

Lopposition A Napoleon

Miquel de la Rosa

L'opposition A Napoleon:

Napoleon Frank McLynn, 2011-04 Originally published London Jonathan Cape 1997 **Napoleon** Steven Englund, 2010-05-11 This sophisticated and masterful biography written by a respected French history scholar who has taught courses on Napoleon at the University of Paris brings new and remarkable analysis to the study of modern history's most famous general and statesman. Since boyhood Steven Englund has been fascinated by the unique force, personality and political significance of Napoleon Bonaparte who in only a decade and a half changed the face of Europe forever. In *Napoleon A Political Life* Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader. Napoleon believed that war was a means to an end, not the end itself. With this in mind, Steven Englund focuses on the political rather than the military or personal aspects of Napoleon's notorious and celebrated life. Doing so permits him to arrive at some original conclusions. For example, where most biographers see this subject as a Corsican patriot who at first detested France, Englund sees a young officer deeply committed to a political event, idea and opportunity: the French Revolution, not to any specific nationality. Indeed, Englund dissects carefully the political use Napoleon made both as First Consul and as Emperor of the French of patriotism or nation talk. As Englund charts Napoleon's dramatic rise and fall from his Corsican boyhood, his French education, his astonishing military victories and no less astonishing acts of reform as First Consul (1799-1804) to his controversial record as Emperor and finally to his exile and death, he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination. Alone among recent biographers, Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries down to the present-day French Republic, which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid. *Napoleon A Political Life* presents new consideration of Napoleon's adolescent and adult writings as well as a convincing argument against the recent theory that the Emperor was poisoned at St Helena. The book also offers an explanation of Napoleon's role as father of the modern in politics. What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection. The result is already regarded by experts as the Napoleonic bicentennial's first major interpretation of this perennial subject. **L'opposition a Napoléon** Louis de Villefosse, 1969 **Politics and Philosophy in the Thought of Destutt de Tracy** Brian W. Head, 2019-11-21 First published in 1987. This study describes and analyses the published writings of the French philosopher Antoine Destutt de Tracy. The author focuses on the three decades from the calling of the *États généraux* to the early years of the Restoration, the period of Tracy's entire literary production and the period of his greatest influence and reputation. This title will be of great interest to students of history, philosophy and politics. *Napoleon and His Fellow Travellers* Clement King Shorter, 1908 Napoleon the First August Fournier, 1904 France under Napoleon Louis Bergeron, 2024-05-14 A classic social history of France in the Napoleonic period now available in English to a new generation of readers. Presented here is

an English translation of a study that was part of a distinguished French series on the country's post Revolution history Unlike much Napoleonic literature that features the personality and foreign policy of the emperor France under Napoleon describes the condition of France and the French people during the fifteen years immediately following their great revolution Applying the methods of the new social history Annales school Louis Bergeron covers the political administrative social economic and cultural facets of the First Empire He begins with the domestic program and institutions under Napoleon and the fervor of the new chief of state as he sought to establish a coherent efficient and thoroughly controlled regime Bergeron then examines the opposition to his system and the reasons behind the imperfect realization of his ideal It discusses population and demographic trends social structure and economic activity all of which eluded Napoleon's grasp

Napoleon and de Gaulle Patrice Gueniffey, 2020-05-12 An Australian Book Review Best Book of the Year One of France's most famous historians compares two exemplars of political and military leadership to make the unfashionable case that individuals for better and worse matter in history Historians have taught us that the past is not just a tale of heroes and wars The anonymous millions matter and are active agents of change But in democratizing history we have lost track of the outsized role that individual will and charisma can play in shaping the world especially in moments of extreme tumult Patrice Gueniffey provides a compelling reminder in this powerful dual biography of two transformative leaders Napoleon Bonaparte and Charles de Gaulle Both became national figures at times of crisis and war They were hailed as saviors and were eager to embrace the label They were also animated by quests for personal and national greatness by the desire to raise France above itself and lead it on a mission to enlighten the world Both united an embattled nation returned it to dignity and left a permanent political legacy in Napoleon's case a form of administration and a body of civil law in de Gaulle's case new political institutions Gueniffey compares Napoleon's and de Gaulle's journeys to power their methods their ideas and writings notably about war and their postmortem reputations He also contrasts their weaknesses Napoleon's limitless ambitions and appetite for war and de Gaulle's capacity for cruelty manifested most clearly in Algeria They were men of genuine talent and achievement with flaws almost as pronounced as their strengths As many nations not least France struggle to find their soul in a rapidly changing world Gueniffey shows us what a difference an extraordinary leader can make **History of Europe**

