See How They Run Electing The President In An Age Of Mediaocracy

Stephen C Craig

See How They Run Electing The President In An Age Of Mediaocracy:

See how They Run Paul Taylor, 1990 Profiles of some of 1988 s key political personalities Jesse Jackson Gary Hart Mario Cuomo Dan Quayle and Joe Biden and analyses of the candidates hired political consultants the voters and the media Offers realistic proposals for improving the means by which we choose our President

The Psychological Assessment of Presidential Candidates Stanley A. Renshon, 2013-10-14 Looking back over the past 25 years Stanley Renshon explores how the issue of character has come to dominate presidential campaigns Drawing on his clinical and political science training Renshon has devised a theory which allows the public to evaluate the qualities of presidential candidates

Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

Empire or Republic? James Petras, Morris Morley, 2012-11-12 Empire or Republic makes the necessary but much overlooked link between our nation s international policies and the domestic situation The authors contend that the Reagan Bush and Clinton administrations have all focused on global leadership to the detriment of pressing social economic and political problems at home

The Vanishing Voter Thomas E. Patterson, 2009-09-09 From the award winning author of Out of Order named the best political science book of the last decade by the American Political Science Association comes this landmark book about why Americans don t vote Based on more than 80 000 interviews The Vanishing Voter investigates why despite a better educated citizenry the end of racial barriers to voting and simplified voter registration procedures the percentage of voters has steadily decreased to the point that the United States now has nearly the lowest voting rate in the world Patterson cites the blurring of differences between the political parties the news media s negative bias and flaws in the election system to explain this disturbing trend while suggesting specific reforms intended to bring Americans back to the polls Astute far reaching and impeccably researched The Vanishing Voter engages the very meaning of our relationship to our government

Joe Biden Beatrice Gormley, 2021-01-12 A biography of Joe Biden the 46th President of the United States from childhood through the Senate to his election as vice president and in 2020 as

president The road to the presidency of the United States was a long and determined one for Joseph Robinette Biden Jr From Joe s childhood in Scranton Pennsylvania and Wilmington Delaware his close knit devoted family gave him the foundation that would guide him through life His family s unwavering support bolstered Joe when he was bullied for stuttering attended law school and became a public defender They encouraged Joe when he pursued a career in politics and became the sixth youngest senator in US history They consoled him when he suffered the devastating loss of his first wife and baby daughter and years later the death of his eldest son Beau And they cheered Joe when he served two vice presidential terms with President Barrack Obama After a lifetime marked by perseverance integrity and accomplishment Joe Biden and running mate Kamala Harris won the 2020 presidential election And standing by his side each and every step of the way was his wife Jill his children and his grandchildren his family

Comparative Government and Politics Dr. Raghwendra Kishore`,2021-09-10
 Comparative Government and Politics Comparative politics has a long and very distinguished history dating back to the very origins of systematic political studies in ancient Greece and Rome Comparative Politics is about 2 500 years old and maybe older One could argue that the study of Comparative Politics goes all the way back to humankind s first recorded history Even the most ancient of peoples organized as clans tribes or extended families compared their situations with those of other peoples with whom they came in contact There are a number of reasons for studying Comparative Politics First it s fun and interesting and one learns a lot about other countries regions and the world Second studying Comparative Politics will help a person overcome ethnocentrism All peoples and countries are ethnocentric but Americans seem to be particularly afflicted Third we study Comparative Politics because that enables us to understand how nations change and the patterns that exist A fourth reason for studying Comparative Politics is that it is intellectually stimulating The book provides a lucid and up to date presentation of the emerging topics of comparative politics in dealing with the non western political systems and the politics of the developing areas Contents Comparative Analysis and International Politics Liberal Internationalism Political Sociology Concepts of International Politics Regional Security Arrangements Balance of Power in International Relations Theories of International Politics Geopolitics

