Modular Gce As and A-Level Examinations ,1999 **Beyond A-levels** Ann Hodgson,Ken Spours,2003-12-16 Since its introduction over 50 years ago the A level has been a constant subject of debate in schools HE and government Sometimes hailed as a gold standard there is now intense speculation about the future of the A level in particular but also about post 14 qualifications in general The furore about quality and standards which accompanies each year s A level results has become an annual fixture in the UK press calendar With the introduction of Curriculum 2000 and an increasing number of calls for Baccalaureate style examinations vocational qualifications and more the need for serious debate and change in this field is clear Based on primary research by two of the leading commentators on the qualifications this book is a wide ranging and critical view of the fundamental approaches of the education system in Britain today With government action on this subject looking inevitable this will be a challenging and important book for anyone interested in this debate Modular GCE AS and A-level Examinations 1996-1998 Great Britain.
