Sexology In Culture Labelling Bodies And Desires

Alain Giami, Sharman Levinson

Sexology In Culture Labelling Bodies And Desires:

Sexology in Culture Lucy Bland, Laura Doan, 1998 With *Sexology in Culture* leading historians in a range of relevant fields have been brought together to examine the impact of key writings by sexologists on English speaking culture from the 1880s to the early 1940s *The Archaeology of Plural and Changing Identities* Eleanor Casella, Chris Fowler, 2005-12-05 As people move through life they continually shift affiliation from one position to another dependent on the wider contexts of their interactions Different forms of material culture may be employed as affiliations shift and the connotations of any given set of artifacts may change In this volume the authors explore these overlapping spheres of social affiliation Social actors belong to multiple identity groups at any moment in their life It is possible to deploy one or many potential labels in describing the identities of such an actor Two main axes exist upon which we can plot experiences of social belonging the synchronic and the diachronic Identities can be understood as multiple during one moment or the extended moment of brief interaction over the span of a lifetime or over a specific historical trajectory From the Introduction The international contributions each illuminate how the various identifiers of race ethnicity sexuality age class gender personhood health and or religion are part of both material expressions of social affiliations and transient experiences of identity *The Archaeology of Plural and Changing Identities* Beyond Identification will be of great interest to archaeologists anthropologists historians curators and other social scientists interested in the mutability of identification through material remains **Gendered Pathologies**

Sondra Archimedes, 2005-09-08 *Gendered Pathologies* examines nineteenth century literary representations of the pathologized female body in relation to biomedical discourses about gender and society in Victorian England According to medical and scientific views of the period the woman who did not conform to the dictates of gender ideology was biologically speaking aberrant a deviation from the norm Yet although marginalized in a social sense the deviant woman was central as a literary and cultural trope Analyzing novels by Charles Dickens H Rider Haggard and Thomas Hardy alongside Foucault's notion of perverse sexualities and Herbert Spencer's model of the social organism Archimedes argues that the pathologized female body displaces or resolves on a narrative level larger cultural anxieties about the health of the British as a species While earlier feminist investigations asserted that bourgeois ideology helped to construct scientific discourses about female sexuality and social behavior this study takes these assertions as a starting point Examining incest racial stereotyping and neurasthenia *Gendered Pathologies* attempts to shed light on the ways in which biological thinking permeated British culture in the second half of the nineteenth century Drag Jacob Bloomfield, 2023-08 A must read for anyone interested in the history of drag performance Publishers Weekly A rich and provocative history of drag's importance in modern British culture *Drag A British History* is a groundbreaking study of the sustained popularity and changing forms of male drag performance in modern Britain With this book Jacob Bloomfield provides fresh perspectives on drag and recovers previously neglected episodes in the history of the art form Despite its transgressive associations drag has persisted as an intrinsic and common

part of British popular culture drag artists have consistently asserted themselves as some of the most renowned and significant entertainers of their day As Bloomfield demonstrates drag was also at the center of public discussions around gender and sexuality in the nineteenth and twentieth centuries from Victorian sex scandals to the permissive society of the 1960s This compelling new history demythologizes drag stressing its ordinariness while affirming its important place in British cultural heritage *Just Sex?* Nicola Gavey, 2013-10-14 Winner of the Association for Women In Psychology 2006 Distinguished Publication Award The past two decades have witnessed a significant shift in how rape is understood in Western societies This shift in perception has revealed the startling frequency of occurrences of date rape obscuring the divide between rape and what was once just sex Just Sex combines an overview of the existing literature with an analysis of recent research to examine the psychological and cultural implications of this new epidemic The result is the conclusion that feminist theory on sexual victimisation has gone both too far and not far enough The reader is presented with a challenging and original perspective on the issues of rape sex and the body incorporating subjects including rape as a social problem the social constructionism of sex subjectivity and the body heterosexuality under the microscope This book succeeds in making a valuable contribution to feminist and social constructionist work on rape that will be of interest to those studying psychology gender studies cultural studies and sociology Just Sex The Cultural Scaffolding of Rape was selected as a 2005 winner of AWP s Association for Women in Psychology distinguished publication award *Histories of Sexology* Alain Giami, Sharman Levinson, 2021-07-12 *Histories of Sexology* Between Science and Politics takes an interdisciplinary and reflexive approach to the historiography of sexology Drawing on an intellectual history perspective informed by recent developments in science and technology studies and political history of science this book examines specific social cultural intellectual scientific and political contexts that have given shape to theories of sexuality but also to practices in medicine psychology education and sexology Furthermore it explores various ways that theories of sexuality have both informed and been produced by sexologies as scientific and clinical discourses about sex in Western countries since the 19th century **Inconsequence** Annamarie Jagose, 2018-08-06 The field of lesbian studies is often framed in terms of the relation between lesbianism and invisibility Annamarie Jagose here takes a radical new approach suggesting that the focus on invisibility and visibility is perhaps not the most productive way of looking at lesbian representability Jagose argues that the theoretical preoccupation with metaphors of visibility is part of the problem it attempts to remedy In her account the regulatory difference between heterosexuality and homosexuality relies less on codes of visual recognition than on a cultural adherence to the force of first order second order sexual sequence As Jagose points out sequence does not simply specify what comes before and what comes after it also implies precedence what comes first and what comes second Jagose reads canonical novels by Charles Dickens Henry James Virginia Woolf and Daphne du Maurier drawing upon their elaboration of sexual sequence In these innovative readings tropes such as first and second origin and outcome and heterosexuality and homosexuality are shown to

