Donahue, 1999 Livestock grazing is the most widespread commercial use of federal public lands The image of a herd grazing on Bureau of Land Management or U S Forest Service lands is so traditional that many view this use as central to the history and culture of the West Yet the grazing program costs far more to administer than it generates in revenues and grazing affects all other uses of public lands causing potentially irreversible damage to native wildlife and vegetation The Western Range Revisited proposes a landscape level strategy for conserving native biological diversity on federal rangelands a strategy based chiefly on removing livestock from large tracts of arid BLM lands in ten western states Arizona California Colorado Idaho Nevada New Mexico Oregon Utah Washington Wyoming Drawing from range ecology conservation biology law and economics Debra L Donahue examines the history of federal grazing policy and the current debate on federal

multiple use sustained yield policies and changing priorities for our public lands Donahue a lawyer and wildlife biologist uses existing laws and regulations historical documents economic statistics and current scientific thinking to make a strong case for a land management strategy that has been until now unthinkable A groundbreaking interdisciplinary work The Western Range Revisited demonstrates that conserving biodiversity by eliminating or reducing livestock grazing makes economic sense is ecologically expedient and can be achieved under current law

**Public Policy And Law in Russia: In Search of a Unified Legal And Political Space** Robert S. Sharlet, F. J. Ferdinand Joseph Maria Feldbrugge, Donald D. Barry, 2005 This work traces the attempt to complete the creation of a unified legal and political system in contemporary Russia Multiple political and legal aspects of the problem are examined by both political scientists and legal scholars The volume focuses on post Soviet developments in Russia especially during the Putin administration The contributors perspectives include constitutional law judicial development law reform human rights federalism and international law The collective study finds that much progress has been made toward the unification of political and legal space in Russia although significant problems remain to be addressed in order for the process to continue to move forward