The Malevolent Leaders Stephen C Craig,2019-07-11 Trust in government dropped to a near record low during the 1992 election as Ross Perot s startling campaign illustrated all too graphically Stephen Craig shows the trajectory of this popular discontent over the years and predicts that the confidence gap is not likely to close until citizens adjust their perceptions and expectations of government a shift that would represent a major change in our political culture Blending survey data and interviews with both elites and nonelites Craig gives us a nuanced view of how people assess their leaders how leaders see themselves and how opinions converge and diverge on the issues that matter most the economy the environment and above all the quality of our democracy

The Nixon Memo Marvin Kalb,1994-10-17 The story of Richard Nixon s quest for political rehabilitation At issue is the key role he played during his final years in teh post Cold War debate about aiding Russia in its uncertain revolution

Focus On: 100 Most Popular 20Th-century American

Politicians Wikipedia contributors, **The Nixon Memo** Marvin Kalb, 2019-01-10 An absorbing example of political journalism The Nixon Memo is a case study of Richard Nixon's relentless quest for political rehabilitation At issue is the key role of this former president of the United States best known for his involvement in the famous watergate scandal in the post cold war debate about aiding Russia in its uncertain revolution The story begins on March 10 1992 Nixon had written a private memo critical of president George Bush's policy toward Russia The memo leaked and exploded on the front page of The New York Times Why would Nixon attack Bush a fellow party member fighting for re election Why on an issue of foreign affairs which was Bush's strength The questions are as intriguing as the answers and distinguished journalist and scholar Marvin Kalb offers a suspenseful eye opening account of how our conventional wisdom on United States foreign policy is shaped by the insider's game of press politics This story of Nixon's Machiavellian efforts to pressure the White House by way of the press into helping Boris Yeltsin and Russia sheds new light on the inner workings of the world inside the government of the United States Marvin Kalb read the documents behind the Nixon memo and interviewed scores of journalists scholars and officials in and from Washington and Moscow Drawing on his years of experience as a diplomatic correspondent he identifies and illuminates the intersection of press and politics in the fashioning of public policy An absorbing and often compelling argument that Richard Nixon directed his own political rehabilitation on the world stage using presidents lesser politicians and the press as his supporting cast This is a first class job of unraveling a complex and usually unseen tapestry Ted Koppel With Marvin Kalb's captivating account Richard Nixon continues to fascinate us even in death Al Hunt

The Iowa Precinct Caucuses Hugh Winebrenner, Dennis J. Goldford, 2010 Although some people refer to Iowa as flyover country presidential candidates and political reporters in the national press corps have no difficulty locating the state every four years at the beginning of presidential primary season When Iowa Democrats pushed forward their precinct caucuses in 1972 the Iowa caucuses became the first presidential nominating event in the nation Politicos soon realized the impact of Iowa's new status and along with the national media promoted the caucuses with a vengeance The Iowa Precinct Caucuses chronicles how the caucuses began how they changed and starting in 1972 how they became fodder for and manipulated by the mass media Hugh Winebrenner and Dennis J Goldford argue that the media have given a value to the Iowa caucuses completely out of proportion to the reality of their purpose and procedural methods In fact the nationally reported results are contrived by the Iowa parties to portray a distorted picture of the process As presidential primaries have grown in the media spotlight and superseded the parties conventions Iowa has become a political proving ground for the confident the hopeful and the relatively unknown but at what cost to the country The third edition of this classic book has been updated to include the elections of 2000 which saw the first winner of the Iowa caucuses to reach the White House since 1976 of 2004 and the roller coaster fortunes of Howard Dean and John Kerry and of 2008 and the unlikely emergence of Barack Obama as a presidential contender

