The Oxford Handbook of Distributive Justice Serena Olsaretti, 2018 Distributive justice has come to the fore in political philosophy how should we arrange our social and economic institutions so as to distribute benefits and burdens fairly Thirty eight leading figures from philosophy and political theory present

specialy written critical assessments of the key issues in this flourishing area of research **Heirs of Oppression** Angelo J. Corlett,2010-11-16 Packing his case with moral argument and relevant facts Angelo Corlett offers the most comprehensive defense to date in favor of reparations for African Americans and American Indians As Corlett see it the heirs of oppression are both the descendants of the oppressors and the descendants of their victims Corlett delves deeply into the philosophically related issues of collective responsibility forgiveness and apology and reparations as a human right in ways that no other book or article to date has done He recommends specific policies and tests the basic arguments of this book with a lengthy chapter considering several objections to the line of reasoning grounding the project **The Oxford Handbook of World Philosophy** Jay L. Garfield,William Edelglass,2011-05-23 The Oxford Handbook of World Philosophy provides the advanced student or scholar a set of introductions to each of the world s major non European philosophical traditions It offers the non specialist a way in to unfamiliar philosophical texts and methods and the opportunity to explore non European philosophical terrain and to connect her work in one tradition to philosophical ideas or texts from another Sections on Chinese Philosophy Indian Philosophy Buddhist Philosophy East Asian Philosophy African Philosophy and Recent Trends in Global Philosophy are each edited by an expert in the field Each section includes a general introduction and a set of authoritative articles written by leading scholars designed to provide the non specialist a broad overview of a major topic or figure This volume is an invaluable aid to those who would like to pursue philosophy in a global context and to those who are committed to moving beyond Eurocentrism in academic philosophy **A Companion to Applied Ethics** R. G. Frey,Christopher Heath Wellman,2008-04-15 Applied or practical ethics is perhaps the largest growth area inphilosophy today and many issues in moral social and politicallife have come under philosophical scrutiny in recent years Taken together the essays in this volume including two overviewessays on theories of ethics and the nature of applied ethics provide a state of the art account of the most pressingmoral questions facing us today Provides a comprehensive guide to many of the most significantproblems of practical ethics Offers state of the art accounts of issues in medical environmental legal social and business ethics Written by major philosophers presently engaged with thesecomplex and profound ethical issues Language in Interaction Inbal Arnon,Marisa Casillas,Chigusa Kurumada,Bruno Estigarribia,2014-07-17 Understanding how communicative goals impact and drive the learning process has been a long standing issue in the field of language acquisition Recent years have seen renewed interest in the social and pragmatic aspects of language learning the way interaction shapes what and how children learn In this volume we bring together researchers working on interaction in different domains to present a cohesive overview of ongoing interactional research The studies address the diversity of the environments children learn in the role of para linguistic information the pragmatic forces driving language learning and the way communicative pressures impact language use and change Using observational empirical and computational findings this volume highlights the effect of interpersonal communication on what children hear and what they learn This anthology is inspired by and dedicated to Prof

Eve V Clark a pioneer in all matters related to language acquisition and a major force in establishing interaction and communication as crucial aspects of language learning

Autonomy and Self-Respect Thomas E. Hill,1991-07-26 This stimulating collection of essays in ethics eschews the simple exposition and refinement of abstract theories Rather the author focuses on everyday moral issues often neglected by philosophers and explores the deeper theoretical questions which they raise Such issues are Is it wrong to tell a lie to protect someone from a painful truth Should one commit a lesser evil to prevent another from doing something worse Can one be both autonomous and compassionate Other topics discussed are servility weakness of will suicide obligations to oneself snobbery and environmental concerns A feature of the collection is the contrast of Kantian and utilitarian answers to these problems The essays are crisply and lucidly written and will appeal to both teachers and students of philosophy