reinforce heterosexual precedence In consequence intervenes in current debates in lesbian historiography taking as its pivotal moment the fin de siècle phenomenon of the sexological codification of sexual taxonomies and concluding with a reading of a post Kinsey pulp sexological text Throughout Jagose reminds us that categories of sexual registration are always back formations secondary and belated not only for those who identify as lesbian but also for all sexual subjects

Encyclopedia of Feminist Theories Lorraine Code, 2002-06-01 The path breaking Encyclopedia of Feminist Theories is an accessible multidisciplinary insight into the complex field of feminist thought The Encyclopedia contains over 500 authoritative entries commissioned from an international team of contributors and includes clear concise and provocative explanations of key themes and ideas Each entry contains cross references and a bibliographic guide to further reading over 50 biographical entries provide readers with a sense of how the theories they encounter have developed out of the lives and situations of their authors **The Cambridge Companion to Lesbian Literature** Jodie Medd, 2015-12-10 The Cambridge Companion to Lesbian Literature examines literary representations of lesbian sexuality identities and communities from the medieval period to the present In addition to providing a helpful orientation to key literary historical periods critical concepts theoretical debates and literary genres this Companion considers the work of such well known authors as Virginia Woolf Adrienne Rich Audre Lorde Alison Bechdel and Sarah Waters Written by a host of leading critics and covering subjects as diverse as lesbian desire in the long eighteenth century and same sex love in a postcolonial context this Companion delivers insight into the variety of traditions that have shaped the present landscape of lesbian literature Irish Modernism and the Politics of Sexual Health () (Meadhbh) Houston, 2023-01-24 Irish Modernism and the Politics of Sexual Health explores the politicized role of sexual health as a concept discourse and subject of debate within Irish literary culture from 1880 to 1960 Combining perspectives from Irish Studies Modernist Studies and the Social History of Medicine it traces the ways in which authors politicians and activists in nineteenth and twentieth century Ireland harnessed debates over sexual hygiene venereal disease birth control fertility and eugenics to envisage competing models of Irish identity culture and political community Analyzing the work of canonical authors Yeats Synge Shaw Joyce Beckett Flann O'Brien and less often discussed figures George Moore Oliver Gogarty Signe Toksvig Kate O'Brien in conversation with medical scientific and legal writing on sexual health it charts how the medicalization and politicization of sex informed the emergence and development of modernism in Ireland At the same time by reading this literary material alongside the polemical and journalistic writing of figures such as Arthur Griffith Maud Gonne and Hanna Sheehy Skeffington it also reveals the ways in which key events in Irish cultural and political history the Parnell Split the Limerick Pogrom the Playboy riots the passage of the Censorship of Publications Act were shaped by ongoing debates and dilemmas in the field of sexual health This book will benefit students researchers and readers interested in the history of sex and its regulation in modern Ireland the impact of sex and medicine on Irish political history and the nature of modernism's engagement with sex health and the body Family Newspapers? Adrian

Bingham,2009-02-26 *Family Newspapers* provides the first detailed historical study of the modern popular press's coverage of sex and private life from the start of the mass newspaper reading boom in 1918 to the triumph of the Sun's sexualised journalism in 1978. In this period newspapers were at the heart of British popular culture and Fleet Street's preoccupation with sex meant that the press was a hugely significant source of knowledge and imagery about sexual behaviour, personal relationships and moral codes. Focusing on changing ideas of what sexual content was deemed fit to print, Adrian Bingham reveals how editors negotiated the tension between exploiting public curiosity about sex and ensuring that their journalism remained within the bounds of acceptability for a family newspaper. The study challenges established interpretations of social change by drawing attention to the ways in which the press opened up the public discussion of sexuality before the permissiveness of the 1960s. Exploring the spectacular diversity of the press's sexual content from advice columns to pin ups, from court reports to celebrity revelations, Bingham offers a rich and thought provoking investigation of a media form that has done much to shape the character of modern Britain.

