Modern Dictators Third World Coup Makers Strongmen And Populist Tyrants:

Modern Dictators Barry M. Rubin, 1987 *The new Europe : challenges for U.S. policy*, 1991 *The Second Partition of Palestine* Subhash Singh, 2021-07-29 This book examines the factors and issues responsible for the intra Palestinian conflict that has undermined the strength and vitality of the struggle for liberation against the state of Israel It explores how the ideological incompatibility and competition for political primacy account for the Hamas Fatah conflict entailing the risk of partition of Palestine even before it takes shape as an independent sovereign entity It analyzes the developments since the signing of the September 1993 Oslo Accord and discusses themes such as the background of Palestinian politics the role of Fatah the rise of Hamas as Fatah s political rival the Hamas Fatah struggle for power and the role played by the international community including by the US and the European Union The study deals with the various facets of territorial and political challenges faced by the rival Palestinian actions the failure of the reconciliation efforts by Egypt and Yemen the stalled peace process in the West Bank and Gaza Strip the emergence of the Islamic resistance movement and secular nationalist party and the political and ideological shifts in Palestinian politics Comprehensive and topical this book will be useful to scholars and researchers of West Asian studies peace and conflict studies politics and international relations foreign policy political studies area studies and strategic and defence studies *Losing Legitimacy* Clifton W. Sherrill, 2018-09-15 This book contends that the transition of leadership from Ayatollah Ali Khamenei will result in a crisis of legitimacy for the Islamic Republic of Iran Using Max Weber s typology of legitimacy the book explains that the Islamic Republic s legitimacy was based on the charismatic authority of the regime s founder Ayatollah Ruhollah Khomeini Since Khomeini s death in 1989 the regime has failed to develop the rule of law necessary for legal rational authority Moreover it abandoned the logical underpinnings justifying clerical rule when a mid ranking cleric rather than a Grand Ayatollah was placed in the position of Supreme Leader With neither a legal basis nor a traditional basis of authority the new leader relied extensively on the cover of Khomeini s charismatic shadow for legitimacy After nearly four decades this shadow is fading Not only will Khamenei s successor lack the same direct ties to Khomeini but the demographic and societal changes in Iran have made the charisma of Khomeini a historical concept rather than a viscerally felt experience First the book analyzes the likely succession scenarios finding the most probable outcome is the appointment of a hardline conservative backed by the regime s security forces Next the regime s economic political and social failures are presented in order to explain why the new leader is likely to try to return to a traditional basis of legitimacy religion Thereafter the book explains how this hardliner focus on religion is likely to result in an aggressive Iranian foreign policy toward the United States Israel and Saudi Arabia impacting the region s security Organizational Influence Processes Robert W. Allen, Lyman W. Porter, H.L. Angle, 2016-09-16 With more than two thirds fresh material this new updated edition of *Organizational Influence Processes* provides an overview of the most important scholarly work on topics related to the exercise of influence by individuals and groups within organizations In

selecting articles for inclusion the editors were guided by the conviction that the most useful and interesting way to view organizational influence is to take a directional approach that is to consider the process from the perspective of downward lateral and upward influence They have organized the readings around this framework preceded by an introductory group of articles dealing more generally with the nature of influence processes and power The book includes both classic readings and the latest cutting edge research from some of the most respected experts writing in the field It will be equally useful for any upper level undergraduate or graduate course concerned with organizational behavior group behavior leadership or power and politics

Guerrilla Prince Georgie Anne Geyer,2001 Syndicated journalist Georgie Anne Geyer calls on her nearly 40 years of experience covering Latin America to create an extraordinary biography that reveals the untold story of Fidel Castro revolutionary and demagogue Based on hundreds of interviews and unique sources including four extensive personal interviews with Castro *Guerrilla Prince* is an intimate and revealing portrait charged with all the electricity of the charismatic leader In this updated edition Ms Geyer presents new insights and addresses the changes since the 1991 release of *Guerrilla Prince* in hardcover the collapse of the Soviet Union the internal unrest and the growing anticipation of a post Castro Cuba

Revolution and Democracy in Ghana Jeffrey Haynes,2022-12-30 This book analyses Flight Lieutenant Jerry John Rawlings plans for radical democratisation in Ghana involving ordinary people directly in the country s political and economic decision making processes Rawlings came to power in Ghana in late 1981 determined to restructure the characteristics of Ghana s political and economic systems Despite Rawlings aim to bring ordinary Ghanaians into the decision making process his regime was still heavily dependent on the support of the military and attempts at direct democracy ultimately ended in failure Outside analysts have viewed his plans as one of Africa s most draconian economic reform programmes The book traces this turbulent period of Ghana s history showing Rawlings development from a fiery revolutionary to a democracy supporting politician adept at winning elections It investigates how despite frequent coup attempts and the loss of most of its original civilian support base the regime was able to remain in power overseeing a halt to economic decline and a return to growth Building on over thirty years of research including contemporaneous interviews conducted by the author during Ghana s revolutionary period this book will be of interest to researchers of African history and politics *Guerrilla Prince:*

The Untold Story Of Fi Georgie Geyer,2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography

Never Again Emma Etuk,2008-05 In this book you will learn how Africa is greatly endowed and blessed her contributions to world civilization experiences with colonialism and neo colonialism her need to excel produce or perish the lessons from history and Never Again

China After Mao Frank Dikötter,2022-09-29

A SPECTATOR AND NEW STATESMAN BOOK OF THE YEAR A revolutionary book Sunday Times A pulsating account that makes clear how important it is to look beneath the surface when it comes to any period or region in history but

above all to China Peter Frankopan TLS Essential reading for anyone who wants to know what has shaped today's China and what the Chinese Communist Party's choices mean for the rest of the world New Statesman Books of the Year Choice Outstanding Academic Title 2023 _____ From the Samuel Johnson Prize winning author of Mao's Great Famine a timely and compelling account of China in the wake of Chairman Mao In China After Mao award winning historian Frank Dikter explores how the People's Republic of China was transformed from a backwater economy in the 1970s into the world superpower of today His account is the first to be based on hundreds of previously unseen archival documents from the secret minutes of top party meetings to confidential bank reports Unfolding with great narrative sweep this riveting richly detailed chronicle recasts our understanding of an era that both the regime and foreign admirers celebrate as an economic miracle In charting four decades of so called Reform and Opening Up and China's emergence as a world power Dikter tells a fascinating tale of contradictions and illusions of shadow banking anti corruption drives and extreme state wealth standing alongside everyday poverty He examines China's approach to the 2008 financial crash the country's increasing hostility towards perceived Western interference and its development into a thoroughly entrenched dictatorship one equipped with a sprawling security apparatus and the most sophisticated surveillance system in the world Ultimately the book concludes the communist party's goal was never to join the democratic sphere but to resist it and then defeat it Praise for Frank Dikter and the People's Trilogy Harrowing and brilliant Ben Macintyre The historian of China Spectator One of the few books that anyone who wants to understand the twentieth century simply must read New Statesman The seminal English language work on the subject Sunday Times Gripping and masterful Simon Sebag Montefiore
