- **Commercial interests drive German foreign policy**

Security Dentente Conflicting Priorities In German Foreign Policy

Tobias Bleicker

Security Dentente Conflicting Priorities In German Foreign Policy:

Security and Detente Helga Haftendorn, 1985 Bogen behandler Vesttysklands udenrigspolitik fra 1955 1985 herunder forholdet til Sovjetunionen stpolitikken Berlinsp rgsm let og forholdet til NATO

The German Problem Transformed Thomas Banchoff, 2010-05-06 Does the new more powerful Germany pose a threat to its neighbors Does the new German Problem resemble the old The German Problem Transformed addresses these questions fifty years after the founding of the Federal Republic and ten years after the fall of the Berlin Wall Many observers have underscored the reemergence of Germany as Europe s central power After four decades of division they contend Germany is once again fully sovereign without the strictures of bipolarity its leaders are free to define and pursue national interests in East and West From this perspective the reunified Germany faces challenges not unlike those of its unified predecessor a century earlier The German Problem Transformed rejects this formulation Thomas Banchoff acknowledges post reunification challenges but argues that postwar changes not prewar analogies best illuminate them The book explains the transformation of German foreign policy through a structured analysis of four critical postwar junctures the cold war of the 1950s the d tente of the 1960s and 1970s the new cold war of the early 1980s and the post cold war 1990s Each chapter examines the interaction of four factors international structure and institutions foreign policy ideas and domestic politics in driving the direction of German foreign policy at a key turning point This book will be of interest to scholars and students of German history German politics and European international relations as well as policymakers and the interested public Thomas Banchoff is Assistant Professor of Government Georgetown University

After the Cold War Alpo M. Rusi, 1991-05-31 This book provides new and exceptional interpretations in regard to the post World War 2 history of the East West conflict and calls for interdisciplinary approaches in analyzing international relations The systematic and political processes are undoing the division of Europe and restoring an organically interdependent continent The events of 1989 in Eastern Europe are but a harbinger of a new security order in Europe and for the first time since the Treaty of Westphalia of 1648 Europe tries to look beyond state centered concepts of security

Professional Journal of the United States Army , 1986 *The Changing Politics of German Security* Stephen F. Szabo, 1990

East-west Conflict Michael D. Intriligator, 2019-04-09 This book aims to bring together American and West German scholars in order to analyze U S German and Soviet elite perceptions of East West conflict It attempts to assess the policy implications and political options for the West

Security and Detente Helga Haftendorn, 1985 Bogen behandler Vesttysklands udenrigspolitik fra 1955 1985 herunder forholdet til Sovjetunionen stpolitikken Berlinsp rgsm let og forholdet til NATO

Human Rights in the New Europe David P. Forsythe, 1994-01-01 I The global setting

Bundeswehr and Western Society Stephen F. Szabo, 1990-06-18 The American institute for contemporary German studies which sponsors research and discussion on German politics foreign policy and history since 1945 has compiled this book on the German army and its involvement with NATO German politics and future strategic

alternatives Military Review ,1986-07 **Cold War Politics in Post War Germany** D. Patton,1999-02-14 During the Cold War the Federal Republic of Germany FRG a divided nation on the front line of the East West confrontation came down with pneumonia every time the superpowers sneezed Due to the East West confrontation splitting Germany in two the Cold War remained irrevocably linked to the question of German unity In The Politics of Foreign Policy in Post War Germany David Patton develops the links between Cold War international pressures and German domestic coalitions The book examines a politics in uncertain times with three major shifts in Cold War relations disrupting politics as usual in the Federal Republic In the early 1950s external pressures led to a wrenching internal debate over rearmament Twenty years later the thaw in Cold War tensions set the stage for a fierce domestic showdown over détente with Eastern Europe In the early 1990s Chancellor Helmut Kohl took full advantage of the end of the Cold War to implement his controversial unification policy At each juncture the Federal Republic experienced intense debates over national unity the increased stature of the chancellor in the policy making process the emergence of new domestic alliances and a sudden foreign policy reversal Patton s examination of these three periods reveals how the Federal Republic has changed yet stayed the same in the post war era *Security Studies* Arda Özkan,Göktürk Tüysüzoglu,2023-07-10 As an important aspect of human polity the concept of security has an important place and space in politics Though regularly mentioned or referred the concept is rarely given a proper definition usually left in the shadows of politics and policymaking and usually referred as a cause to an effect Within the framework of this book classic modern and post modern security issues are analyzed while also focusing on the classical and diverse conceptual dimensions of security current problems are also evaluated especially in the axis of post modern security studies In security studies a distinction is usually made between classical and post modern approaches but in this study both are considered together One of the important features of this work is that it offers a perspective from Turkish experts on the concept of security in international relations **North Atlantic Treaty Organization** Phil Williams,2024-11-01 This volume consists of major books written in the English language on NATO as well as an extensive listing of journal articles that deal with various aspects of the Alliance All the major debates that have taken place over the last forty years are discussed **The International Who's Who of Women 2002** Elizabeth Sleeman,2001 Over 5 500 detailed biographies of the most eminent talented and distinguished women in the world today **Air University Library Index to Military Periodicals** ,1986

