Models For The Interpretation Of Scripture:

Models for Scripture John Goldingay, 2004 Looks at the task of interpreting Scripture as witnessing tradition authoritative canon inspired word and experienced revelation

Models for Interpretation of Scripture John Goldingay, 2024-09-30 This definitive study looks at the task of interpreting Scripture by exploring four broad models for understanding Scripture namely witnessing tradition authoritative canon inspired word and experienced revelation The diversity of interpretive approaches implied by the use of these four models is carried further by a methodological openness within each of the four major divisions of the book For instance in dealing with the interpretation of scriptural narrative Goldingay carefully explains how literary approaches to Scripture and a concern for the history in the Bible's stories can be held together with other interpretive focuses In his discussion of differing approaches and focuses in interpretation Goldingay is impressively clear and informative and demonstrates a sophisticated ability to respond to and challenge what other scholars have written Throughout this volume Goldingay continually moves toward the interpreter's final task communication to others of what has been gained in interpretation He asks for example what are the implications of the different interpretive strategies for Christian life human liberation preaching and Christian community life He demonstrates his conclusions with numerous examples of interpretation his own and others of specific Bible passages

The Fall of Interpretation James K. A. Smith, 2000-01-01 James K A Smith in this book cogently surveys contemporary hermeneutical discussion identifying three traditions and how they understand interpretation a present immediacy model an eschatological immediacy model and a violent mediation model Questioning the foundational assumption that these models share Smith deftly draws on and reworks Augustine's biblical understanding of the goodness of creation to propose a creational pneumatic model of hermeneutics

Social Scientific Models for Interpreting the Bible John Pilch, 2021-10-01 Fourteen members of The Context Group honor Bruce J Malina and his scholarship in this volume by following his consistent example of developing or using explicit social scientific models to interpret documents from the ancient Mediterranean world Ordinary features of that cultural world such as gossip reciprocity a pervasive military presence the power of women and becoming a follower of Jesus stand out with greater clarity in the Bible when a reader understands the cultural matrix in which such social dynamics function These essays reflect The Context Group's more than twenty years of collaborative experience in researching the cultural context of the Bible New insights are built on the solidly established foundations of their earlier cross cultural studies Readers will find the individual essays enlightening and challenging Taken as a whole they form a valuable resource and a stimulating and helpful aid to further study

Five Models of Scripture Mark Reasoner, 2021-08-24 To relish the feast that is Scripture we need to use multiple models A Christian never gains all that Scripture offers by reading it with just one approach Yet too often this is attempted whether through an academic obsession with the historical critical method or

through a consumerist approach that seeks only the motivation of the moment Mark Reasoner broadens the options for scriptural engagement by describing five models of Scripture documents stories prayers laws and oracles To illustrate each he uses examples from throughout the history of interpretation While he concedes that certain books of the Bible will naturally lend themselves to particular models Reasoner shows how an appreciation for all five will enrich one's scriptural insights while also bridging divides between the various branches of the Christian family In addition to the five models Reasoner surveys Catholic Orthodox and Protestant constructions of the biblical canon and addresses specific issues relevant to their respective interpretations of Scripture including scriptural metanarratives the use of the Bible in Christian worship and the principle of sola Scriptura Through it all Reasoner remains unequivocally focused on his goal to help readers grow in their love for Scripture in ways that will help them plant this love in those to whom they minister

Hermeneutics, Linguistics, and the Bible Stanley E. Porter, 2024-01-25 The volume presents Stanley E. Porter's considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter's work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is more fruitful work to be done in the field of hermeneutics using insights from linguistics

A Guide to Contemporary Hermeneutics Donald K. McKim, 1999-05-25 Acknowledging that hermeneutics has become an increasingly important major focus in theological study Donald McKim's A Guide to Contemporary Hermeneutics presents a series of essays by various writers assessing current hermeneutical approaches and methods of biblical

hermeneutics from their own personal experience *Eat the Bible* Micah E. Chung, 2024-07-19 People love their metaphors for the Bible The Bible is a sword a mirror a script a score a cathedral a rule book a user s manual a lamp a love letter But how did metaphor which in the eighteenth century was seen as a deceptive rhetorical trick become such a prominent tool for speaking of Scripture And how does one judge between a good metaphor and a bad one This book explores the theological use of metaphor to describe the nature and interpretation of Scripture It interrogates three such models the Bible as musical score Anthony Thiselton the Bible as theo dramatic script Kevin Vanhoozer and the Bible as light John Feinberg seeking to evaluate their faithfulness to Scripture and church tradition their fittingness to the current culture and their fruitfulness for understanding and practicing the biblical text The author then proposes and explores what he considers a better model one drawn from the Bible itself namely that of Scripture as food
