Returning To The Point Poetry:

Returning to the Point Dorothy Mahoney, 2001 With this second book of poetry *Returning to the Point* Dorothy Mahoney has revisited her childhood to explore rituals of the past From Soup at Six to Sunday Drives the landscapes surrounding her grandparents farm reveal early experiences with death and the illusion of childhood wishes Coming from the city there was something magical about the farm from her grandmother s ability to grow anything from bare cuttings to her grandfather s stuffed red fox and his violin As immigrants the farm was their second beginning the first was only a lengthening shadow This collection celebrates the land from Point Pelee to Bon Echo and extends to Mexico and Peru to explore the fragile link between hope and despair on the edge of Eden wondering as woodlots are cleared for development mice mysteriously die in the potting shed and far off in the Himalayas a man ponders the dwindling number of bees The burial customs of Madagascar frame the last link with the family s past as a spinster aunt s burial plot in Austria is no longer renewed but is instead resold and reused Eventually the farm is also sold transplanted raspberry canes refuse to grow All that was is gone This is a book about change and the struggle to accept what was and what remains returning to the point to salvage and reclaim

After the Point of No Return David Wagoner, 2013-05-10 Wagoner s words are a living link to the world enacting it so vitally that they feel like natural facts The Seattle Times In his twenty fourth book of poetry David Wagoner reflects on youth love regret and expectation versus reality Here a master writes at top form back dropped by life s curious moments and imagining Jesus as an untidy roommate or considering our final destination in *Beginner s Guide to Death* After the Point of No Return After that moment when you ve lost all reason for going back where you started when going ahead is no longer a Yes or No but a matter of fact you ll need to weigh on the one hand what will seem on the other almost nothing against something slightly more than nothing and must choose again and again at points of fewer and fewer

chances to guess when and which way to turn That s when you might stop thinking about stars and storm clouds the direction of wind the difference between rain and snow the time of day or the lay of the land about which trees mean water which birds know what you need to know before it s too late or what s right here under your feet no longer able to tell you where it was you thought you had to go David Wagoner is the author of two dozen books of poetry and ten novels A longtime teacher at University of Washington he was the editor at Poetry Northwest He lives in Seattle Washington The Work of Poetry John Hollander,1997 The U S occupation of Japan transformed a brutal war charged with overt racism into an amicable peace in which the issue of race seemed to have disappeared During the Occupation the problem of racial relations between Americans and Japanese was suppressed and the mutual racism transformed into something of a taboo so that the two former enemies could collaborate in creating democracy in postwar Japan In the 1980s however when Japan increased its investment in the American market the world witnessed a revival of the rhetoric of U S Japanese racial confrontation Koshiro argues that this perceived economic aggression awoke the dormant racism that lay beneath the deceptively smooth cooperation between the two cultures This pathbreaking study is the first to explore the issue of racism in U S Japanese relations With access to unexplored sources in both Japanese and English Koshiro is able to create a truly international and cross cultural study of history and international relations **The Cambridge Introduction to British Poetry, 1945-2010** Eric Falci,2015-11-12 This book provides an overview of poetry from England Scotland Wales and Northern Ireland from the postwar period through to the twenty first century **Modernist Aesthetics in Taiwanese Poetry Since The 1950s** Chung-To Au,2008 Drawing on the phenomenon of placelessness this book offers an alternative approach to reexamine Chinese modernist literature on the whole and Taiwanese modernist poetry in particular Indian English Poetry: A Critical Evaluation Dipak Giri,2021-07-06 The present anthology Indian English Poetry A Critical Evaluation is an endeavour to shed some light on some major Indian English poets It combines and discusses poets of two generations From older generation of poets like Henry Derozio Toru Dutt Rabindranath Tagore to younger generation of poets like Nissim Ezekiel Jayanta Mahapatra Eunice de Souza Gieve Patel Kamala Das and many others all have critically been studied in this anthology Along with a brief and critical introduction about the origin and development of Indian English poetry the anthology also covers an interview with modern Indian poet Keki N Daruwalla The anthology will be helpful to provide study materials for both students and teachers alike *From beat scene poet to psychedelic multimedia artist in San Francisco and beyond, 1948-1978* G.Stern, **The Return of the Baroque in Modern Culture** Gregg Lambert,2004-11-01 The Return of the Baroque in Modern Culture explores the re invention of the early European Baroque within the philosophical cultural and literary thought of postmodernism in Europe the United States the Caribbean and Latin America Gregg Lambert argues that the return of the Baroque expresses a principle often hidden behind the cultural logic of postmodernism in its various national and cultural incarnations a principal often in variance with Anglo American modernism Writers and theorists

examined include Walter Benjamin Paul de Man Jacques Derrida Michel Foucault Octavio Paz and Cuban novelists Alejo Carpentier and Severo Sarduy A highly original and compelling reinterpretation of modernity *The Return of the Baroque in Modern Culture* answers Raymond Williams charge to create alternative national and international accounts of aesthetic and cultural history in order to challenge the centrality of Anglo American modernism **The Return of King Arthur and the Nibelungen** Maike Oergel,2010-10-13 No detailed description available for *The Return of King Arthur and the Nibelungen*

