Modern Introduction To Moral Philosophy:

A Modern Introduction to Moral Philosophy Alan Montefiore, 1958 **A Modern Introduction to Moral Philosophy** Kenneth Robinson, 1958 A Modern Introduction to Moral Philosophy Alan Montefiore, 2021-05-27 Originally published in 1958 this book shows how a systematic consideration of what exactly may be meant by calling anything good inevitably leads on to the more general and fundamental problem of the relations between value judgments and statements of fact It does on to explain some of the difficult and far reaching issues which this problem involves The book is intended as an introduction for students interested in finding out the nature and point of modern methods of philosophic analysis when applied to problems of moral philosophy Philosophical Ethics Tom L. Beauchamp, 1982 This accessible overview of classical and modern moral theory with short readings provides comprehensive coverage of ethics and unique coverage of rights justice liberty and law Real life cases introduce each chapter While the book's content is theoretical rather than applied ethics Beauchamp consistently applies the theories to practical moral problems Aristotle Hume Kant and Mill are at the book's core and they are placed in the context of moral philosophical controversies of the last 30 years In this edition one third of the reading selections are new and all the selections in chapter 8 on rights are new Chapter 7 on Hume has been heavily reshaped Chapter 1 has been reduced to get students past introductory material and into the philosophers **Modern Moral Philosophy** Stephen Darwall, 2023-06-15 A panoramic book by a leading moral philosopher with significant things to say about developments in modern moral philosophy **A Modern Introduction to Philosophy**, 1965 Moral Philosophy and the Modern World Donald Phillip Verene, 2013-08-27 This work raises for the contemporary reader the ancient and abiding question of the nature and meaning of human virtue In Part 1 it draws upon Plato Aristotle and Cicero and the works of Renaissance Christian humanists who were influenced by them such as Pico Vives and Erasmus The moral act guided by the cardinal virtues and the good is seen as the key to human happiness and the formation of character Character is the basis for the pursuit of self knowledge decorum and dignity which properly guide human affairs Part 2 takes up Hegel's principle of the labor of the negative as applied to three phenomena of modern life the presence of terrorism the personality of the psycho sociopath and the problems of the technologically dominated life of the modern person These are the most powerful impediments to the good life in the modern world and pose problems to which the ethical doctrines of utilitarianism and the categorical imperative provide an insufficient response To confront these phenomena we are led back to the classical conception of the role of prudence or practical wisdom as the foundation of ethical life Modern Moral Philosophy Anthony O'Hear, 2004-11-18 Collection of original essays by leading researchers on current approaches to moral philosophy **A Modern Introduction to Philosophy** Paul Edwards, Arthur Pap, 1965 **Lectures on the History of Moral Philosophy** John Rawls, Barbara Herman, 2000-11-15 The premier political philosopher of his day John Rawls in three decades of teaching at Harvard has had a profound influence on the way philosophical ethics is approached and understood

today This book brings together the lectures that inspired a generation of students and a regeneration of moral philosophy It invites readers to learn from the most noted exemplars of modern moral philosophy with the inspired guidance of one of contemporary philosophy s most noteworthy practitioners and teachers Central to Rawls s approach is the idea that respectful attention to the great texts of our tradition can lead to a fruitful exchange of ideas across the centuries In this spirit his book engages thinkers such as Leibniz Hume Kant and Hegel as they struggle in brilliant and instructive ways to define the role of a moral conception in human life The lectures delineate four basic types of moral reasoning perfectionism utilitarianism intuitionism and the ultimate focus of Rawls s course Kantian constructivism Comprising a superb course on the history of moral philosophy they also afford unique insight into how John Rawls has transformed our view of this history
