Power Of Women The Subversion Of The C:

Routledge Library Editions: Feminist Theory Various, 2021-04-28 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from *The Liberation of Women* to *Feminists and State Welfare* from *Married to the Job* to *Julia Kristeva* this set provides in one place a wealth of important reference sources from the diverse field of gender studies *The Oxford Handbook of Feminist Theory* Lisa Disch, Mary Hawkesworth, 2018-02-01 The Oxford Handbook of Feminist Theory provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to analyze the known world Featuring leading feminist theorists from diverse regions of the globe this collection delves into forty nine subject areas demonstrating the complexity of feminist challenges to established knowledge while also engaging areas of contestation within feminist theory Demonstrating the interdisciplinary nature of feminist theory the chapters offer innovative analyses of topics central to social and political science cultural studies and humanities discourses associated with medicine and science and issues in contemporary critical theory that have been transformed through feminist theorization The handbook identifies limitations of key epistemic assumptions that inform traditional scholarship and shows how theorizing from women s and men s lives has profound effects on the conceptualization of central categories whether the field of analysis is aesthetics biology cultural studies development economics film studies health history literature politics religion science studies sexualities violence or war **Becoming a Woman Through Romance** Linda K. Christian-Smith, 2019-10-01 A woman is incomplete without a man motherhood is a woman s destiny and a woman s place is in the home These conservative political themes are woven throughout teen romance fiction s sagas of hearts and flowers Using the theory and interpretive methods of feminism and cultural studies Christian Smith explores the contradictory role that popular culture plays in constructing gender class race age and sexual meanings Originally published in 1990 *Becoming a Woman through Romance* combines close textual analyses of thirty four teen romance novels written in the United States from 1942 1982 with a school study in three midwestern American schools Christian Smith situates teen romance fiction within the rapidly changing publishing industry and the important political and economic changes in the United States surrounding the rise of the New Right By analysing the structure of the novels in terms of the themes of romance sexuality and beautification and the Good Bad and Strong Weak dichotomies she demonstrates how each has shaped the novels versions of femininity over forty years She also shows that although romance fiction is presented as a universal model it is actually an expression of white middle class gender ideology and tension within this class This high readable comprehensive and coherent work was the first to combine in one volume three vital areas of cultural studies research the political economy of publishing textual analysis and a study of readers The first full scale study of teen romance fiction *Becoming a Woman through Romance* establishes the importance of the study of popular culture forms found in school for understanding the

process of school materials in identity formation **At the center** Vasilikie (Vicky) Demos, Marcia Texler Segal, 2015-08-24

This volume reflects on how the study of gender has changed and how studying gender has affected our research methods and our knowledge of the world around us The interdisciplinary nature of gender studies and the cross pollination of theoretical perspectives are illustrated as is the globalization of gender theory research and policies **Women and**

Monastic Reform in the Medieval West, C. 1000-1500 Julie Hotchin, Jirki Thibaut, 2023 New approaches to understanding religious women's involvement in monastic reform demonstrating how women's experiences were more ambiguous and multi layered than previously assumed Over the last two decades scholarship has presented a more nuanced view of women's attitude to and agency in medieval monastic reform challenging the idea that they were by and large unwilling to accept or were necessarily hostile towards reform initiatives Rather it has shown that they actively participated in debates about the ideas and structures that shaped their religious lives whether rejecting embracing or adapting to calls for reform contingent on their circumstances Nevertheless fundamental questions regarding the gendered nature of religious reform are ripe for further examination This book brings together innovative research from a range of disciplines to re evaluate and enlarge our knowledge of women's involvement in spiritual and institutional change in female monastic communities over the period c 1000 c 1500 Contributors revise conventional narratives about women and monastic reform and earlier assumptions of reform as negative or irrelevant for women Drawing on a diverse array of visual material and textual sources it presents snapshots of reform from western Europe stretching from Ireland to Iberia Case studies focussing on a number of different topics from tenth century female saints lives to fifteenth century liturgical books from the tenth century Leominster prayerbook to archaeological remains in Ireland from embroideries and tapestries to the rebellious nuns of Sainte Croix in Poitiers offer a critical reappraisal of how monastic women and their male associates reflected individually and collectively on their spiritual ideals and institutional forms *The Bloomsbury Handbook of Theories in Childhood*