The Return of the King Michael K. Snearly,2015-11-19 The clear structure of psalm groups in Psalms 107 150 can be interpreted as signaling a renewed hope in the royal Davidic promises Each psalm group of Book V is organized around a theme or key word that is related to the royal Davidic hope in the earlier sections of the Psalter Psalms 107 118 Psalm 119 Psalms 120 137 Psalms 138 145 Psalms 146 150 These words and themes figure prominently at the major seam psalms of the Psalter Psalms 1 2 and 89 Thus the content and subject matter at the end of the Psalter is integrally related to the content and subject matter at the beginning The editorial critical method used by Snearly is an extension of the method used by David M Howard Jr in *The Structure of Psalms* 93 100 Snearly also draws from recent insights in the fields of poetics and text linguistics in order to establish a linguistically based foundation for reading the Psalter as a unified text The methodology emphasizes parallel features with special focus on key word links This method advances editorial criticism by not only discerning links within a group but also showing that those links do not occur with the same frequency outside of the group

Return of the Gods Owen Ware,2025 Why is mythology of vital importance for the romantics What role does mythology play in their philosophical and literary work And what common sources of influence inspired these writers across Britain and Germany at the turn of the nineteenth century In this wide ranging study Owen Ware argues that the romantics turn to mythology for its potential to transform how we see ourselves others and the world Engaging with authors such as Schiller Blake Schlegel Coleridge Novalis and Shelley Ware shows why they believe that neither perception nor reason alone can sustain a vision of the unity of all things A new mode of cognition is necessary they claim one that revives the poetic origin of mythology and reveals our own mythmaking powers The first study devoted to the rise of mythology in the British and German traditions Ware s book investigates the romantics practices of reinterpreting old myths and inventing new ones Their shared aim is nothing less than to elevate the human imagination to higher stages of self development in which philosophy and poetry as well as intellect and imagination form an integrated whole Far from calling us to return to the past the romantics work on mythology points us to a future where we can live in harmony with the personal social and natural worlds we inhabit Combining intellectual history with philosophical analysis and literary criticism *Return of the Gods* offers a bold reflection on why mythology mattered for the romantics and why it still matters today **Return to the Dark Valley** Santiago Gamboa,2017-09-19 Fans of Roberto Bola o will feel right at home in this globetrotting tale of misfit poets and ultraviolent drug lords A page turner *Miami Rail* Manuela is a woman haunted by a troubled childhood that she tries to

The Ulster Renaissance Heather Clark,2006-04-06 This is the first full length study of the extraordinary period of intense poetic activity in Belfast known as the Ulster Renaissance a time when young Northern Irish poets such as Seamus Heaney Derek Mahon Michael Longley James Simmons and Paul Muldoon began crafting their art and tuning their voices through each other Drawing extensively upon new archival material as well as personal interviews and correspondence The Ulster Renaissance argues that these poets friendships and rivalries were crucial to their autonomous artistic development The book also sheds new light on the idea of a collaborative Belfast coterie often treated derisively by critics and shows that the poets frequently engaged in efforts to promote a cohesive Northern literary community distinct from that which existed in London and Dublin It suggests that it was this cohesion at turns inclusive and confining which ultimately challenged the Belfast poets to find their individual voices **Poetry and Science** Walter A. The Return of Proserpina Sarah Spence,2023-01-03 In this book Sarah Spence explores the role of Sicily in the European imagination through the myth of Proserpina who was abducted by the god of the underworld from the same Mediterranean island Drawing on the author's training in both classics and medieval studies the book explores how mythic narrative reflects ideas about ancient and medieval empires and engages with debates about the nature of the classical tradition as it evolved during the Middle Ages Spence argues that the narrative structure of the Proserpina myth the history of Sicily and ideas about empire come to reflect refract and refine one another through literature including works by Cicero Vergil Ovid Claudian and Dante More broadly Spence considers the way in which literature offers a space for political deliberation and imagination While Roman poets focus on Proserpina's abduction as a means for discussing the problems of imperial expansion for example high medieval renderings of the myth invoked in discussions of a new Christian empire shaped by the Crusades instead focus on the loss of Proserpina her eventual return and the necessary negotiations her return involves In this way the tale of Proserpina and the history of Sicily trace the changing needs and understandings of empire literature and the complicated links between the two

Exile and Return as Poetics of Identity in Contemporary Anglo-Caribbean Literature Eleonora Natalia Ravizza,2019-11-25 In contemporary Anglo Caribbean literature the dialectic interrelations of exile and return are essential for conveying meta reflections on literature and language as well as the role they play in the construction of personal and collective identities While this volume focuses on the specificity of a cultural area whose history is marked by colonialism diaspora slavery and racial conflicts it also raises epistemological questions surrounding the complexity of literature and its function in a world which is ever more composite hybrid and transcultural By developing a new systematic approach which combines post colonial studies theories of intertextuality and philosophy of language it explores how contemporary literary texts reflect elaborate and redefine the experiences of societies that are currently dealing with ever growing global interdependencies and newly formed cultural and semiotic context