A Political Biography of the Indonesian Lesbian, Bisexual and Trans Movement Saskia Wieringa,2024-04-04 Here the history of the Indonesian LBT movement is charted from invisibility to visibility and now as it moves again into hiding. In the early 1980s during the oppressive military dictatorship called the New Order in Indonesia the first organizations of Lesbian, Bisexual and Trans persons were established. They were short lived but prepared the ground for a more comprehensive LBT rights movement after the democratic opening of society in 1998. From 2000 to 2015 the visibility of the movement grew until a vicious state sponsored backlash set in driven by majoritarian fundamentalist Islamist groups. Saskia Wieringa tracks the movement's progress and explores the persistence of the butch/femme model of relationships, the proliferations of identities, family violence and conversion therapy, religion and the anti-LGBT campaign. In its insistence on the local dynamics of this movement the book aims to debunk the idea that homosexuality is a Western import. Chapters deal with the many religious and secular phenomena that are linked with gender diversity and same sex relations traditionally and the erasure of many of these traditions is explained using the concept of postcolonial amnesia. *A Political Biography of the Indonesian Lesbian, Bisexual and Trans Movement* is also a contribution to the growing literature on decolonization studies pointing out that its dynamics, its historical course and its present condition are different as they are from the dominant Western view. On a global LGBT movement needs to be considered as valuable as accounts of Western LGBT histories are.

Medicine, the Penal System and Sexual Crimes in England, 1919-1960s Janet Weston,2017-12-14 Sexual crime past and present is rarely far from the headlines. How these crimes are punished, policed and understood has changed considerably over the last century. From hormone injections to cognitive behavioural therapy, medical and psychological approaches to sexual offenders have proliferated. This book sets out the history of such theories and treatments in England. Beginning in the early 20th century it traces the evolution of medical interest in the mental state of those convicted of sexual crime. As part of a broader interest in individualised responses to crime as a means to

rehabilitation doctors offered new explanations for some sexual crimes proposed new solutions and attempted to deliver new cures From indecent exposure to homosexuality between men from sadistic violence to thefts of underwear from washing lines the interpretation and treatment of some sexual offences was thought to be complex Of less medical interest though were offences against children prostitution and rape Using a range of material including medical and criminological texts trial proceedings government reports newspapers and autobiographies and memoirs Janet Weston offers powerful insights into changing medico legal practices and attitudes towards sex and health She highlights the importance of prison doctors and rehabilitative programmes within prisons psychoanalytically minded private practitioners and the interactions between medical and legal systems as medical theories were put into practice She also reveals the extent and legacy of medical thought as well as the limitations of a medical approach to sexual crime

Step-daughters of England Jane Garrity, 2003

By reading the work of the British modernists Dorothy Richardson Sylvia Townsend Warner Mary Butts and Virginia Woolf through the lens of material culture this text argues that women's imaginative work is inseparable from their ambivalent complicated relation to Britain's imperial history

Sex between Body and Mind Katie Sutton, 2019-11-25

Ideas about human sexuality and sexual development changed dramatically across the first half of the 20th century As scholars such as Magnus Hirschfeld Iwan Bloch Albert Moll and Karen Horney in Berlin and Sigmund Freud Wilhelm Stekel and Helene Deutsch in Vienna were recognized as leaders in their fields the German speaking world quickly became the international center of medical scientific sex research and the birthplace of two new and distinct professional disciplines sexology and psychoanalysis This is the first book to closely examine vital encounters among this era's German speaking researchers across their emerging professional and disciplinary boundaries Although psychoanalysis was often considered part of a broader sexual science sexologists increasingly distanced themselves from its mysterious concepts and clinical methods Instead they turned to more pragmatic interventionist therapies in particular to the burgeoning field of hormone research which they saw as crucial to establishing their own professional relevance As sexology and psychoanalysis diverged heated debates arose around concerns such as the sexual life of the child the origins and treatment of homosexuality and transgender phenomena and female frigidity This new story of the emergence of two separate approaches to the study of sex demonstrates that the distinctions between them were always part of a dialogic and competitive process It fundamentally revises our understanding of the production of modern sexual subjects

