Looking Back Merrick Abner Richardson, 2015-06-02 Excerpt from Looking Back An Autobiography My spare time only is occupied in literary efforts I never allow them to interfere with either my business or social life In composing in a mysterious

way I comprehend the companionship of my imaginary friends as vividly as I do the material associates of life To me imagination is the counterpart or result of inspiration while inspiration is light thrown upon the unrevealed The image may be the result of known or unknown cause but the mystery does not blot out the actual existence of the image The material image we call sight the retained memory and the unknown revelation but all are comprehensive images I see a bird its form created a picture on my eye the image of which mysteriously remained after the object had disappeared Now what or who cognizes the primitive object the formed picture or the retained image The materialist assumes he has solved the mystery when he says The appearance of the object formed an impression on your brain omitting the important part of who comprehends the impression These material and spiritual views are not the two extremes there is no midway one is right and the other is wrong Either man is a spiritual responsible being or he is just temporary mud About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
