The Moment Under the Moment Russell Hoban, 1992 Russell Hoban Graeme Wend-Walker, 2025-09-24 Spanning more than half a century Russell Hoban's celebrated literary career won him critical accolades and legions of admirers across multiple genres Many know him from the groundbreaking masterpiece Riddley Walker with its twelve year old protagonist contemplating what the ideal of us might be from amidst the ruins of civilization Others know Hoban from the genre defying *The Mouse and His Child* or from idiosyncratic novels of floundering Londoners Still others fondly recall Frances the Badger's refusal to go to bed or share Emmet Otter with their children at Christmas This book the first consideration of Russell Hoban's literary career as a whole explores what binds these seemingly disparate works together Discovering unexpected patterns between books written from what one character describes as a perpetual state of surprise this critical study also draws on Hoban's biography from his formation as an artist under the influence of jazz in New York to the upheaval of his self reinvention as a writer as it offers its own reflection on what the idea of Russell Hoban might be

Defending Middle-Earth Patrick Curry, 2004-10-21 A scholar explores the ideas within The Lord of the Rings and the world created by J R R Tolkien A most valuable and timely book Ursula K Le Guin Los Angeles Times bestselling author of Changing Planes What are millions of readers all over the world getting out of reading the Lord of the Rings trilogy Defending Middle earth argues in part that the appeal for fans goes far deeper than just quests and magic rings and hobbits In fact through this epic Tolkien found a way to provide something close to spirit in a secular age This thoughtful book focuses on three main aspects of Tolkien s fiction the social and political structure of Middle earth and how the varying cultures within it find common cause in the face of a shared threat the nature and ecology of Middle earth and how what we think of as the natural world joins the battle against mindless mechanized destruction and the spirituality and ethics of Middle earth for which the author provides a particularly insightful and resonant examination Includes a new afterword

Enchantment Patrick Curry, 2019-10-17 Enchantment is a profound human experience When we encounter wonder awe or amazement that is enchantment Enchantment can reveal profound truths lead to deep values and become central to a life well lived This unique book explores how enchantment plays out in a wide range of contexts in love art religion and learning in food and drink and perhaps most significantly in our relationship with the natural world Patrick Curry argues that modernist attempts to undermine or dismiss enchantment as a delusion are not only misguided but dangerous potentially leading to a disengagement with our world that could have disastrous consequences for our future on this planet
