The Northwestern Reporter ,1903 **Archives of Labor** Lori Merish,2017-05-04 In Archives of Labor Lori Merish establishes working class women as significant actors within literary culture dramatically redrawing the map of nineteenth century US literary and cultural history Delving into previously unexplored archives of working class women s literature from autobiographies pamphlet novels and theatrical melodrama to seduction tales and labor periodicals Merish recovers working class women s vital presence as writers and readers in the antebellum era Her reading of texts by a diverse collection of factory workers seamstresses domestic workers and prostitutes boldly challenges the purportedly masculine character of class dissent during this era Whether addressing portrayals of white New England factory girls fictional accounts of African American domestic workers or the first person narratives of Mexican women working in the missions of Mexican California Merish unsettles the traditional association of whiteness with the working class to document forms of cross racial class identification and solidarity In so doing she restores the tradition of working women s class protest and dissent shows how race and gender are central to class identity and traces the ways working women understood themselves and were understood as workers and class subjects

Nineteenth-Century Transatlantic Reprinting and the Embodied Book Jessica DeSpain,2016-05-06 Until the Chace Act in 1891 no international copyright law existed between Britain and the United States which meant publishers were free to edit text excerpt whole passages add new illustrations and substantially redesign a book s appearance In spite of this ongoing process of transatlantic transformation of texts the metaphor of the book as a physical embodiment of its author persisted Jessica DeSpain s study of this period of textual instability examines how the physical book acted as a major form of cultural exchange between Britain and the United States that called attention to volatile texts and the identities they manifested Focusing on four influential works Charles Dickens s American Notes for General Circulation Susan Warner s The Wide Wide World Fanny Kemble s Journal of a Residence on a Georgian Plantation and Walt Whitman s Democratic Vistas DeSpain shows that for authors readers and publishers struggling with the unpredictability of the textual body the physical book and the physical body became interchangeable metaphors of flux At the same time discourses of destabilized bodies inflected issues essential to transatlantic culture including class gender religion and slavery while the practice of reprinting challenged the concepts of individual identity personal property and national

identity

The Maguires of Tempo whose substantial estate dated from the Ulster Plantation in 1610 were the only Gaelic family in Fermanagh to survive the upheavals of the next two centuries with their property more or less intact By the time Constantine Maguire inherited in 1800 however only a fraction remained The extraordinary story of this resourceful not to say ruthless man's struggle to retain his social standing in the course of which he married a famous courtesan and then fell in love with a mistress of his own reads like a novel of the period His brutal murder in Tipperary in 1832 was a suitably Gothic finishing touch to a rackets career At a more serious level the tale of Captain Cohonny throws useful light on some obscure aspects of life and death in early 19th century Ireland
