Mohammedanism and Other Religions of Mediterranean Countries G. T. Bettany,2015-06-16 Excerpt from Mohammedanism and Other Religions of Mediterranean Countries The countries surrounding the Eastern Mediterranean share with India the distinction of being the greatest originative centres of religion Egypt with its strange polytheism animal worship ancestor and king worship Mesopotamia with its worship of powers of the air and sea its local deities its sun and star worship and astrology the early Greek and Roman religions with their noble ideals of personal gods under a supreme ruler all these furnish inexhaustible material for the student of religions But they are surpassed by the interest growing out of the gradual approach to monotheism and its assertion in Judaism and Mohammedanism the one an early the other a later product of Semitic races both destined to influence a very large part of mankind In this volume will be found material of strange suggestiveness whether studied by itself or better in connexion and comparison with the history of primitive Chinese and Indian religions on the one hand or that of Judaism and Christianity on the other In the history of Mahomet we see a most remarkable combination of introspection revolt against prevalent superstition rapt prophetic trances statesmanship and worldliness variously predominant at different periods of his life About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Mohammedanism and Other Religions of Mediterranean Countries](#) George Thomas Bettany,1892 [Mohammedanism and Other Religions of Mediterranean Countries](#) G.