Management and Administration ,1923 *Management Challenges for Africa in the Twenty-First Century* Felix M. Edoho,2000-12-30 Edoho and his contributors examine the management challenges facing African governments and businesses on the eve of a new millennium As the authors make clear Africa s future is defined by how Africa does in the 21st century For Africa a major challenge is how to effectively and efficiently manage its vast wealth Africa is not poor because it is poor it is poor because it cannot manage its development process The shortages of managerial knowledge skills and talents are pervasive Consequently the region lacks the ability to organize production and run operations effectively and efficiently The task of developing managerial manpower in Africa is not only imperative it is urgent After outlining theoretical and applied perspectives on management the volume examines the public and private sector planning and management It then explores the globalization of management technology provides case studies of African management dilemmas looks at management ethics and morality and concludes with an analysis of the role of management in African national development As the authors make clear abundant resources will not of themselves usher in an African economic renaissance Africa needs skills to identify and analyze its resources to undertake investment and to establish and run all kinds of organizations Until Africa develops its indigenous managerial talents development will continue to be elusive and the process traumatizing An important resource for scholars students and policy makers involved with African economic development

Arguments and Fists Mika LaVaque Manty,2002-03-22 Many theorists have addressed a central concern of current political theory by contending that the dithering intellectualism of left politics prevents genuine political action Arguments and Fists confronts this concern by refuting these arguments and reconciling philosophical debates with the realities of current activism By looking at theorists such as Montesquieu Kant Rousseau the book contradicts current academic debates and also goes against contemporary theory s image of the liberal political agent as a narrowly rational abstraction Mika LaVaque Manty also argues that progressive political philosophy and political action go hand in hand He then ventures past Kant and Rousseau to talk about specific environmental activism finding middle ground between the two while asserting that the liberal urge for political reform stems from sound philosophical considerations

about the nature of politics and isn't the cowardly afterthoughts some theorists have called it Arguments and Fists then puts these theoretical insights to use examining environmental justice movements and varieties of environmental radicalism showing how liberal theory illuminates concrete contemporary political practices *Windows 7 All-in-One For Dummies* Woody Leonhard,2009-08-19 Eight references in one fully revised to include all the new features and updates to Windows 7 As the 1 operating system in the world Windows provides the platform upon which all essential computing activities occur This much anticipated version of the popular operating system offers an improved user experience with an enhanced interface to allow for greater user control This All in One reference is packed with valuable information from eight minibooks making it the ultimate resource You'll discover the improved ways in which Windows 7 interacts with other devices including mobile and home theater Windows 7 boasts numerous exciting new features and this reference is one stop shopping for discovering them all Eight minibooks cover Windows 7 basics security customizing the Internet searching and sharing hardware multimedia Windows media center and wired and wireless networking Addresses the new multi touch feature that will allow you to control movement on the screen with your fingers With this comprehensive guide at your fingertips you'll quickly start taking advantages of all the exciting new features of Windows 7 *The Decline of Mercy in Public Life* Alex Tuckness,John M. Parrish,2014-04-21 Mercy is a marginalized virtue in contemporary public life but understanding its complex conceptual history suggests how that might change Basic Equality and Discrimination Dr Nicholas Mark Smith,2013-02-28 The focus of this book is the idea of equality as a moral political and jurisprudential concept The author is motivated primarily by a concern to better understand conundrums in the justification interpretation and application of discrimination law Nicholas Smith aims to provide a clearer understanding of the nature of the value that the law is trying to uphold equality He rejects the notion that the concept of equality is vacuous and defends the idea as the proper range of moral concern After discussing the general characteristics of the denial of equality and some types of discrimination Smith considers prominent views on the point of equality law He argues that human rights lawyers should step back from the business of trying to steer courts towards vague equality goals informed by conceptions of equality that are either empty or even more abstract than the notion of equality itself If they do Smith thinks that the meaning of equality will be apparent though abstract and our difficulties will be shown to be in the first instance moral ones These moral issues will require more rigorous attention before we can draft discrimination law which gives clear effect to a widely legitimate understanding of what it means to uphold and promote equality This book will be a valuable resource for students and researchers working in the areas of legal philosophy political theory public law and human rights law *The Wood-worker* ,1908 **Introduction to Logic** Irving M. Copi,Carl Cohen,Victor Rodych,2018-09-03 For more than six decades and for thousands of students Introduction to Logic has been the gold standard in introductory logic texts In this fifteenth edition Carl Cohen and Victor Rodych update Irving M Copi's classic text improving on its many strengths and introducing new and helpful material that