Studies Sarada Balagopalan, John Wall, Karen Wells, 2023-11-02 The Bloomsbury Handbook of Theories in Childhood Studies brings together an international group of childhood studies scholars who work with a range of critical theories It speaks to both scholars and students by addressing questions such as how childhoods are diversely constructed and how children's experiences can be better understood The volume draws together a diversity of theoretical perspectives from the social sciences and humanities such as critical race studies disability studies posthumanism feminism politics decolonialism queer theory and postcolonialism to generate a much needed conversation about how to move childhood studies forward as a grounded field of research The volume is subdivided into three sections subjectivities relationalities and structures each of which addresses different but interrelated approaches to childhood studies theorization This handbook will be an essential text not just for childhood studies researchers but for all those interested in theorizing what childhood is what work it does and who children are **Handbook of Feminist Family Studies** Sally A. Lloyd, April L. Few, Katherine R. Allen, 2009-04-14

The Handbook of Feminist Family Studies demonstrates how feminist contributions to family science advance our understanding of relationships among individuals families and communities Bringing together some of the most well respected scholars in the field the editors showcase feminist family scholarship creating a scholarly forum for interpretation and dissemination of feminist work The Handbook s contributors eloquently share their passion for scholarship and practice and offer new insights about the places we call home and family The contributions as a whole provide overviews of the most important theories methodologies and practices along with concrete examples of how scholars and practitioners actually engage in doing feminist family studies Key Features Examines the influence of feminism on the family studies field including the many ways feminism brings about a re visioning of families that incorporates multiple voices and perspectives Centers the intersections of race ethnicity class gender sexuality age nation ability and religion as a pivotal framework for examining interlocking structures of inequality and privilege both inside families and in the relationship between families and institutions communities and ideologies Provides concrete examples of how scholars and practitioners explore such facets of feminist family studies as intimate partnerships kinship aging sexualities intimate violence community structures and experiences of immigration Explores how the infusion of feminism into family studies has created a crisis over deeply held assumptions about family life and calls for even greater fusion between feminist theory and family studies toward the creation of solutions to pressing social issues The Handbook of Feminist Family Studies is an excellent resource for scholars practitioners and students across the fields of family studies sociology human development psychology social work women s studies close relationships communication family nursing and health as a welcome addition to any academic library It is also appropriate for use in graduate courses on theory and methodology A portion of the royalties from this book have been contributed to the Jessie Bernard Endowment sponsored by the Feminism and Family Studies Section of the National Council on Family Relations in support of feminist scholarship

Gender and Digital Culture Helen Thornham, 2018-07-27 *Gender and Digital Culture* offers a unique contribution to the theoretical and methodological understandings of digital technology as inherently gendered and classed The silences within through and from the systems we experience every day create inequalities that are deeply

affective and constitute very real forms of algorithmic vulnerability The book explores these lived and mundane algorithmic vulnerabilities across three interrelated research projects These focus on recent digital phenomena including sexting selfies and wearables and particular decision making systems used in health education and social services Central to this book are the themes of irreconcilability and the datalogical It makes the case that feminism and gender politics have become increasingly irreconcilable with not only long running debates around representation and embodiment but also with conceptions of the technological conceptions of the user and of the systems themselves In keeping with longstanding feminist scholarship these irreconcilabilities can be productive and generative they can be used to interrogate the power politics of digital culture By studying the lived and routine elements of digital technologies Gender and Digital Culture asks about the many convolutions that are held together through the everyday use of these technologies and the implications for how gender and technology are approached discussed and theorised

LGBTQ+ Intimacies in Southern Europe Ana Cristina Santos, 2022-11-18 This Open Access book argues that Southern European countries offer valuable though historically overlooked knowledge regarding intimate citizenship Guided by the fundamental sociological question of how change takes place and concomitantly how law and social policy adjust to and or shape the practices and expectations of individuals in the sphere of intimacy this edited volume explores partnering parenting and friendship issues from the perspective of lesbian gay bisexual trans and queer people in Italy Portugal and Spain Chapters offer a cross national understanding of the relationship between everyday practices of intimacy amongst LGBTQ people and national legal political and policy contexts in terms of the recognition of otherwise intimate strangers The book contributes to further theoretical and policy debates about citizenship care and choice as well as more broadly sexuality welfare health and justice This book will be of interest to scholars across Gender and Feminist Studies as well as Citizenship Studies Law Policy and Politics

