

An aerial photograph of a beach at sunset. The ocean waves are breaking onto the shore, creating white foam. The sand is a warm, golden-brown color. The sky is a mix of orange, yellow, and blue. The overall mood is serene and inspiring.

Always look beyond
what you can see.

Written in poetic form this book presents a fresh idea to devotionals Pain and trials do not discriminate and everyone is tied to that reality However many are unable to smell hear see taste and feel beyond the pain Often the blessings are bountiful when we push through the pain and discover what lies on the other side This book reminds readers that they are not alone or forgotten in their trials and or pain and offers opportunity for reflection and introspection

Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2010-01-16

Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the

Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are *Seeing Beyond Sight* Tony Deifell,2007-02-22 *Seeing Beyond Sight* illuminates the surprising power and creative potential of photography in an astonishing collection of images created by visually impaired teens P 4 of cover
