Conant, 1858 *The Ruin of the Eternal City* David Karmon, 2011-06-09 The Ruin of the Eternal City provides the first systematic analysis of the preservation practices of the popes civic magistrates and ordinary citizens of Renaissance Rome This study offers a new understanding of historic preservation as it occurred during the extraordinary rebuilding of a great European capital city Lectures on Revivals of Religion Charles Grandison Finney, 1835 In Ruins Christopher Woodward, 2010-05-12 In this enchanting meditation on ruins Christopher Woodward takes us on a thousand year journey from the plains of Troy to the monuments of ancient Rome from the crumbling palaces of Sicily Cuba and Zanzibar to the rubble of the London Blitz With an exquisite sense of romantic melancholy we encounter the teenage Byron in the moldering Newstead Abbey Flaubert watching the buzzards on the pyramids Henry James in the Colosseum and Freud at Pompeii We travel the Appian Way with Dickens and behold the Baths of Caracalla with Shelley An exhilarating tour at once elegant and stimulating In Ruins casts an exalting spell as it explores the bewitching power of architectural remains and their persistent hold on the imagination **Lectures on Revivals of Religion** Charles G. Finney, 1835 **Beautiful Terrible Ruins** Dora Apel, 2015-06-23 Once the manufacturing powerhouse of the nation Detroit has become emblematic of failing cities everywhere the paradigmatic city of ruins and the epicenter of an explosive growth in images of urban decay In Beautiful Terrible Ruins art historian Dora Apel explores a wide array of these images ranging from photography advertising and television to documentaries video games and zombie and disaster films Apel shows how Detroit has become pivotal to an expanding network of ruin imagery imagery ultimately driven by a pervasive and growing cultural pessimism a loss of faith in progress and a deepening fear that worse

times are coming The images of Detroit s decay speak to the overarching anxieties of our era increasing poverty declining wages and social services inadequate health care unemployment homelessness and ecological disaster in short the failure of capitalism Apel reveals how through the aesthetic distancing of representation the haunted beauty and fascination of ruin imagery embodied by Detroit s abandoned downtown skyscrapers empty urban spaces decaying factories and derelict neighborhoods help us to cope with our fears But Apel warns that these images while pleasurable have little explanatory power lulling us into seeing Detroit s deterioration as either inevitable or the city s own fault and absolving the real agents of decline corporate disinvestment and globalization Beautiful Terrible Ruins helps us understand the ways that the pleasure and the horror of urban decay hold us in thrall *Episcopal Watchman* ,1828 Edwards on Revivals; containing a Faithful Narrative ... Also, Thoughts on the revival of religion ... with introductory preface by ... J. A. James. Revised, with notes and introduction, by W. Patton Jonathan Edwards,1839 **Exploring the Old Testament Book by Book** John Phillips,2009-07-01 Valuable tools for study or scholarship Taking a telescopic view of the Bible Exploring the Old Testament Book by Book and Exploring the New Testament Book by Book enable readers to see the big picture behind this Book of books to see how the various parts of Scripture relate to one another These volumes from gifted expositor John Phillips teaches the importance of taking a few steps back from Scripture in order to gain fresh insight into the message meaning and art of the Bible **Edwards on Revivals** Jonathan Edwards,1832 *Sham Ruins* Brian Willems,2021-11-29 In the middle of the eighteenth century a new fad found its way into the gardens of England s well to do building fake Gothic ruins Newly constructed castle towers and walls looked like they were already falling apart even on the first day of their creation Made of stone plaster or even canvas these sham ruins are often considered an embarrassing blip in English architectural history However Sham Ruins A User s Guide expands the specific example of the sham ruin into a general principle to examine the way purposely broken objects can be used to both uncover old truths and invent new ones Along with architecture work by Ivan Vladislavi Tom Stoppard Alain Mabankou Aleksei Fedorchenko Michael Haneke and Sturtevant is used to develop this thesis as well as artifacts such as pre torn jeans fake histories and broken screen apps Using these examples one of the key questions the book raises is what is it that sham ruins ruin In other words if real ruins are ruins of what they actually are then sham ruins should be considered ruins of what they are not Thus sham ruins are about imposing new meaning where such meaning does not and should not exist They also can show how things we think are functioning well are actually already broken Sham ruins do this and much more by being lies ruses and embarrassments This is what gives them the power with which we can think about objects in new unintended ways **The Ruin of a Christian** John R. Rice,2000-08 **Journal of the Society of Architectural Historians** Society of Architectural Historians,1996 Includes special issues **The American Quarterly Register** ,1840
