Seeing the Getty Center. Seeing the Getty Gardens. A Souvenir Book Jeffrey Hirsch, 1998 American Museums and the Persuasive Impulse J. Donald Ragsdale, 2009-01-14 In American Museums and the Persuasive Impulse Professor Ragsdale assesses American museums as means of visual persuasion He demonstrates that museums their contents and their manners of display are as capable of influencing visitors as speeches or advertisements and that an awareness of their social influence provides an insight into the cultural roles of museums The book considers a diverse array of museums ranging from such national cultural icons as the Metropolitan Museum of Art and the Art Institute to such city museums as the Philadelphia Museum of Art and the Los Angeles Country Museum of Art and includes separate chapters on museums devoted to modern and contemporary art and to the specialized collections of individual connoisseurs In addition to these primarily art museums Professor Ragsdale assesses museums devoted to collections such as the National Air and Space Museum and to commemoration and remembrance such as the National World War II Museum and the US Holocaust Memorial Museum American Museums and the Persuasive Impulse makes an important contribution to the theory of persuasion and to visual communication art history and museology It utilizes a theory of visual signs based on the semiotic theory of C S Peirce In so doing it demonstrates that museum buildings the art and other objects contained within them and the spaces used for display may all be thought of in terms of means of social influence **Seeing the Getty Center and Gardens** Getty Publications, Featuring stunning color photographs throughout this beautifully illustrated volume takes readers on a visual tour through Los Angeles s iconic Getty Center and Gardens Designed for the Getty s visiting public this handsome gift book distills highlights of the existing Seeing the Getty Center and Seeing the Getty Gardens souvenir volumes to provide a visual tour of the Getty Center from the masterpieces in the galleries to the iconic architecture to the breathtaking gardens Dazzling details from the J Paul Getty Museum's collections are combined with unforgettable views of the site including the outdoor sculpture close ups of the diverse plants and flowers in the gardens plays of light and shadow on the travertine exterior the ocean and Los Angeles skyline and a stunning view of the Center at sunset Also available in Japanese Chinese Korean Spanish French and German this English edition provides a memento for guests and an inspiring introduction for those who European Glass in the J. Paul Getty Museum Catherine Hess, Timothy have vet to visit the Getty Center Husband, 1998-02-19 The Getty Museum's collection of postclassical European glass represents a well defined chapter within the history of the medium These objects which range in date from the late Middle Ages to the late seventeenth century originated in important Italian German Bohemian Netherlandish Silesian and Austrian centers of production The sixty eight

pieces presented in this catalogue include vessels made to resemble rock crystal or chalcedony glass blown into unusually large or remarkably refined shapes and glass decorated with ornament that is intricately applied elegantly enameled or gilded Each object is described in detail including provenance bibliography and relevant comparative examples An introductory essay traces the history of European glass from classical times to the present The J. Paul Getty Museum **Journal** The J. Paul Getty Museum, 1987-01-01 The J Paul Getty Museum Journal 15 is a compendium of articles and notes pertaining to the Museum's permanent collections of antiquities decorative arts illuminated manuscripts paintings photographs and sculpture and works of art This volume includes a supplement introduced by John Walsh with a fully illustrated checklist of the Getty's recent acquisitions Volume 15 includes articles written by Jeffery Spier Michael Pfrommer Cornelius C Vermeule Maureen Cassidy Geiger Robert S Nelson Carl Brandon Stehlke Peter Sutton John T Spike Victor Carlson Andrew Szegedy Maszak and Herbert Keutner Slaves and Other Objects Page duBois, 2008-03-15 Page duBois a classicist known for her daring and originality turns in this new book to one of the most troubling subjects in the study of antiquity the indispensability of slaves in ancient Greece DuBois argues that every object and text in the world of ancient Greece bears the marks of slavery and the need to reiterate the distinction between slave and free And yet the ubiquity of slaves in ancient societies has been overlooked by scholars who idealize antiquity misconstrued by those who view slavery through the lens of race and obscured by the split between historical and philological approaches to the classics DuBois begins her study by exploring the material culture of slavery including how most museum exhibits erase the presence of slaves in the classical world Shifting her focus to literature she considers the place of slaves in Plato s Meno Aristotle s Politics Aesop's Fables Aristophanes Wasps and Euripides Orestes She contends throughout that portraying the difference between slave and free as natural was pivotal to Greek concepts of selfhood and political freedom and that scholars who idealize such concepts too often fail to recognize the role that slavery played in their articulation Opening new lines of inquiry into ancient culture Slaves and Other Objects will enlighten classicists and historians alike The Cultural Aesthetics of Eighteenth-Century Porcelain Michael E. Yonan, 2017-07-05 During the eighteenth century porcelain held significant cultural and artistic importance This collection represents one of the first thorough scholarly attempts to explore the diversity of the medium's cultural meanings Among the volume's purposes is to expose porcelain objects to the analytical and theoretical rigor which is routinely applied to painting sculpture and architecture and thereby to reposition eighteenth century porcelain within new and more fruitful interpretative frameworks The authors also analyze the aesthetics of porcelain and its physical characteristics particularly the way its tactile and visual qualities reinforced and challenged the social processes within which porcelain objects were viewed collected and used The essays in this volume treat objects such as figurines representing British theatrical celebrities a boxwood and ebony figural porcelain stand works of architecture meant to approximate porcelain visually porcelain flowers adorning objects such as candelabra and perfume burners and tea

