Fighting Modern Slavery and Human Trafficking Genevieve LeBaron, Jessica R. Pliley, David W. Blight, 2021-07-01 Over the last two decades fighting modern slavery and human trafficking has become a cause c l bre Yet large numbers of researchers non governmental organizations trade unions workers and others who would seem like natural allies in the fight against modern slavery and trafficking are hugely skeptical of these movements They object to how the problems are framed and are skeptical of the new abolitionist movement Why This book tackles key controversies surrounding the anti slavery and anti trafficking movements head on Champions and skeptics explore the fissures and fault lines that surround efforts to fight modern slavery and human trafficking today These include whether efforts to fight modern slavery displace or crowd out support for labor and migrant rights whether and to what extent efforts to fight modern slavery

provides a vital challenge to conventional narratives on modern slavery *The Modern Slavery Agenda* Gary Craig,Alex Balch,Hannah Lewis,Louise Waite,2019-01-17 Modern slavery in the form of labour exploitation domestic servitude sexual trafficking child labour and cannabis farming is still growing in the UK and industrialised countries despite the introduction of laws to try to stem it This hugely topical book by a team of high profile activists and expert writers is the first to critically assess the legislation using evidence from across the field and to offer strategies for improvement in policy and practice It argues that contrary to its claims to be world leading the Modern Slavery Act is inconsistent inadequate and punitive and that the UK government through its labour market and immigration policies is actually creating the conditions for slavery to be promoted **The Palgrave Handbook on Modern Slavery** Maria Krambia Kapardis,Colin Clark,Ajwang' Warriar,Michel Dion,2024-12-09 This handbook takes a comprehensive approach to studying and understanding modern slavery particularly forced labour and human trafficking It considers the historical and cultural roots of modern slavery and suggests that analyzing the issue from humanities social sciences criminological and business perspectives could lead to a better understanding of its emergence worldwide The handbook also highlights the role of religions spiritualities and multinational corporations in the expansion of modern slavery and argues that exploring their potential ethical responsibilities is essential Furthermore it combines theoretical frameworks of intersectionality and globalization to study the interconnectedness of various factors in shaping and understanding modern slavery Finally it contains an impressive range of geographic and conceptual approaches to the problems of combating modern slavery *From Conflict to Modern Slavery* Alicia Heys,2023 *From Conflict to Modern Slavery* draws on first hand accounts to consider how conflict can facilitate modern slavery and how a person s vulnerability interacts with overarching structures The book explores how with individual agency restricted by conflict coupled with disruption to support networks migrants can become vulnerable to exploitation *From Chattel Slavery to Modern Slavery* Stuart Casey-Maslen,Loren Persi Vicentic,2025-04-30 Chattel slavery in which people were considered as objects to be bought sold and destroyed dates back to the dawn of civilisation This work documents the legal basis for slavery and its many abuses across the ages by some of the main enslavers The voices of the victims and those who observed their plight are given prominence as personal histories in each chapter Slavery in the modern era includes enslavement by the Nazi regime and most recently of the Yazidis in Iraq and Syria by Islamic State Slave like practices often termed modern slavery are also included in a chapter of this volume The book ends with consideration of whether reparations for historic slavery should be made **Demystifying Modern Slavery** Rose Broad,David Gadd,2022-11-11 Who are the perpetrators of modern slavery Why do they exploit others What might be done to stop exploitation recurring These are the questions answered in this book Reporting on the first primary study of modern slavery offenders the book depicts the findings of in depth interviews with people accused of and convicted for committing modern slavery offences The different forms that modern slavery takes are explained chapter by chapter organized crime people smuggling labour

exploitation domestic servitude sham marriage the trafficking of adults for sexual exploitation and child sex trafficking Using case studies to illuminate the perspectives of those deemed perpetrators we show that few modern slavery offenders conform to stereotypes of people traffickers Through an interpretive analysis of offenders life stories we reveal the points in the past and present where interventions could have prevented victims from becoming trapped in exploitation We show that while national governments and international bodies often appear resolute in their efforts to tackle modern slavery and people trafficking they have also obscured their own roles in compounding the plights of those at the sharp ends of globalization In racializing the actions of sex traffickers grooming gangs and organized criminals the modern slavery agenda has mystified the roles market dynamics the absence of workers rights and immigration controls play in generating vulnerabilities to exploitation This book will be of interest to a wide range of students policymakers and practitioners concerned with modern slavery human trafficking border control and immigration globalization and inequality as well as the more disciplinefocused criminological audiences concerned with why people commit crimes what should be done about them and the often paradoxical consequences of social control across borders Given the book s strong focus on narrative psychosocial and social network methodologies it will also appeal to audiences across the social sciences concerned with applying these novel approaches to difficult to reach populations

Revisiting the Law and Governance of Trafficking, Forced Labor and Modern Slavery Prabha Kotiswaran, 2017-05-25 In the decades following the globalization of the world economy trafficking forced labor and modern slavery have emerged as significant global problems States negotiated the Palermo Protocol in 2000 under which they agreed to criminalize trafficking primarily understood as an issue of serious organized crime Sixteen years later leading academics activists and policy makers from international organizations come together in this edited volume and adopt an inter disciplinary multi stakeholder approach to revisit trafficking through the lens of labor migration and extreme exploitation and in the process rethink the law and governance of trafficking This volume considers many key factors including the evolving international law on trafficking the relationship between trafficking slavery indenture and domestic migration law and policy as well as newly emergent techniques of governance including indicators all with a view to furthering prospects for lasting economic justice in a globalized world

Sex Trafficking and Modern Slavery Marie Segrave, Sanja Milivojevic, Sharon Pickering, 2017-09-13 The second volume of Sex Trafficking International context and response Human trafficking and modern slavery have captured the imagination and attention of the international community This book builds on the authors first volume Sex Trafficking International context and response Much has changed since the first volume was published not least the shift away from sex trafficking to modern slavery as the dominant focus in policy and advocacy Yet as the authors argue little has changed with regards to how nations respond This volume re examines the international counter trafficking scholarship and policy response to offer an analysis based on original and new data This book lays the ground for specific forms of research and inquiry that are necessary to better understand and respond to the

range of exploitative practices and conditions that give rise to human trafficking This book offers a detailed analysis of the dominant response to human trafficking which is framed by the criminal justice process Examining the identification of victims the investigation of cases victim support prosecutorial decisions and repatriation practices the authors draw upon original research from Australia Serbia and Thailand three diverse nations that like nations across the globe have invested heavily in criminalisation as the dominant response to counter trafficking They argue that exploitation sits at the nexus of global migration patterns and emphasise the importance of speaking to those directly affected by counter trafficking policies and those directly involved in their implementation in order to produce empirical data to inform how we make sense of the numbers that are produced the outcome of the policies and how we ought to determine success in this context An empirical criminologically informed opportunity to reconsider the dominant ways of understanding and strategies of responding to human trafficking this multi disciplinary book will be of interest to those engaged in criminology sociology law political science public policy and gender studies