will greatly assist both students and instructors In particular chapters 1 8 and 9 have been greatly enhanced without disturbing the book s clear and gradual pedagogical approach Specifically Chapter 1 now uses a simpler and better definition of deductive validity which enhances the rest of the book especially chapters 1 and 8 10 and their new components Chapter 8 now has Simpler definitions of simple statement and compound statement More and more detailed examples of the Complete Truth Table Method Chapter 9 now has A detailed step by step account of the Shorter Truth Table Method with detailed step by step examples for conclusions of different types A more complete and detailed account of Indirect Proof A detailed justification for Indirect Proof treating each of the three distinct ways in which an argument can be valid A new section on Conditional Proof which complements the 19 Rules of Inference and Indirect Proof Explications of proofs of tautologies using both Indirect Proof and Conditional Proof A new section at the end of the chapter explaining the important difference between sound and demonstrative arguments The Appendices now include A new appendix on making the Shorter Truth Table Technique STTT more efficient by selecting the most efficient sequence of STTT steps A new appendix on Step 1 calculations for multiple line shorter truth tables A new appendix on unforced truth value assignments invalid arguments and Maxims III V In addition a Companion Website will offer for Students A Proof Checker Complete Truth Table Exercises Shorter Truth Table Exercises A Truth Table Video Venn Diagram Testing of Syllogisms Hundreds of True False and Multiple Choice Questions for Instructors An Instructor s Manual A Solutions Manual www.routledge.com/cw/9781138500860 A *Fortiori Logic* Avi Sion,2013-11-24 A FORTIORI LOGIC INNOVATIONS HISTORY AND ASSESSMENTS by Avi Sion is a wide ranging and in depth study of a fortiori reasoning comprising a great many new theoretical insights into such argument a history of its use and discussion from antiquity to the present day and critical analyses of the main attempts at its elucidation Its purpose is nothing less than to lay the foundations for a new branch of logic and greatly develop it and thus to once and for all dispel the many fallacious ideas circulating regarding the nature of a fortiori reasoning [Making Sense of Affirmative Action](#) Kasper Lippert-Rasmussen,2020 In this book Kasper Lippert Rasmussen address the complexities of his question Is affirmative action morally un justifiable by analyzing the prevailing contemporary arguments both for and against affirmative action The book applies current political philosophy to demonstrate that arguments on both sides justify different conclusions given different specific cases though it ultimately does argue in favor of affirmative action based on the relative strength and significance of the anti discrimination and equality of opportunity based positions **The Platonic Art of Philosophy** George Boys-Stones,Dimitri El Murr,Christopher Gill,2013-08-15 This is a collection of essays written by leading experts in honour of Christopher Rowe and inspired by his groundbreaking work in the exegesis of Plato The authors represent scholarly traditions which are sometimes very different in their approaches and interests and so rarely brought into dialogue with each other This volume by contrast aims to explore synergies between them Key topics include the literary unity of Plato s works the presence and role of his contemporaries in his dialogues the function of myth especially the Atlantis

myth Plato's Socratic heritage especially as played out in his discussions of psychology and his views of truth and being
Prominent among the dialogues discussed are Euthydemus Phaedo Phaedrus Republic Theaetetus Timaeus Sophist and Laws

Whispering the Strategies of Language: An Emotional Quest through **Looking For An Argument**

In a digitally-driven earth wherever screens reign great and immediate communication drowns out the subtleties of language, the profound strategies and psychological nuances concealed within words frequently go unheard. However, located within the pages of **Looking For An Argument** a charming fictional value blinking with fresh thoughts, lies a fantastic journey waiting to be undertaken. Written by a skilled wordsmith, this charming opus invites readers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the very material of each and every word. Within the emotional depths with this emotional review, we shall embark upon a honest exploration of the book is key themes, dissect their fascinating writing design, and succumb to the powerful resonance it evokes deep within the recesses of readers hearts.
