Mohawk Reporter The Six Nations Columns Of George Beaver:

Mohawk Reporter George Beaver, 1997 Theorizing Native Studies Audra Simpson, 2014-05-07 This important collection makes a compelling argument for the importance of theory in Native studies. Within the field, there has been understandable suspicion of theory stemming both from concerns about urgent political issues needing to take precedence over theoretical speculations and from hostility toward theory as an inherently Western imperialist epistemology. The editors of *Theorizing Native Studies* take these concerns as the ground for recasting theoretical endeavors as attempts to identify the larger institutional and political structures that enable racism, inequities, and the displacement of indigenous peoples. They emphasize the need for Native people to be recognized as legitimate theorists and for the theoretical work happening outside the academy in Native activist groups and communities to be acknowledged. Many of the essays demonstrate how Native studies can productively engage with others seeking to dismantle and decolonize the settler state, including scholars putting theory to use in critical ethnic studies, gender and sexuality studies, and postcolonial studies. Taken together, the essays demonstrate how theory can serve as a decolonizing practice. Contributors: Christopher Bracken, Glen Coulthard, Mishuana Goeman, Dian Million, Scott Morgensen, Robert Nichols, Vera Palmer, Mark Rifkin, Audra Simpson, Andrea Smith, Teresia Teaiwa.

The Clay We Are Made Of Susan M. Hill, 2017-04-28 If one seeks to understand Haudenosaunee Six Nations history, one must consider the history of Haudenosaunee land. For countless generations prior to European contact, land and territory informed Haudenosaunee thought and philosophy and was a primary determinant of Haudenosaunee identity. In *The Clay We Are Made Of*, Susan M. Hill presents a revolutionary retelling of the history of the Grand River Haudenosaunee from their Creation Story through European contact to contemporary land claims negotiations. She incorporates Indigenous theory, fourth world post colonialism, and Amerindian autohistory along with Haudenosaunee languages, oral records, and wampum strings to provide the most comprehensive account of the Haudenosaunee's relationship to their land. Hill outlines the basic principles and historical knowledge contained within four key epics passed down through Haudenosaunee cultural history. She highlights the political role of women in land negotiations and dispels their misrepresentation in the scholarly canon. She guides the reader through treaty relationships with Dutch, French, and British settler nations, including the Kaswentha Two Row Wampum, the precursor to all future Haudenosaunee-European treaties, the Covenant Chain, the Nanfan Treaty, and the Haldimand Proclamation, and concludes with a discussion of the current problematic relationships between the Grand River Haudenosaunee, the Crown, and the Canadian government.

Showdown at Shepherd's Bush David Davis, 2012-06-19 The epic clash of an Irish-American, Italian, and Onondaga Canadian that jump-started the first marathon mania and heralded the modern age in sports. The eyes of the world watched as three runners, dirt-poor Johnny Hayes, who used to run barefoot through the streets of New York City, candymaker Dorando Pietri, and the famed Tom Longboat, converged for an epic battle at the 1908 London Olympics. The incredible finish was contested the world over when Pietri, who initially ran the wrong way

upon entering the stadium at Shepherd s Bush finished first but was disqualified for receiving aid from officials after collapsing just shy of the finish line thus giving the title to runner up Hayes In the midst of anti American sentiment Queen Alexandra awarded a special cup to Pietri who became an international celebrity and inspired one of Irving Berlin s first songs In Showdown at Shepherd s Bush David Davis recalls a time when runners braved injurious roads with slips of leather for shoes and when marathon mania became a worldwide obsession Standing next to Cait Murphy s Crazy 08 as an invaluable look at a bygone sporting era Showdown at Shepherd s Bush is a dramatic narrative aimed at the recordsetting number of marathon participants in the United States more than 500 000 in 2010 and other running enthusiasts and timed nicely for the return of the Olympics to London in 2012 Canadian Books in Print.