Marx in the Field Alessandra Mezzadri, 2021-02-15 Marx in the Field is a unique edited collection illustrating the relevance of the Marxian method to study contemporary capitalism and the global development process Essays in the collection bring Marx to the field in three ways They illustrate how Marxian categories can be concretely deployed for field research in the global economy they analyse how these categories may be adapted during fieldwork and they discuss data collection methods supporting Marxian analysis Crucially many of the contributions expand the scope of Marxian analysis by combining its insights with those of other intellectual traditions including radical feminisms critical realism and postcolonial studies The book defines the possibilities and challenges of fieldwork guided by Marxian analysis including those emerging from the COVID 19 pandemic The collection takes a global approach to the study of development and of contemporary capitalism While some essays focus on themes and geographical areas of long term concern for international development like informal or rural poverty and work across South Asia Southern and West Africa or South

America others focus instead on actors benefitting from the development process like regional exporters larger farmers and traders or on unequal socio economic outcomes across richer and emerging economies and regions including Gulf countries North America Southern Europe or Post Soviet Central and Eastern Europe Some essays explore global processes cutting across the world economy connecting multiple regions actors and inequalities While some of the contributions focus on classic Marxian tropes in the study of contemporary capitalism like class labour and working conditions agrarian change or global commodity chains and prices others aim at demonstrating the relevance of the Marxian method beyond its traditional boundaries for instance for exploring the interplays between food nutrition and poverty the links between social reproduction gender and homework the features of migration and refugees regimes tribal chieftaincy structures or prison labour or the dynamics structuring global surrogacy Overall through the analysis of an extremely varied set of concrete settings and cases this book illustrates the extraordinary insights we can gain by bringing Marx in the field

Women's Work in Britain and France Abigail Gregory, Jan Windebank, 2000-01-27 Women s Work in Britain and France is a ground breaking retheorization of what constitutes progress in gender relations The book shows that French women although having more full time and continuous careers and greater social policy support retain as great a responsibility for unpaid domestic and caring work as their British counterparts It replaces the conventional focus upon encouraging women s increased insertion into employment as the principal strategy for achieving progress in gender relations with a new focus on changing men s work patterns

Resourcing an Agroecological Urbanism Chiara Tornaghi, Michiel Dehaene, 2021-03-07 Foregrounding an innovative and radical perspective on food planning this book makes the case for an agroecological urbanism in which food is a key component in the reinvention of new and just social arrangements and ecological practices Building on state of the art and participatory research on farming urbanism food policy and advocacy in the field of food system transformation this book changes the way food planning has been

conceptualised to date and invites the reader to fully embrace the transformative potential of an agroecological perspective. Bringing in dialogue from both the rural and urban the producer and consumer this book challenges conventional approaches that see them as separate spheres whose problems can only be solved by a reconnection. Instead it argues for moving away from a food in the city approach towards an urbanism perspective in which the economic and spatial processes that currently drive urbanisation will be unpacked and dissected and new strategies for changing those processes into more equal and just ones are put forward. Drawing on the nascent field of urban political agroecology this text brings together i theoretical reconceptualisations of urbanism in relation to food planning and the emergence of new agrarian questions ii critical analysis of experimental methodologies and performing arts for public dialogue reflexivity and food sovereignty research iii experiences of resourceful land management including urban land use and land tenure change and iv theoretical and practical exploration of post capitalist economics that bring consumers and producers together to make the case for an agroecological urbanism. Aimed at advanced students and academics in agroecology sustainable food planning urban geography urban planning and critical food studies this book will also be of interest to professionals and activists working with food systems in both the Global North and the Global South.

The Oxford Handbook of Gender in Organizations

Savita Kumra, Ruth Simpson, Ronald J. Burke, 2014 This Handbook focuses on organizations and the way in which their processes and practices systematically work to produce gender inequities. Women Professors Carmel Diezmann, Susan Grieshaber, 2019-02-13 This book explores the career paths of Australian women who have succeeded in achieving professorships and beyond where for the most part such positions are predominately occupied by males. It also explores the gendered culture that exists across faculties and universities as reported by participants in a survey questionnaire of 525 new professors female and male and nearly 30 interviews of women in Australian higher education either in small focus groups or individually. Further it identifies catalysts for and inhibitors of success for women and looks in depth at the boys club and how it impacts women's progression. The book also highlights how critical life decisions doctoral study work and family shape the careers of academic women. It identifies five distinct career profiles for women academics and the pressure points and effective support for each profile. Thus this book can assist women academics who are making life decisions and those supporting their career progression. It also provides insights into why affirmative action initiatives to improve the proportion of women in the professoriate have had minimal impact despite considerable investment over the past 30 years.

The Gender-Technology Relation Rosalind Gill, Keith Grint, 2018-12-07 Provides a review of contemporary theory and empirical research into the relationship between feminism and social constructivism. Through case studies the book focuses on issues raised by different technologies and on developing theoretical understandings of the gender technology relation.