The Wilsonian Impulse Mary N. Hampton,1996-07-11 Mary Hampton argues that a set of ideas that influenced American policymakers in the postwar era help explain the unique evolution of the Western Alliance and Germany s rapid unification in 1990 These ideas called the Wilsonian impulse derived from the historical lessons concerning World War I and the interwar years learned by prominent American policymakers The most important lesson was that a trans Atlantic community of nations must be built that included a democratic and equal Germany West German leaders were persistent in appealing to the Wilsonian impulse to promote their national interests In particular Bonn was able to ensure over time

Washington's pledge to aid in the peaceful unification of Germany. The success of that policy became evident in 1990. Recent works in international relations theory have explored the impact of ideas on international institutions and on the foreign policymaking process. This study contributes to that literature by examining the role ideas have had on the evolution of Western relations in the postwar era. Hampton focuses on the cluster of ideas she calls the Wilsonian impulse. Derived from the historical lessons drawn from World War I and the interwar years, these distinctly Wilsonian ideas largely constructed the beliefs that American foreign policymakers held about trans-Atlantic relations in the immediate postwar period. Central was the belief that the European balance of power system must be superseded by a Western community of nations wherein a democratic Germany would be included on an equal basis. Hampton examines how the influence of the Wilsonian impulse permitted West German leaders to gain rapid entrance into the Western Alliance on favorable terms. More importantly, the U.S. led the West in sharing responsibility for the eventual unification of Germany as part of the Allied pledge of support for Bonn. The peaceful unification of Germany in 1990 brought to fruition the future envisioned by the Wilsonian impulse. This book will be of interest to scholars and researchers of 20th century American foreign policy and modern German history.

World Power Forsaken John Duffield, 1998-08-01. What does German unification imply for international politics? Many commentators have speculated about how a united Germany will use its new found power and influence on the world stage and for good reason. Because of its size, central location and strong economy, Germany will inevitably exert considerable influence over developments in Europe if not beyond. Drawing on interviews and other primary source materials, this comprehensive study examines in detail each of the central issues of Germany's security policy since 1990: its promotion of political and economic reform in the former Soviet bloc; its efforts to maintain and strengthen European security institutions; the transformation of Germany's armed forces and its responses to international crises and conflicts, including the debate over German participation in foreign military actions. Rejecting claims that German policy is becoming nationalized and militarized, the author argues that Germany's actions have in fact been characterized by considerable restraint and continuity with the past, notwithstanding its much greater potential freedom of action after the Cold War. In order to make sense of this record, the book presents a general framework of analysis that promises to be useful for explaining the security policies of a variety of states. It then shows how a variety of influences both in Germany's external environment and within Germany itself have importantly shaped German security policy since unification. In sharp contrast to the realist approaches that have dominated security studies, the book highlights the roles played by international institutions and Germany's distinct postwar political culture in molding German state behavior. In a final chapter, the author discusses the likely future course of German security policy and the implications of his analysis for the theoretical study of national security policy. **The United States and Germany in the Era of the Cold War, 1945-1990** Detlef Junker, Philipp Gassert, Wilfried Mausbach, David B.

Morris, 2004-05-17. Publisher Description Superpower Detente Mike Bowker, Phil Williams, 1988-12. Superpower Detente

is an outstanding assessment of the highs and lows in the relationship between the two superpowers in the 1970s and the prospects for a continuing detente between them in the 1980s This thorough examination of the 1970s reminds us that improvements early in that decade gave way to stalemate and the demise of detente The early 1970s saw the most far reaching moves toward detente since the inception of the Cold War But Bowker and Williams suggest the coincidence of interests between the superpowers hid divergent conceptions of what detente was and what kind of behaviour it required

Developments in West German Politics Gordon Smith, William E. Paterson, Peter H. Merki, 2016-01-12 This book gives up to date assessments of key trends and issues in the Federal Republic with sufficient background analysis to make the treatment of the various topics accessible to those without detailed prior knowledge of German politics

This is likewise one of the factors by obtaining the soft documents of this **Security Dentente Conflicting Priorities In German Foreign Policy** by online.