Nelson, 2004-07-14 Hagia Sophia the Church of Holy Wisdom sits majestically atop the plateau that commands the straits separating Europe and Asia Located near the acropolis of the ancient city of Byzantium this unparalleled structure has enjoyed an extensive and colorful history as it has successively been transformed into a cathedral mosque monument and museum In Hagia Sophia 1850 1950 Robert S Nelson explores its many lives Built from 532 to 537 as the Cathedral of Constantinople Hagia Sophia was little studied and seldom recognized as a great monument of world art until the nineteenth century and Nelson examines the causes and consequences of the building s newly elevated status during that time He chronicles the grand dome s modern history through a vibrant cast of characters emperors sultans critics poets archaeologists architects philanthropists and religious congregations some of whom spent years studying it others never visiting the building But as Nelson shows they all had a hand in the recreation of Hagia Sophia as a modern architectural icon By many means and for its own purposes the West has conceptually transformed Hagia Sophia into the international symbol that it is today While other books have covered the architectural history of the structure this is the first study to address its status as a modern monument With his narrative of the building s rebirth Nelson captures its importance for the

diverse communities that shape and find meaning in Hagia Sophia His book will resonate with cultural architectural and art historians as well as with those seeking to acquaint themselves with the modern life of an inspired and inspiring building

The Central Liberal Truth Lawrence E. Harrison, 2008-07-08 Which cultural values beliefs and attitudes best promote democracy social justice and prosperity How can we use the forces that shape cultural change such as religion education and political leadership to promote these values in the Third World and for underachieving minorities in the First World In this book Lawrence E Harrison offers intriguing answers to these questions in a valuable follow up to his acclaimed Culture Matters Drawing on a three year research project that explored the cultural values of dozens of nations from Botswana Sweden and India to China Egypt and Chile Harrison offers a provocative look at values around the globe revealing how each nation's culture has propelled or retarded their political and economic progress. The book presents 25 factors that operate very differently in cultures prone to progress and those that resist it including one s influence over destiny the importance attached to education the extent to which people identify with and trust others and the role of women in society Harrison pulls no punches and many of his findings are controversial Contradicting the arguments of multiculturalists this book contends that when it comes to promoting human progress some cultures are clearly more effective than others It convincingly shows which values beliefs and attitudes work and how we can foster them Harrison takes up the question that is at the center of politics today Can we self consciously change cultures so they encourage development and modernization David Brooks New York TimesI can think of no better entrance to the topic both for what it teaches and the way it invites and prepares the reader to continue A gateway study David S Landes author of The Wealth and Poverty of Nations Monceau Carmontelle, 2020-12-08 Carmontelle s landmark publication Garden at Monceau beautifully reproduced to show the Parisian garden's artistic and cultural importance before the French Revolution Originally published in 1779 Garden at Monceau is a richly illustrated presentation of the garden Louis Carrogis known as Carmontelle designed on the eve of the French Revolution for Louis Philippe Joseph d Orl and duc de Chartres With its array of architectural follies intended to surprise and amaze the visitor the garden was a setting for ancien r gime social life Carmontelle's portrayal of his work in Garden at Monceau therefore serves as an expression of a key moment in the history of European landscape design garden architecture and social history This facsimile edition with its English language text and reproductions of the original engravings is accompanied by essays that interpret the landscape design and examine Carmontelle's larger career as a painter and theater producer **The Open Studio** Susan Stewart, 2005 Gathering most of poet Susan Stewart's writing on contemporary art The Open Studio illuminates a broad range of work from Ann Hamilton installations to the sculptures watercolours of Thomas Schu te the films of Tacita Dean **At the Source** Lynn Marsden-Atlass, André Dombrowski, 2023-02-14 In 2016 a landscape painting of the source of the Lison river in France was discovered at the University of Pennsylvania and was immediately suspected of being the work of Gustave Courbet A lengthy authentication

process began in 2018 and the landscape has since been confirmed as his This new discovery sparked an exhibition showcasing the infamous painter's modern landscape practice Titled At the Source A Courbet Landscape Rediscovered the exhibition is presented at the University of Pennsylvania's Arthur Ross Gallery from February 4 to May 28 2023 Focusing on the motifs of grottos and waterfalls in his art of the 1850s and 1860s it highlights the rediscovered Courbet painting not shown in public for close to 100 years and emphasizes the process of authenticating and conserving this historic work Gustave Courbet 1819 1877 was a French painter who led the Realism movement of the mid nineteenth century Committed to painting only what he could see he rejected academic conventions and the Romanticism of the previous generation of artists Courbet's paintings of the late 1840s and early 1850s brought him his first recognition They challenged tradition by depicting unidealized peasants and workers often on a grand scale previously reserved for paintings of religious or historical subjects Courbet's subsequent paintings offer a wide range of genres and broadened the political character of his art landscapes seascapes hunting scenes nudes and still lifes This heavily illustrated catalog brings together essays by leading Courbet scholars including Petra ten Doesschate Chu Aruna D Souza Paul Galvez and Mary Morton and situates Courbet s modern landscapes within the genre of nineteenth century plein air painting Contextualizing the newly discovered work in relation to other visual depictions of the site the catalog reproduces postcards and maps as well as the few other versions of the Source of the Lison that Courbet painted including other related subjects The essays draw connections between Courbet s paintings and his political activism his interests in geology and environmentalism and his engagement with issues of gender Embark on a breathtaking journey through nature and adventure with Explore with is mesmerizing ebook, Natureis Adventure: **Seeing The Getty Center A Souvenir**.