Companion to Sexuality Studies Nancy A. Naples, 2020-04-29

An inclusive and accessible resource on the interdisciplinary study of gender and sexuality Companion to Sexuality Studies explores the significant theories concepts themes events and debates of the interdisciplinary study of sexuality in a broad range of cultural social and political contexts Bringing together essays by an international team of experts from diverse academic backgrounds this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for

Sex, Knowledge, and Receptions of the Past Kate Fisher, Rebecca Langlands, 2015-09-03 Sex how should we do it when should we do it and with whom How should we talk about and represent sex what social institutions should regulate it and what are other people doing Throughout history human beings have searched for answers to such questions by turning to the past whether through archaeological studies of prehistoric sexual behaviour by reading Casanova's memoirs or as modern visitors on the British Museum LGBT trail In this ground breaking collection leading scholars show that claims about the past have been crucial in articulating sexual morals driving political legal and social change shaping individual identities and constructing and grounding knowledge about sex With its interdisciplinary perspective and its focus on the construction of knowledge the volume explores key methodological problems in the history of sexuality and is also an inspiration and a provocation to scholars working in related fields historians classicists Egyptologists and scholars of the Renaissance and of LGBT and gender studies inviting them to join a much needed interdisciplinary conversation *Power and Everyday Practices, Second Edition* Deborah Brock, Aryn Martin, Rebecca Raby, Mark Thomas, 2019-08-22 This unique and innovative text provides undergraduate students with tools to think sociologically through the lens of everyday life Normative social organization and taken for granted beliefs and actions are exposed as key mechanisms of power and social inequality in western societies today By unpacking the centre students are encouraged to turn their social worlds inside out and explore alternatives to the dominant social order The text is divided into three parts In Part One students learn how to use theory and methodology which are blended seamlessly throughout the text It shows how to position Michel Foucault as a companion to theorists such as Karl Marx and Stuart Hall while signaling the importance of non western and Indigenous knowledges

experiences and rights In Part Two students explore and challenge normativity the normal body heterosexuality whiteness the two gender system aging and the under side of citizenship In Part Three shorter chapters critique everyday practices such as thinking scientifically practicing self help going shopping managing money buying coffee being a tourist and marginalizing Indigeneity Each chapter includes intriguing exercises study questions and key terms that link to the volume s comprehensive glossary Instructors are provided PowerPoint slides test banks and multimodal supplementary resources that make the book adaptable to blended and online learning environments Essay style lectures are also available to accompany the textbook

Palgrave Advances in the Modern History of Sexuality M. Houlbrook,H. Cocks,2005-10-26 Palgrave Advances in the Modern History of Sexuality offers a comprehensive and accessible overview of historical debate in the history of European and American sexuality since c 1750 Each chapter explores in detail one theme such as race pornography marriage science or religion which historians have seen as essential to writing the history of sexuality The book therefore not only offers a broad introduction to the state of the art but also suggests new directions for research and debate

The Routledge History of Sex and the Body Sarah Toulalan,Kate Fisher,2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this ground breaking collection is essential reading for all those interested in the history of sexuality and the body

The book delves into Sexology In Culture Labelling Bodies And Desires. Sexology In Culture Labelling Bodies And Desires is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Sexology In Culture Labelling Bodies And Desires, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Sexology In Culture Labelling Bodies And Desires
 - Chapter 2: Essential Elements of Sexology In Culture Labelling Bodies And Desires
 - Chapter 3: Sexology In Culture Labelling Bodies And Desires in Everyday Life
 - Chapter 4: Sexology In Culture Labelling Bodies And Desires in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Sexology In Culture Labelling Bodies And Desires. This chapter will explore what Sexology In Culture Labelling Bodies And Desires is, why Sexology In Culture Labelling Bodies And Desires is vital, and how to effectively learn about Sexology In Culture Labelling Bodies And Desires.
 3. In chapter 2, this book will delve into the foundational concepts of Sexology In Culture Labelling Bodies And Desires. The second chapter will elucidate the essential principles that must be understood to grasp Sexology In Culture Labelling Bodies And Desires in its entirety.
 4. In chapter 3, this book will examine the practical applications of Sexology In Culture Labelling Bodies And Desires in daily life. This chapter will showcase real-world examples of how Sexology In Culture Labelling Bodies And Desires can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Sexology In Culture Labelling Bodies And Desires in specific contexts. This chapter will explore how Sexology In Culture Labelling Bodies And Desires is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Sexology In Culture Labelling Bodies And Desires. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Sexology In Culture Labelling Bodies And Desires.
