jordan, 1993 A teen daughter and her mother present the troublesome issues of growing up Women's Sexuality Across the Life Span Judith C. Daniluk, 2003-06-09 Moving beyond a traditional focus on sexual functioning this book emphasizes the complex interaction of psychological social cultural and biological influences on womens s sense of themselves as sexual beings Written for practitioners and educators its goal is to challenge contradictory messages and meanings that cause many women to feel disconnected from their bodies and from their needs and desires Themes explored include the development of sexual awareness and sexuality in childhood and adolescence the critical sexual choices of young adulthood and the multiple transitions characterizing the middle and later years of life The book features creative exercises and interventions to help girls and women construct more affirming sexual meanings

**A Latina in the Land of Hollywood** Angharad N. Valdivia, 2022-08-23 From ads for Victoria s Secret to the character roles of Rosie Perez the mass media have been defining race and femininity In this diverse set of essays Angharad N Valdivia breaks theoretical and methodological boundaries by exploring the relationship of the media to various audiences Throughout A Latina in the Land of Hollywood we are challenged to think differently about the media messages we often unconsciously consume such as the popular representations of certain Latina cultural icons Valdivia shows how reporters focus on Guatemalan activist Rigoberta Mench s big smile Brazilian media magnate Xuxa s blonde hair and Puerto Rican actress Rosie Perez s high pitched voice never quite creating a comprehensive portrayal of these women In her discussion of lingerie catalogs Valdivia uncovers a similarly skewed depiction The lush high class bedrooms of Victoria s Secret differ as much from the earthy spare world of Frederick s of Hollywood as the types sizes and uses of the lingerie that the two companies sell Valdivia takes a look at family films arguing that single mothers are almost always portrayed as either trampy floozies or sexless hapless women whereas single dads fare much better Whether examining one teenager s likes and dislikes or considering single parenthood in family films Valdivia investigates how popular culture has become the arena in which we struggle to know ourselves and to make ourselves known She calls for scholars to move beyond investigating implicit themes in films and media to studying the ways that audiences of different colors ages genders and sexual preferences might understand or misunderstand such cultural messages A Latina in the Land of Hollywood aims to explode traditional discussions of media and popular culture It is a must read for anyone interested in popular culture television and film

**A Latina in the Land of Hollywood and Other Essays on Media Culture** Angharad N. Valdivia, 2000-03 From ads for Victoria s Secret to the character roles of Rosie Perez the mass media have been defining race and femininity In this diverse set of essays Angharad N Valdivia breaks theoretical and methodological boundaries by exploring the relationship of the media to various audiences Throughout A Latina in the Land of Hollywood we are challenged to think differently about the media messages we often unconsciously consume such as the popular representations of certain Latina cultural icons

Valdivia shows how reporters focus on Guatemalan activist Rigoberta Menchú's big smile, Brazilian media magnate Xuxa's blonde hair, and Puerto Rican actress Rosie Perez's high-pitched voice, never quite creating a comprehensive portrayal of these women. In her discussion of lingerie catalogs, Valdivia uncovers a similarly skewed depiction. The lush, high-class bedrooms of Victoria's Secret differ as much from the earthy, spare world of Frederick's of Hollywood as the types, sizes, and uses of the lingerie that the two companies sell. Valdivia takes a look at family films, arguing that single mothers are almost always portrayed as either trappy floozies or sexless hapless women, whereas single dads fare much better. Whether examining one teenager's likes and dislikes or considering single parenthood in family films, Valdivia investigates how popular culture has become the arena in which we struggle to know ourselves and to make ourselves known. She calls for scholars to move beyond investigating implicit themes in films and media to studying the ways that audiences of different colors, ages, genders, and sexual preferences might understand or misunderstand such cultural messages. *A Latina in the Land of Hollywood* aims to explode traditional discussions of media and popular culture. It is a must-read for anyone interested in popular culture, television, and film. *When We're in Public, Pretend You Don't Know Me* Susan Borowitz, 2008-12-14

The two worst times in a woman's life is when she is 13 and when her daughter is 13 or so, goes a popular maxim in psychology circles. *Feminist Perspectives on Young Mothers and Young Mothering* Joanne Minaker, 2019-08-01 To be a young mother is almost by definition to be considered an unfit mother. Thus, it is not surprising that young Canadian, U.S., and Australian mothers are often scorned, stigmatized, and monitored. This is a book about being young, being a mother, and grappling with what it means to inhabit these two complex social positions. This book critiques the dominant, negative construction of young motherhood. Contributors reject the notion that the ideal mother is a 30-ish, white, middle-class, able-bodied, married, heterosexual woman situated in a nuclear family. This collection privileges the insights and stories of a diverse array of young mothers, such as a young mother coerced into giving her child up for adoption, a young queer mother who has been parenting a child borne by her trans partner, and who is now pregnant herself, and many more. The tales analyzed and recounted in the collection record experiences of pain and joy, frustration and success, struggle and resistance, oppression and empowerment. We invite readers to hear the all-too-often silenced stories of young mothers to learn what prevents and what allows these mothers to lead lives of grit, determination, authenticity, and agency as they strive to lovingly care for themselves, their children, and in many cases, other young mothers. *Communication Among Grandmothers, Mothers, and Adult Daughters* Michelle A. Miller-Day, 2004-09-22 This volume examines communication processes within the grandmother-mother-daughter relationship, emphasizing an intergenerational perspective. Using observations of and extensive interviews with six sets of middle-income Caucasian female family members, this book offers a heuristic account of intergenerational mother-daughter relational communication. Author Michelle Miller-Day integrates and juxtaposes alternative experiences of social interaction, situating readers in the world of grandmothers, mothers, adult daughters, and granddaughters as they

experience describe and analyze their family communication Miller Day incorporates aged mothers and younger mid life mothers and their adult daughters into the research to illustrate how this type of maternal relationship is experienced at different points in a woman s life With the inclusion of three generations of women Miller Day offers multigenerational perspectives on family and examines them for patterns of maternal interaction providing symbolic links across generational boundaries Communication Among Grandmothers Mothers and Adult Daughters enables readers to understand more completely the richly textured nature of maternal relationships It will be an invaluable resource for scholars and researchers in the areas of communication and relationships including family communication intergenerational communication women s studies family studies interpersonal communication and relationships as well as social workers psychologists and counselors who strive to understand family communication processes and their dynamics across generational lines