from the Fall of Napoleon in 1815 to the Accession of Louis Napoleon in 1852 Archibald Alison, 1856 **Napoleon** Munro Price, 2014-08-04 On April 20 1814 after a dizzying series of battles campaigns and diplomatic intrigues a defeated Napoleon Bonaparte made his farewell speech to the Old Guard in the courtyard of the Chateau de Fontainebleau and set off for exile on the island of Elba Napoleonic legend asserts that the Emperor was brought down by foreign powers determined to destroy him and discredit his achievements with the aid of highly placed domestic traitors Others argue that once Napoleon's military defeats began in 1812 his fall became inevitable But in fact as Munro Price shows in this brilliant new book Napoleon's fall could have been avoided altogether Exploring a critical and often neglected period of Napoleonic history

between 1812 and 1814 Napoleon The End of Glory offers a more complete picture of the Emperor's decline and fall than any previous work Price analyzes the political military and diplomatic events of the period from Napoleon's disastrous invasion of Russia in 1812 to the multiple failed attempts by Austria to broker peace He illuminates the dynamic relationships between Napoleon and the wily Austrian foreign minister Metternich whose desire for equilibrium within the European states system clashed with Napoleon's unshakeable belief in hegemony and subjection and the charming and enigmatic Alexander I of Russia And he explores the lasting impact of the bloody Terror of the French Revolution on Napoleon's decisions once he came to power Rejecting the assumption that defeat was unavoidable Price considers instead why Napoleon failed to explore a compromise peace that could have allowed him to keep his crown arguing that the answer to this question has powerful implications for our understanding of the Napoleonic wars Ultimately Price provides a convincing portrait of the Emperor's decline exposing his blindness intransigence and miscalculations his preference for war and his declining ability to wage it and his nearly pathological fear of a dishonorable peace A deeply researched study of the moment of a great man's fall Napoleon The End of Glory forces us to reconsider Napoleon's character motives and the reasons for his spectacular failure

, **French Liberalism and Imperialism in the Age of Napoleon III** Miquel de la Rosa, 2022-02-25 This book explores the interplay between liberalism and imperialism in Second Empire France By examining the political dimension of imperial expansion and the power of words in shaping public opinion it sheds light on the ways in which liberal ideas developed in the nineteenth century In contrast to Britain French imperialism in the third quarter of the nineteenth century was fostered by a Bonapartist regime that liberals needed to fight in order to build their own political brand The author argues that the 1860s were not so much a period of liberal empire in France as has traditionally been suggested since liberals were in fact more conveyers of political change rather than supporters of the regime To demonstrate how French liberals succeeded in configuring an alternative political option the book explores their attitudes to the expanding colonial empire of Napoleon III in the 1850s and 60s through the analysis of parliamentary debates the press and published texts Providing three in depth case studies on Bonapartist expansion projects in Algeria Cochinchina and Mexico the book provides new insights on the foundations of the liberal position on imperialism and the intellectual outlooks and belief systems that informed these views Analysing discourses and ideas as opposed to facts and policies this book presents a new perspective on the nature of the French Second Empire and illustrates how this shaped a specific liberal political culture in France

Napoleon I. August Fournier, 1911 *Napoleon III and the Rhine* Hermann Oncken, 1928 Napoleon and Europe D. G. Wright, 1984 This study provides both an introduction to and an overview of Napoleon's impact on France and Europe It explores his origins and personality assesses his contribution to the crucial changes in the conduct of warfare during this period and examines the reasons for the ultimate defeat of his armies and the collapse of the Empire It concludes with a brief study of the Napoleonic legend and the historical controversies which surround it *The Legend Of Napoleon* Sudhir

Hazareesingh,2014-07-03 God was bored with Napoleon wrote Victor Hugo and the Emperor was duly defeated at Waterloo in 1815 and exiled to St Helena where he died an agonizing and horrifying death The Emperor s real legacy is the modernizing and beautifying of Paris the official promotion of religious tolerance the current French legal and educational systems and the European Union to name but a few Napoleonic initiatives And of course the legend lives on Drawing on new archival research Hazareesingh traces not only the emergence of the Napoleonic myth and how it developed into a potent political culture but also the amazing tenacity of popular affection for the Emperor manifest in countless busts and portraits in ordinary citizens homes grass roots political activism miraculous apparitions reported after his death and the memories kept alive by thousands of imperial war veterans This book is a timely study of why the fascination with Napoleon has endured for two centuries History of the Captivity of Napoleon at St. Helena William Forsyth,1853 **History of Europe from the Fall of Napoleon in MDCCCXV to the Accession of Louis Napoleon in MDCCCLII** by Sir Archibald Alison, Bart., D.C.L ,1856 **History of the captivity of Napoleon at St. Helena; from the letters and journals of sir Hudson Lowe, and official documents not before made public** William Forsyth,1853 **British Museum Catalogue of Printed Books** ,1893