The Race for the White House from Reagan to Clinton A. Bennett, 2013-02-06 The Race for

the White House from Reagan to Clinton provides a foundation for how the presidential nomination process and the presidential election process have changed over the past three decades by addressing a number of important questions about the nomination and electoral processes *International Relations* Dr. Raghwendra Kishore, 2021-09-11 The history of international relations is often traced back to the Peace of Westphalia of 1648 where the modern state system was developed Prior to this the European medieval organization of political authority was based on a vaguely hierarchical religious order Westphalia instituted the legal concept of sovereignty which essentially meant that rulers or the legitimate sovereigns had no internal equals within a defined territory and no external superiors as the ultimate authority within the territory's sovereign borders A simple way to view this is that sovereignty says I'm not allowed to tell you what to do and you are not allowed to tell me what to do Classical Greek and Roman authority at times resembled the Westphalian system but both lacked the notion of sovereignty Westphalia encouraged the rise of the independent nation state the institutionalization of diplomacy and armies This particular European system was exported to the Americas Africa and Asia via colonialism and the standards of civilization The contemporary international system was finally established through decolonization during the Cold War However this is somewhat oversimplified While the nation state system is considered modern many states have not incorporated the system and are termed pre modern This book is an attempt in this direction and hope that will be useful to students academicians and researchers Contents Origin and Contemporary Relevance of the Cold War Nature of the Post Cold War Global Order Vietnam War and International Politics Discussion of Petroleum Supply's Relation to World Markets Afghan Civil War Gulf War Collapse of the Soviet Union Yugoslav Crisis *Imagining Politics* Stephen Benedict Dyson, 2019-07-09 *Imagining Politics* critically examines two interpretations of government The first comes from pop culture fictions about politics the second from academic political science Stephen Benedict Dyson argues that televised political fictions and political science theories are attempts at meaning making reflecting and shaping how a society thinks about its politics By taking fiction seriously and by arguing that political science theory is homologous to fiction the book offers a fresh perspective on both using fictions such as *The West Wing* *House of Cards* *Borgen* *Black Mirror* and *Scandal* to challenge the assumptions that construct the discipline of political science itself *Imagining Politics* is also about a political moment in the West Two great political shocks Brexit and the election of Donald Trump are set in a new context here Dyson traces how Brexit and Trump campaigned against our image of politics as usual and won *Interviewing in a Changing World* Jonathan H. Amsbary, Larry Powell, 2018-01-17 *Interviewing in a Changing World* offers students the broadest coverage of interviewing available today by including several unique interview situations Students begin to develop a better understanding of how to utilize strong interviewing skills in several different settings as this text demonstrates that interviewing techniques differ in accordance with varying situations and contexts The Second Edition covers employment contexts such as job interviews persuasive interviews performance and appraisal interviews as well as media interviews on radio television newspapers and

political reporting There are two full chapters on research including interviewing skills needed for both qualitative and quantitative research The book covers several unique interviewing situations that are on the cutting edge of communication research with an interview with a professional from the field and multiple sidebars on related theoretical and applied issues within each chapter

Cultural and Ethical Turns: Interdisciplinary Reflections on Culture, Politics and Ethics

,2020-04-28 This interdisciplinary work was presented at the 2nd Global Conference on Culture Politics Ethics held in Salzburg Austria in March 2010 It offers reflections on the complex and diverse interfaces of culture politics and ethics that will be of interest to those working across the fields of philosophy the social sciences and the arts

Men, Masculinity and the Media Steve Craig,1992-02-26 Although studies of men and masculinity have gained momentum little has been published that focuses on the media and their relationship to men as men *Men Masculinity and the Media* addresses this shortcoming Scholars from across the social sciences investigate past media research on men and masculinity They also examine how the media serve to construct masculinities how men and their relationships have been depicted and how men respond to media images From comic books and rock music to film and television this groundbreaking volume scrutinizes the interrelationship among men the media and masculinity

Democracy for Hire Dennis W. Johnson,2016-10-18 This book is a history of political consulting in America examining how the consulting business developed highlighting the major figures in the consulting industry and assessing the impact of professional consulting on elections and American democracy A key focus is on presidential elections beginning in 1964 and the important role played by consultants and political operatives

Measuring Bias on Television Barrie Gunter,1997 Exploring the important issue of impartiality in news reporting with special reference to news broadcasting on television this book examines the position of impartiality or bias within the context of news objectivity by exploring accusations of bias by aggrieved parties claiming to have been treated unfairly misrepresented or underrepresented
