Selected Essays Of Andrey Bely:

Selected Essays Andrey Bely, 1985 **Selected Essays of Andrey Bely** Andrey Bely, 1985 **Between Crisis and Catastrophe** Andrei Bely, 2016-03-15 Andrei Bely was the greatest Russian writer of the twentieth century. Chiefly known outside of Russia as a novelist, his *Petersburg* is the best modern Russian novel. He was also a leading symbolist poet and profound philosophical critic. Bely was also a mystic who had an unsurpassed ability to express his visions in writing, and he often did so in the form of lyrical essays, a selection of which is offered here. Many of these essays were written as the twentieth century stood at the threshold of a new epoch. For Bely, a new religious consciousness was emerging, rooted in Vladimir Solovyov's visions of Sophia and Nietzsche's proclamation that a new man was on the verge of being created. A new dawn, both joyful and terrifying, was already visible on the horizon. The artist is the creator of the universe. Andrei Bely declares in one of his philosophical prose poems collected in this book. Roaming fluidly between poetry and theory, between analysis and reverie, Bely transforms the material and intellectual revolution of modernity into an aesthetic revolution, and at the same time presages the revolutionary political upheaval of the twentieth century. In Boris Jakim's capable translation, Bely's intriguing, breathless improvisations sparkle with insight and wit. Robert Bird, Dept. of Slavic Languages and Literature, Univ. of Chicago. Andrei Bely, poet, novelist, and thinker, was one of the central figures of early twentieth-century Russian literature. His thought, represented by the nine essays collected here, examining in depth the works of Tolstoy, Vladimir Solovyov, Nietzsche, and the Russian poets, particularly his fellow Symbolists, is remarkable both in its scope and in its form of expression. His style combines visionary exaltation with self-humor in a way uniquely his own. Our salvation, as he writes in the final essay, lies in playful exuberance. Boris Jakim succeeds at the almost impossible task of capturing that quality in his fine translations. Richard Pevear, translator of *War and Peace* and *The Brothers Karamazov*. For Andrei Bely, every question is a religious question, every answer a religious answer. The essays included in this collection, each in its own way, figure as both question and answer. For with Bely, all that is important in human life—art, meaning, struggle, discovery—shimmers in a metaxu, whose domain is precisely that of religion, as the site of revelation. These essays, apocalyptic, imaginal, gnomic, though written nearly a century ago, nevertheless provide us with new ways of seeing the implicitly poetic, integral, and eminently religious nature of both human existence and the structure of the world. Boris Jakim is to be commended for the gift of this translation, which provides the English-speaking world a much-needed alternative to the prevailing religious discourses so preoccupied with apologetics and polemics and so forgetful of poetry and mysticism. Michael Martin, author of *The Submerged Reality: Sophiology and the Turn to a Poetic Metaphysics*. **Andrey Bely** John E. Malmstad, 2019-05-15 No figure in the turn of the century Russia. John Malmstad asserts better epitomizes the paradoxes of that era than Andrey Bely (1880-1934). Eulogized by Boris Pasternak as the most remarkable writer of our age and now widely regarded as the seminal figure in Russian modernism and as one of the major writers of this century, Bely subjected the received standards of truth and value in

literature to a penetrating and radical critique After a long period of suppression under the Stalinist regime Bely has become the object of growing critical attention in both East and West Originating in a symposium held in 1984 under the auspices of the Harriman Institute at Columbia University on the fiftieth anniversary of Bely's death this volume includes ten essays by established scholars of modern Russian literature including leading Western specialists on Bely The essays survey Bely's major works in all genres summarize present research on Bely reassess critical approaches and offer fresh interpretations Analytic summaries of primary works make the essays fully accessible to non Slavist readers

The Stony Dance Timothy Langen, 2005-07-22 Widely considered the greatest Russian modernist novel Andrei Bely's Petersburg has until now eluded the critical attention that a book of its caliber merits In The Stony Dance Timothy Langen offers readers a study of Bely's masterpiece unparalleled in its comprehensiveness clarity and inclusion of detail a critical study that is at the same time a

meditation on the nature of literary art Thoroughly versed in Russian and European modernism in Bely's biography and writings and in twentieth century literary theory Langen constructs an original analytic scheme for reading Petersburg Guided by Bely's fertile but challenging notions of art and philosophy he analyzes the novel first as an object embodying intentions and essences then as a pattern of signification and events and finally as a dance of gestures that coordinate body and meaning regularity and surprise self and other and author novel and reader The terms are derived from Bely's own writings but they are nuanced with reference to Russian and European contexts and clarified with reference to philosophy and literary theory Langen shows how Bely invariably challenges his own concepts and patterns thereby creating an unusually demanding and dynamic text In finding an approach to these enriching difficulties this book at long last shows readers a welcoming way into Bely's thought and his masterwork and their place in the complex world of early twentieth century literature

DADA, Surrealism, and the Cinematic Effect R. Bruce Elder, 2015-10-15 This book deals with the early intellectual reception of the cinema and the manner in which art theorists philosophers cultural theorists and especially artists of the first decades of the twentieth century responded to its advent While the idea persists that early writers on film were troubled by the cinema's lowly form this work proposes that there was another largely unrecognized strain in the reception of it Far from anxious about film's provenance in popular entertainment some writers and artists proclaimed that the cinema was the most important art for the moderns as it exemplified the vibrancy of contemporary life This view of the cinema was especially common among those whose commitments were to advanced artistic practices Their notions about how to recast the art media or the forms forged from those media's materials and the urgency of doing so formed the principal part of the conceptual core of the artistic programs advanced by the vanguard art movements of the first half of the twentieth century This book a companion to the author's previous *Harmony Dissent* examines the Dada and Surrealist movements as responses to the advent of the cinema

Modernism and Melancholia Sanja Bahun, 2013-10-30 Modernism and melancholia share an intellectual fate being at once categories conditions discourses modes of expression and social projects they feed on their own ambiguity But modernism and melancholia also share a history it was in the cultural historical period we tentatively term modernism that a fundamental shift in our understanding of melancholia occurred What is then the relationship between modernism and melancholia How does it relate to the history of the late nineteenth and early twentieth century What is the social value of the associated cluster of symbolic rituals that we call mourning *Modernism and Melancholia* addresses these questions as it focuses on the manifestations of melancholia in modernist fiction internationally Paying close attention to writings by Andrei Bely Franz Kafka and Virginia Woolf Sanja Bahun identifies in modernist fiction a deliberate use of the symptomatology of melancholia to reinvigorate the genre of the novel and address the complexities of contemporary history Such an exercise establishes writing as a mourning ritual that self consciously refuses to heal or cure To describe this paradoxical writing practice Bahun proposes the term counter mourning Reversing or renewing the ways in
