Modern Esoteric Spirituality

Antoine Faivre, Jacob Needleman

Modern Esoteric Spirituality:

Modern Esoteric Spirituality Antoine Faivre, Jacob Needleman, 1992 An insightful and substantive compilation on the subject of esotericism that will guide you through the labyrinth of gnosticism **Modern Esoteric** Brad Olsen, 2014-03-01 Examining a vast array of esoteric subjects from the earliest times until this current era Modern Esoteric takes a radically different perspective on the social scientific and economic issues of our day Reality is not what it appears A number of disciplines and practices ranging from ancient Vedic literature to quantum physics from meditation and prayer to intentional manifestation to name a few are coming together around concepts that are beginning to link actual physical reality to our thoughts and consciousness in a feedback loop where our consciousness is not merely influenced by reality as we perceive it but reality is in turn influenced by our thoughts Organized into three sections Lifeology Control and Thrive Modern Esoteric Beyond Our Senses by World Explorer magazine editor Brad Olsen CCC Publishing March 2014 examines the flaws in modern history and looks at how ancient esoteric teachings coupled with accelerated scientific advancements can be used to reverse the dead end course the world is heading towards The Lifeology section explores the long and storied alternative narrative of life on this planet In the Control section author Brad Olsen examines how Big Brother is here in the form of the New World Order and how they keep the knowledge of humankind's true nature from the mass population Finally the Thrive section looks at all the ways humans are evolving to achieve their full potential Indeed the revolution is consciousness Through exploration and the integration of cutting edge science with ancient wisdom Olsen believes the dawn of our new society is faced on the one hand with global tyranny or we can overcome the oppression and advance towards universal abundance and enlightenment Without government and media manipulation this can be possible and the Golden Age will be attained with the rapid advancement of human consciousness **Modern Esoteric Spirituality** Antoine Faivre, Jacob Needleman, 1993 *Modern Esoteric* Brad Olsen, 2017-09-18 This completely reworked second edition of Modern Esoteric includes new information over a dozen additional images and up to date revisions Winner of the Best Book Design 2014 Modern Esoteric examines the flaws in modern history and looks at how conspiracy theories esoteric knowledge and fringe subjects can be used to help change the dead end course humanity seems to be following The Lifeology section explores the long and storied alternative narrative of life on this planet In the Control section author Brad Olsen examines how Big Brother is here in the form of the New World Order and how they keep the knowledge of humankind's true nature from the mass population Finally the Thrive section looks at all the ways humans are evolving to achieve their full potential

Modern Esoteric Spirituality Antoine Faivre, Jacob Needleman, 1992 An insightful and substantive compilation on the subject of esotericism that will guide you through the labyrinth of gnosticism **Modern Esoteric** Brad Olsen, 2017-08-02 This completely reworked second edition of Modern Esoteric includes new information over a dozen additional images and up to date revisions Winner of the Best Book Design 2014 Modern Esoteric examines the flaws in modern history and looks at

how conspiracy theories esoteric knowledge and fringe subjects can be used to help change the dead end course humanity seems to be following The Lifeology section explores the long and storied alternative narrative of life on this planet In the Control section author Brad Olsen examines how Big Brother is here in the form of the New World Order and how they keep the knowledge of humankind's true nature from the mass population Finally the Thrive section looks at all the ways humans are evolving to achieve their full potential

Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek, Wouter J. Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement

Western Esotericism and the Science of Religion International Association for the History of Religions. Congress, International Association for the History of Religions, 1998 This volume is based upon papers read during the innovative section Western Esotericism and the Science of Religion organized at the 17th International Congress of the International Association for the History of Religions IAHR in Mexico City August 5-12 1995 The section was created in order to fill a long standing hiatus in the academic study of religions whereas phenomena such as gnosticism and hermetism in antiquity and even the occult sciences of that period have long been recognized as subjects worthy of serious investigation the history of similar and related phenomena in more recent periods has hardly received the same measure of scholarly attention and recognition The present volume is devoted to the academic emancipation of these areas as constituting a legitimate domain of research which may be referred to by the generic label western esotericism Preceded by an introductory essay on the birth of this new discipline in the study of religion the volume provides a sample of current research in the field and devotes special attention to some central methodological questions

Spirituality: A Guide for the Perplexed Philip Sheldrake, 2014-09-25 Spirituality is a word that is used increasingly these days yet it is often ill defined What exactly is spirituality Is it distinct from religion and can we separate it from beliefs and traditions Does spirituality mainly focus on spiritual experiences and practices or is it something more This book suggests that while there may be common features in the use of the word spirituality is not a single reality Different spiritualities

reflect particular religious or philosophical viewpoints as well as the cultural contexts in which they arise and develop

Spirituality A Guide for the Perplexed provides students and general readers with a reliable and comprehensive guide to spirituality as an area of study religiously historically philosophically and in the social sciences It explores the tools that are used to study the subject and to interpret spiritual classics whether these are written texts or other forms such as art from different times and cultures Attention is paid to spirituality in a variety of religious and non religious forms in their own terms and comparatively However for the sake of simplicity greatest attention is given to the study of spirituality within a religious perspective with illustrations drawn from texts personalities and themes associated with five major world religions Judaism Christianity Islam Hinduism and Buddhism The book concludes with an exploration of spirituality in contemporary perspective in particular how spirituality is currently employed in areas such as health care education and business among other examples

Victorian Occultism and the Making of Modern Magic A. Butler, 2011-01-05 The late Victorian period witnessed the remarkable revival of magical practice and belief Butler examines the individuals institutions and literature associated with this revival and demonstrates how Victorian occultism provided an alternative to the tightening camps of science and religion in a social environment that nurtured magical beliefs
