Momma A Start On All The Untold Stories:

Momma: a Start on All the Untold Stories Alta,1974 **Mother Reader** Moyra Davey,2011-01-04 The intersection of motherhood and creative life is explored in these writings on mothering that turn the spotlight from the child to the mother herself Here in memoirs testimonials diaries essays and fiction mothers describe first hand the changes brought to their lives by pregnancy childbirth and mothering Many of the writers articulate difficult and socially unsanctioned maternal anger and ambivalence In **Mother Reader** motherhood is scrutinized for all its painful and illuminating subtleties and addressed with unconventional wisdom and candor What emerges is a sense of a community of writers speaking to and about each other out of a common experience and a compilation of extraordinary literature never before assembled in a single volume

Momma: a Start on All the Untold Stories Alta,1974 **Rethinking Organizational and Managerial Communication from Feminist Perspectives** Patrice M. Of Woman Born: Motherhood as Experience and Institution Adrienne Rich,1995-04-17 Adrienne Rich s influential and landmark investigation concerns both the experience and the institution of motherhood The experience is her own as a woman a poet a feminist and a mother but it is an experience determined by the institution imposed on all women everywhere She draws on personal materials history research and literature to create a document of universal importance **On ne naît pas femme : on le devient** Bonnie Mann,Martina Ferrari,2017-07-20 This collection of essays takes up the most famous feminist

sentence ever written Simone de Beauvoir's *On ne naît pas femme on le devient* finding in it a flashpoint that galvanizes feminist thinking and action in multiple dimensions Since its publication the sentence has inspired feminist thinking and action in many different cultural and linguistic contexts Two entangled controversies emerge in the life of this sentence a controversy over the practice of translation and a controversy over the nature and status of sexual difference Various translations into English as *One is not born but rather becomes a woman* Parshley 1953 *one is not born but rather becomes woman* Borde and Malovany Chevallier 2010 and *women are made* not born in popular parlance the conflict over the translation crystallizes the feminist debate over the possibilities and limitations of social construction as a theory of sexual difference When Sheila Malovany Chevallier and Constance Borde contributors to this volume translated *Le Deuxième Sexe* into English in 2010 their decision to alter the translation of the famous sentence by omitting the *a* ignited a debate that has not yet exhausted itself The controversy over the English translation has opened a conversation about translation practices and their relation to meaning more generally and broadens in this volume into an examination of the life of Beauvoir's key sentence in other languages and political and cultural contexts as well The philosophers translators literary scholars and historians who author these essays take decidedly different positions on the meaning of the sentence in French and thus on its correct translation in a variety of languages but also on the meaning and salience of the question of sexual difference as it travels between languages cultures and political worlds
